

5 HEAVY JAP BOMBERS ARE SHOT DOWN BY U. S. FIGHTERS IN BATTLE OVER JAVA

Cripps Succeeds Attlee; Beaverbrook Is Replaced

British Cabinet Reshuffled To Silence Critics

Beaverbrook Will Come to U. S. To Help Pool Resources.

By THE ASSOCIATED PRESS.
LONDON, Friday, Feb. 20.—Sir Stafford Cripps, former ambassador to Moscow and a rising star in British politics, was named lord privy seal and house of commons leader by Prime Minister Winston Churchill today in a cabinet reshuffle dictated by parliamentary criticism over Britain's recent military reverses and by the approach of vital spring offensives.

Oliver Lyttleton, known as "one of Winston's bright young men," was made minister of state in charge of production to supplant the dynamic Lord Beaverbrook, who declined to join the new war cabinet on grounds of health.

Beaverbrook, who organized Britain's aircraft and tank production, will go to the United States to carry on the task of pooling the resources of the United Nations.

Cabinet Reduced.
Lyttleton, who has been minister of state in the Middle East, will join the war cabinet, reduced from nine to seven members, and will exercise "general supervision over production."

Laborite Sir Stafford replaces Clement Attlee as lord privy seal, and will take the place of Churchill himself in facing a house of commons which has shown increasing resentment over the fact the prime minister has not shorn himself of some of his portfolios.

Attlee, in response to dominions demands for representation in the war cabinet, becomes secretary of state for dominion affairs.

Dropped from the war cabinet were the veterans, Sir Kingsley Wood, chancellor of the exchequer, and Arthur Greenwood, labor minister without portfolio.

The holdovers who will direct British strategy at a crucial moment in history include Prime Minister Churchill, who remains

Assaults by British Repel Foe in Burma

By THE ASSOCIATED PRESS.
RANGOON, Burma, Feb. 19.—British Imperial troops counterattacking from the west bank of the shallow and winding Bilin river drove a new Japanese assault force back into the stream today in the heaviest of fighting.

Both Japanese and British paid heavily with lives—the invaders in trying to consolidate a bridgehead across the stream; the British fighting desperately to hold them back in these distant approaches to Rangoon.

Some Japanese shock troops yesterday had crossed the Bilin in small boats and fought their way up the west bank in hand-to-hand combat, and the position of these troops tonight was not explained. Many of the boats, however, were known to have been broken up in midstream by British artillery fire or seared with machinegun bullets, and once ashore, the invaders met the hottest fire.

East of the Bilin the main Japanese force was assaulted by RAF bombers, protected by both British and the American volunteer group fighters.

The Army communique told this story of the latest stage of the battle: "The enemy first succeeded in cutting our west flank north of Bilin."

"Our troops were subjected to a heavy attack, and a counterattack had to be launched."

"The enemy tried to engage our left flank but by means of counterattacks our positions were kept intact."

"The enemy tried to cross the Bilin river but our troops drove them into the river."

"Fighting was extremely fierce and casualties were heavy on both sides."

The Bilin lies about 80 miles northeast of Rangoon, between the rivers Sittang on the west and the Salween on the east. It was acknowledged frankly here that the British might not be able to hold the line of the Bilin indefinitely and might be forced back to the west bank of the Sittang, last natural barrier to Rangoon and its railway feeder line to the Burma Road. The latter lies only 20 miles from the Sittang.

Sub Attempts To Shell Great Aruba Refinery

No Damage Reported; Sub Is Bombed, Possibly Hit.

By CHANDLER DIEHL.
Associated Press Staff Writer.

ST. NICHOLAS, Aruba, Dutch West Indies, Feb. 19.—

United States bombers already aloft on patrol when an enemy submarine sent shells crashing into the mammoth oil refinery area here in a new attack at dawn today, dropped a load of heavy explosives so quickly as to make the pilot hopeful that the U-boat was damaged.

No damage or casualties were reported on this island at noon, hours after the attack.

Renew Raiding.
Today's attack was a renewal of Monday's raiding, which resulted in the sinking and damaging of several shallow-draft tankers used in bringing oil from the Venezuelan mainland to the great refineries here.

The new attack was directed only at refinery objectives. A submarine standing three or four miles off the southeast corner of the island rocketed three flares over the island at about 5:35 a. m., lighting up the targets, and followed with a series of about five shots of about three-inch size. All of them fell short of the tank farm and refinery and did not explode.

The bombers swung into action at this point and the submarine made a crash dive.

Hit on Land.
One of the U-boat shells hit on land near the advanced positions of the United States troops who are here co-operating with the Dutch in the defense of the important oil properties. Another hit the refinery's library building.

Still another hit a 32-room bachelor quarters building, where I spent the night.

Meanwhile, a tanker flying the Panama flag was torpedoed off Aruba.

(Blasts Damage Ships Anchored Near Trinidad. Story on Page 3.)

BRITISH WAR SPENDING.
LONDON, Feb. 19.—(AP)—Britain spent more than 50 per cent of the estimated national income on the war effort during 1941, a spokesman said today.

The famed Eighty-second Army Division, Atlanta-trained hard-fighting outfit of the first World War, which has existed for many years since only on paper, was ordered to service March 25, Secretary of War Stimson announced in Washington yesterday.

First composed of southern men, the division was organized at Camp Gordon, August 25, 1917, under command of Major General Eben Swift. Southern officers remained, but most of the men were transferred to other outfits and were succeeded by New England draftees.

The division saw service in the St. Mihiel and Meuse-Argonne drives and sustained a high percentage of casualties. Its 26 days under continuous fire in the Argonne advance was the World War I record for unrelieved combat action.

losses along the Atlantic coast, particularly the destruction of tankers.

Stimson's statement on the possibility of enemy attacks along the coastlines and elsewhere, followed closely upon President Roosevelt's assertion Tuesday that, under certain circumstances, New York could be shelled and bombs dropped on Detroit.

In combination, these statements were taken as meaning obviously that coastal communities must take their chances because for the present there are too few men and materials to allow spreading them along hundreds of miles of coastline and simultaneously massing them for attack.

In this connection, it was remembered the submarine shelling of Aruba did little damage ashore, and Japanese submarines had several times shelled installations on outlying islands of the Hawaii group with no effective result.

"We are on the front lines ourselves now," Stimson said. "We

can't buy our way out; we can't produce our way out; we can't fight our way out by hard intelligent fighting."

He recalled previous demands for protection of the country's coasts or borders—against a fleet of four Spanish cruisers, reported at large in the Atlantic in 1898 and against Mexicans in 1911. In the latter instance, figured showed, he said, that if all available forces had been deployed along the Mexican border, there would have been two soldiers for each mile.

His meaning that there was an analogy between that and the present situation was obvious.

But on the side of attack. He told of new plans for training men and disclosed that the Army had 90,441 enlistments in January—more than double the record for any month of the first World War.

This shows, he said, "the men who are going to fight this war are not yielding to the defeatism or despair we sometimes hear of back of the fighting fronts."

Temperature Rise
Is Forecast Today

A slowly rising temperature is promised today for Atlantans by Glenn Jefferson, official weather forecaster.

The thermometer, which hit a low of 19 yesterday, will dip down equally as low this morning, then begin to rise, Jefferson said. Yesterday's high was 36, reached about 4 o'clock in the afternoon.

DOUGLAS MacARTHUR DILLARD—Bring on those devilish devices, flash bulbs! Douglas MacArthur Dillard, three-day-old son of Mr. and Mrs. Howard Leo Dillard, of 619 Washington street, S. W., can stand up under fire as well as the worthy man for whom he was named. Mrs. Dillard, shown here at Grady hospital with her son, her second child, hopes soldiers won't be needed when young Douglas grows up, but she wants him to be "the fine man that General MacArthur is" anyway. He is the first recorded Atlanta baby to be named for the military hero of the Philippines.

Pensions Repealed By Contrite Senate

WASHINGTON, Feb. 19.—(AP)—Blasted by angry constituents all over the country, a contrite senate hit the "sawdust trail" toward political redemption today by voting, 75 to 5, to scrap the "pensions for congress" law and then decided to give the nation's fighting men abroad a raise in pay.

Exactly one month after it voted, 42 to 24, to grant pension privileges to members of congress, the President, vice president and cabinet, the chamber reversed itself in response to widespread reaction that included a "bundles for congress" movement and other barbed criticism.

Only five senators voted against the repealer, which now goes to a house which seems anxious to approve it. The five "no" votes were cast by Senators LaFollette, Progressive, Wisconsin; Nye, Republican, North Dakota; Wallgren, Democrat, Washington; Clark, Democrat, Idaho, and Mead, Democrat, New York.

Soon after the vote, the chamber accepted a suggestion from Senator Clark, Democrat, Missouri, and voted for an increase of 20 per cent in the base pay for enlisted men and 10 per cent for officers serving in the Army and Navy in foreign countries, and in Midway, Hawaii and the Philippines.

This, explained Chairman Walsh, Democrat, Massachusetts, of the Senate Naval Committee, was in line with action taken during the last World War.

The measure and the pension repealer were all wrapped up in a bill continuing for one year the pay of civilian and military personnel captured or missing in connection with the war.

After a sharp fight, the chamber slipped down, 49 to 22, an attempt by Senator Downey, Democrat, California, to attach a repealer granting a \$30 a month pension to all citizens over 60 who are certified by states as needy individuals.

Downey presented his plan despite opposing arguments, including a warning by Senator George.

Florida Trains Crash Headon; 2 Die, 42 Hurt

WEST PALM BEACH, Feb. 19.—(AP)—A head-on collision today between two fast tourist trains killed two trainmen, injured 42 passengers and strewn twisted wreckage along the track at a curve seven miles south of West Palm Beach.

Guarded by scores of soldiers and sheriff's deputies, a wrecking train crew from Miami worked throughout the night to clear the main line of the Seaboard Air Line Railway for service tomorrow.

After first reports had indicated a heavier death toll, only the two bodies had been recovered more than 10 hours after the wreck, but officials feared others might be in the wreckage.

Both engines and at least five coaches were telescoped.

A brisk fire flared from the wreckage and four hours after the crash it still had not been brought under control.

Two hundred soldiers from Morrison Field at West Palm Beach joined Sheriff L. R. Baker of Palm Beach county and 25 deputies in rescue work.

It is a plan for an annual census of population, labor force, and housing based on sampling principles commonly used in polls of public opinion. The plan, if carried through, will enable the bureau to report total population and other census data every year, instead of every 10 years, with virtually the same degree of accuracy—possibly even with greater accuracy—and at a small part of the cost of the 10-year census.

The plan is being discussed by officials of the Department of Commerce with a view to submitting a request for funds to the Bureau of the Budget. A specific

date, November 2 of this year, has already been tentatively proposed as the day on which the enumeration will take place.

Many people recognize that the usefulness of the 1940 census is already impaired in many respects owing to the shifts of population brought about by conversion of industry to a war basis and other economic dislocations.

No sampling poll or census can, of course, be completely accurate, but as a matter of fact, no decennial census of the whole population is ever completely accurate either.

The new sampling census plan proposes to estimate the population by enumerating 5 per cent of the total, which would mean approximately 1,650,000 families. Expectations of the range of probable error in the results run from as low as 4 per cent to 1 or 2 per cent.

Annual Census Poll
Is Being Proposed

By GEORGE GALLUP.
Director, American Institute of Public Opinion.

It is a plan for an annual census of population, labor force, and housing based on sampling principles commonly used in polls of public opinion. The plan, if carried through, will enable the bureau to report total population and other census data every year, instead of every 10 years, with virtually the same degree of accuracy—possibly even with greater accuracy—and at a small part of the cost of the 10-year census.

The plan is being discussed by officials of the Department of Commerce with a view to submitting a request for funds to the Bureau of the Budget. A specific

Enemy Cargo Ship Is Sunk By U. S. Sub

Flame-Throwers Captured by Defenders in Bataan Clash.

CANBERRA, Australia, Friday, Feb. 20.—(AP)—Darwin was raided for the third time this morning by Japanese planes, it was announced officially today. It was estimated that 15 persons were killed and 21 injured in yesterday's attacks. No details have been received yet of the latest smash.

By THE ASSOCIATED PRESS.

American fighter planes, striking effectively in defense of Java, have shot down six Japanese aircraft over Soerabaja, while in the China sea a United States submarine has sunk a 5,000-ton enemy cargo ship.

These successes were reported late yesterday in War and Navy department communiques, and aside from their immediate effect on the battle for the Dutch East Indies appeared significant for two reasons:

The War Department said 16 Army P-40 pursuit planes took part in the air fight with 27 Japanese craft over Soerabaja, Dutch naval base. This was the largest number of these craft yet reported in a single action.

Sub Activity.
The Navy's report was the first mentioning American submarine activity in the China sea since a communique of January 25 said a submarine had torpedoed an enemy aircraft carrier in the Battle of Macassar Strait.

One American airplane was lost in the fight with 25 Japanese heavy bombers and two fighters which attacked Soerabaja in four waves, but the pilot parachuted to safety. The Americans shot down five enemy bombers and one fighter.

Bandoeng, inland Java city, which is the headquarters of the Netherlands East Indies Army, was attacked yesterday by 12 enemy bombers and 20 fighters. Some damage was inflicted.

Earlier the War Department disclosed that the Japanese have brought flame throwers to Bataan for use in their expected all-out assault on General Douglas MacArthur's Army.

Flame Throwers.
MacArthur advised, a War Department communique said, that American-Filipino forces captured several flame throwers along with three pieces of enemy artillery and a quantity of ordnance and signal equipment in a local action.

It was the first mention in a communique of flame throwers, the weapon which the Nazis employed with deadly effectiveness against France's Maginot line.

In the German technique, flame throwers were used to drive the defenders from the embankments, or gun openings, of a pillbox, then a grenade was tossed inside.

The communique said also that the Japanese were stepping up their siege operations against the Manila bay fortifications and were concentrating on the little Fort Frank, singled out as a

Nation Massing for an Early Offensive, Says Stimson in Revealing War Policy

'We Can Only Fight Our Way Out,' Declares War Secretary.

WASHINGTON, Feb. 19.—(AP)—Secretary Stimson said today the nation was massing its forces for the earliest possible offensive and would not disperse its strength to combat such coastal raids as the German attack on Aruba, the Dutch oil island.

Forays of that character, the Secretary of War told newspapermen were to be expected "all along our coasts" and at "other places." Demands from "thoughtless persons" that the country's forces be scattered to meet them were foreseen, he said, "yielding to that pressure would be the surest way to lose the war."

While the cabinet member was assuring the people the United Nations would "seize every opportunity for counterattack and the offense, and every opportunity for surprise," Stimson's statement was deep in a discussion of an essential preparation for such strategy—the shipbuilding program.

A group of high officials, including Admiral Land, director of the program, and Donald Nelson, chairman of the War Production Board, conferred with the chief executive. Two principal purposes were in mind, a spokesman said: How to increase the program and how to speed it up.

The shipbuilding program has been progressing rapidly and is as far along as any phase of the war effort, but in some administration quarters concern has been expressed at the extent of recent

Famed 82d Will Fight Again

The famed Eighty-second Army Division, Atlanta-trained hard-fighting outfit of the first World War, which has existed for many years since only on paper, was ordered to service March 25, Secretary of War Stimson announced in Washington yesterday.

First composed of southern men, the division was organized at Camp Gordon, August 25, 1917, under command of Major General Eben Swift. Southern officers remained, but most of the men were transferred to other outfits and were succeeded by New England draftees.

In the latter instance, figured showed, he said, that if all available forces had been deployed along the Mexican border, there would have been two soldiers for each mile.

His meaning that there was an analogy between that and the present situation was obvious.

But on the side of attack. He told of new plans for training men and disclosed that the Army had 90,441 enlistments in January—more than double the record for any month of the first World War.

Roosevelt Confers With High Officials on Ship Program.

He announced, too, that three historic divisions of the World War, the skeletons of which were maintained during the interval of peace, had been ordered to service March 25. They are the 77th, famous for the "Lost Battalion" episode, the 82d, of which Sergeant Alvin York was a member, and the 80th, known as the Alamo division because its members came from Texas and Oklahoma.

A battalion of Filipinos in this country is to be formed of Filipinos, he announced, "in recognition of the intense loyalty and patriotism of those Filipinos who are now residing in the United States."

Eventually, he said, they will have the opportunity of "fighting on the soil of their homeland."

Similarly, a battalion of citizens of other Allied nations, residing here, may be organized, and if the volunteers come forward in sufficient numbers, an Allied Legion may be formed.

Temperature Rise
Is Forecast Today

A slowly rising temperature is promised today for Atlantans by Glenn Jefferson, official weather forecaster.

The thermometer, which hit a low of 19 yesterday, will dip down equally as low this morning, then begin to rise, Jefferson said. Yesterday's high was 36, reached about 4 o'clock in the afternoon.

New India-to-China Route Will Supplant Burma Road

CHUNGKING, China, Feb. 19.—(AP)—China's government disclosed today that Chiang Kai-shek has made concrete arrangements to replace the Burma Road with an India-to-China rail-road-river route, now that the approaches to Rangoon are mined and that menaced city is no longer a practical port of entry for war material consigned to China.

Chinese troops meanwhile are in position on the upper Thailand-Burmese frontiers for offensive action by which they expect to invade Thailand "step by step" and relieve the Japanese pressure on lower Burma, an army spokesman said. (A Reuters version of this statement quoted the spokesman as saying Chinese forces already were advancing in Thailand.)

An official Chinese statement disclosed the mining of the Rangoon sea approaches and the yielding for the time being of Rangoon as a port of entry.

Transport Problem.
But it said Generalissimo Chiang, in his current talks in India, had solved satisfactorily the problem of India-China transport, that steps were settled upon whereby a much larger quantity of goods than ever traversed the Burma Road would henceforth be transported to China via India; and that goods for China will be sent direct from India ports.

The statement did not mention the route to be used but it is known to be overland through Burma, involving carriage by rail, road and river. (Presumably the plans contemplate eventual use of the yet-to-be completed "Assam road," some 400 miles north of the Burma road, which is being carved out of Himalayan cliffs and put across great rivers to Assam in northeastern India, where it connects with railways to Calcutta—a route 2,300 miles long by motor, river steamer and railway.)

Sharp Clash.
The Chinese army spokesman, relating details of a sharp local clash on February 5 between Chinese and Japanese troops on the Burma-Thailand front, said the Chinese forces were determined to wrest the initiative from the enemy by invading Thailand.

The February 5 clash, described as the only one to date involving Chinese troops, took place at Krayid, on a small and shallow tributary of the upper Mekong river near the frontier of Thailand and Indo-China.

Japanese and Thai units established a position on the north bank of the tributary, inside Burma, but were thrown back by the Chinese. As they fled, the enemy destroyed a pontoon bridge over which they had crossed. Thirty Japanese were killed and 80 wounded.

After this clash, the Chinese troops moved into their offensive positions.

U. S. Consul Escaped
Singapore, Tokyo Says
BERLIN, (From German Broadcasts) Feb. 19.—(AP)—A Tokyo dispatch reported today that Sir Shenton Thomas, the British governor general at Singapore, had told a correspondent of the newspaper Nichi Nichi that he had remained at Singapore under orders but that United States Consul General Kenneth S. Patton and the Chinese consul general had escaped.

TO BALK JAPS—Construction of a new highway westward from Chungking to the Assam section of India was begun in 1939 for possible use in case Japan should cut the Burma road. Above is a view of the new road, winding through mountainous terrain. Generalissimo Chiang Kai-shek has arranged a new India-to-China supply route to supplant the threatened Burma road, it was revealed yesterday.

WORK TO WIN—And the Chinese, with strong allies at last at their side, are determined that nothing shall block their new supply route toward India. Here they stoutly clear away a landslide that had slipped across the highway.

6 Jap Planes Shot Down by U. S. Fighters

Continued From First Page.

particular object of the siege guns on the south shore of the bay in Cavite province, is the most vulnerable of the forts because of its location only a mile off shore. It is thus within easy range of guns of all caliber.

Fort Frank occupies little Carabao island, southernmost of a string of fortifications which include Fort Mills on Corregidor island, Fort Hughes on Caballo, and Fort Drum on El Fraile.

American troops and American fighter and bomber pilots stood in the meantime with other Allied reinforcements and the Dutch against the gathering storm directed at the island of Java, the last major Allied position in the south Pacific short of Australia.

"Small Number."
The arrival of the Americans, described as "a relatively small number" thus far, and of other expeditionary forces of the United Nations was announced with the explanation that while these contingents were "by no means large enough yet" their presence in this last and greatest Pacific bastion of the Dutch "serves as an indication that the Netherlands Indies do not fight alone."

The heartening disclosure was made through the Dutch news agency Aneta concurrently with a communique of the Dutch command making clear that precious time was yet being bought by the defenders of the southern section of Sumatra, and with an authoritative recapitulation showing that the invader's march southward, though almost uninterrupted, had cost him heavily in men and ships.

One hundred and eighty-two Japanese ships had been sunk or damaged up to February 14 in

the entire Pacific theater, it was stated. This excluded the heavy enemy losses inflicted since the beginning last week of the invasion of southern Sumatra.

Of this known and incomplete tally of the invader's casualties, 100 ships were sunk, 28 probably sunk and 45 damaged and, of all these, American ships and planes accomplished 84 of the known sinkings, 15 of the probables, and accounted for 28 of the damaged ships. Dutch forces claimed 24 sinkings, six probables and 11 ships damaged.

U. S. Dutch Action.

Only American and Dutch action was detailed; the precise Allied agencies responsible for the remaining damage were not given. This, however, was the grand recapitulation for all Allied action against the enemy:

Battleships—Two probably sunk, two damaged.

Cruisers—Seven sunk, four probably sunk, 11 damaged.

Destroyers—Thirteen sunk, three probably sunk, two damaged.

Aircraft Carriers—One sunk, two probably sunk, one damaged.

Submarines—Six sunk, one probably sunk, one damaged.

Transports—Fifty-two sunk, 12 probably sunk, 23 damaged.

Cargo Vessels and Auxiliaries—Twenty-three sunk, four probably sunk, three damaged.

Tankers—Seven sunk, two damaged.

On Borneo and Celebes the Dutch rear guard still struggled to delay the invader, while in southern Sumatra action was much heavier than had appeared probable after the abandonment and destruction by the Dutch of the Palembang oil fields.

Thus time has been gained for a grand marshaling of the forces

which will attempt to save Java.

Wounded soldiers arriving during the day from Sumatra disclosed that not only the Dutch and natives but some British soldiers were fighting heroically and inflicting heavily disproportionate losses upon the enemy. It was the first word that British ground forces were in action in the Indies and suggested that some of the British Singapore garrison had escaped to Sumatra.

Demolition experts who put the hammer and torch to the Palembang fields—a \$500,000,000 job of destruction as it has been termed—some quarters—reported that they had also seen many rubber plantations ablaze.

During yesterday aerial action by the enemy was confined to a raid on an airfield in west Java and to reconnaissance. In the air-drome attack four enemy fighters were hit by Dutch anti-aircraft fire.

Further reports of Wednesday's Japanese raid on the area of Soerabaja, the great Dutch naval base, disclosed that five enemy bombers were shot down, of the total raiding force of 24.

A story of the destruction of the Palembang fields, one of the world's most productive centers, as told by L. W. Elliott, of the Standard Oil Company, an eye-witness, was broadcast to the United States by William Dunn and Sydney Albright.

Destruction Ordered.
Although the initial enemy invaders—paratroopers—had been wiped out between last Saturday morning and early Sunday, Elliott said, the Dutch command stolidly ordered the destruction to begin at 2 o'clock Sunday morning since it had become evident that the following sea-borne invasion was in great strength.

By 3 o'clock Sunday morning, he went on, all vital instruments, machinery and loose equipment had been smashed and shortly afterward, when the outnumbered Dutch forces had been withdrawn to safety, fire bombs released simultaneously by an electrical system, set ablaze the entire refinery stock—millions of barrels. Then, Elliott said, 81 miles of buried pipeline was destroyed—even under the centers of three rivers under which the lines had passed—and the wells themselves were knocked out by a process he was not permitted to describe. He estimated that it would be easier to drill three new wells than to reopen one put out of action.

BRITISH DESTROYER SUNK.
LONDON, Feb. 19.—(AP)—Loss of the British destroyer Gurkha was announced by the admiralty tonight. No details were published immediately.

Army Completes Staff Shakeup; Eisenhower Is War Plans Chief

By EDWARD E. BOMAR.

WASHINGTON, Feb. 19.—(AP)—The War Department rounded out a reorganization of the Army general staff today with the assignment of Brigadier General Dwight D. Eisenhower to be chief of the war plans division.

A recent associate of General Douglas MacArthur in planning the defense of the Philippines, General Eisenhower is the fourth new member of the high command since the Pearl Harbor attack.

He succeeds Major General Leonard T. Gerow, who was shifted to command of the 29th division for more than a year. The change and others which preceded it were described by officials as a result of a "vitalization" policy of General George C. Marshall, the chief of staff, to rotate officers between staff and field commands.

General Eisenhower, an assistant military adviser to the Philippine commonwealth in 1935-40, worked closely with General MacArthur in planning the defense moves put into effect by the Philippine defenders since the Japanese invasion. He came to the War Department from a post as chief of staff of the Third Army at San Antonio, Texas.

In less than two months, the general staff reorganization has resulted in assignment of new assistant chiefs of staff for the personnel, military intelligence, and supply divisions, in addition to the war plans branch.

Brigadier General John H. Hildring has succeeded Brigadier General Wade Haislip as assistant chief of staff for the G-1, or personnel division.

The new chief of the G-2, or

military intelligence division, is Brigadier General Raymond Lee, who displaced Major General Sherman Miles, now commander of the First Corps Area.

Major General Brehon H. Somervell took charge of the G-4, or supply division, in late December, his predecessor, Major General Eugene H. Raybold, being transferred to chief of engineers.

The one division whose chief remains is G-3, in charge of operations and training, headed by Brigadier General Harry L. Twaddle.

This division, however, has a new assistant, Brigadier General Harold R. Bull, a former secretary of the general staff, who was brought back to the War Department from the Fourth Motorized Division.

Aside from these changes, the revamping has made Colonel John Sheane secretary of the general staff, in place of Brigadier General Walter Smith, who is secretary to the combined chiefs of staff of the United Nations.

Radio Song Group Will Appear Here

Songs of the south, in the manner of the south, will be offered to music-loving Atlantans when the "Wings Over Jordan" singers present a program of Negro spirituals, hymns and folksongs at 8:30 o'clock tonight at the municipal auditorium. A special section will be reserved for white patrons.

"Wings Over Jordan," a choral group which is heard each Sunday morning over a nationwide network of radio stations, has scored repeated successes on concert tours it has made during the past several seasons.

The program tonight will be narrated by the Rev. Glenn T. Settle, Worth Kramer, former program director for radio station WGAR, Cleveland, Ohio, will direct the ensemble.

War To Be Won By Blood, Not Gold Magenot, Lear Says

KANSAS CITY, Feb. 19.—(AP)—Lieutenant General Ben Lear, a stern military disciplinarian of few words, assailed tonight wishful thinking in a war he said would be won not by a golden Magenot Line, but by blood and sacrifice.

Blasts Damage Ships Anchored Near Trinidad

Explosions Are Believed
Caused by Nazi Sub
Attack.

PORT-OF-SPAIN, Trinidad, Feb. 19.—(AP)—Two ships at anchorages in the Gulf of Paria, off Port-of-Spain, were damaged last night by explosions caused apparently by a U-boat attack, U. S. Army headquarters announced today.

The blasts flung a great sheet of flame into the sky and caused a blackout in Port-of-Spain when officials cut off the electric power supply.

Both vessels remained afloat and no one aboard was injured seriously.

United States and British forces based here made an immediate search for the attacker, but it had not been located late today.

It was the first real action for the United States forces since they were stationed here in consequence of the U. S.-British destroyer-defense base trade in 1940.

Troops were called out within a few minutes of the explosions. It was considered possible today that the submarine still was hiding in the broad gulf which separates Trinidad from Venezuela.

A few of the men aboard the ships were taken to a hospital and treated for shock, but were discharged later.

Port-of-Spain is about 600 miles east of the Dutch island of Aruba, scene of submarine attacks this week.

Red Cross To Evacuate 9,000 Greek Children

ANKARA, Feb. 19.—(AP)—The International Red Cross has arranged for the removal of 9,000 children from Greece, it was announced today. One thousand will be brought to Turkey, 5,000 will be sent to Switzerland, and 3,000 to Egypt and Palestine.

Number 7 Proves To Be Unlucky

Here's one for the numerologists. James Wood, a Negro, 57, of 574 St. Charles Way, was convicted of illegal possession of seven pints of whisky on February 17 in Fulton criminal court. The number of his case on the docket was 17777. His misdemeanor number was 1177.

Judge Jesse Wood yesterday broke the seven sequence by sentencing Wood to four months on the public works. Carlos Hopkins, deputy clerk with 13 letters in his name, sent him away to the prison camp.

Roosevelt Has Cold; No Press Parley

WASHINGTON, Feb. 19.—(AP)—President Roosevelt has canceled his regular Friday press conference tomorrow because of a cold. The White House announced that the President's physician had found the cold to be slight, but had requested the President to stay away from his office as a purely precautionary measure.

The President has no temperature, the physician, Admiral Ross T. McIntire, said.

GEORGIA SUFFERERS TELL OF GRAND RELIEF AND ENDORSE POW-O-LIN

Purely Herbal Medicine Wins Praise of Well-Known Men and Women Throughout Entire State. "Best Medicine I Ever Saw," Declares Mrs. Greene.

Telling of blessed relief from suffering and distress that harassed them night and day, happy men and women throughout this entire section are pouring out their grateful, heartfelt praise to Pow-o-lin. For instance, Mrs. T. P. Greene, well-known resident of Moultrie, Ga., residing at 709 W. Central Ave., declares:

"Everything I ate seemed to turn against me until I had gotten so I hated to see mealtime come. Food would seem to lump in my stomach, form gas and bloating and send up gas as sour as vinegar. My head ached something awful and constipation filled my intestines with toxic wastes making me feel achy, stiff and so worthless I had to leave my housework undone. I was about the most nervous, wretched woman in all Moultrie. I reckon, and I often felt I would have to give up my work."

"Pow-o-lin brought me welcome relief from the distress of my harassing symptoms. I haven't felt as good since a school girl. I am relieved of constipation and the petty sluggishness that robbed me of life's pleasures. My food tastes

good, gives me strength and energy. I owe Pow-o-lin a debt of gratitude I shall never be able to pay. It is the best medicine I ever saw."

Such praise must be deserved, for thousands suffering such distress when due to faulty bowel elimination are turning to Pow-o-lin for relief. Pow-o-lin may be obtained at all Jacobs Drug Stores. Mail orders filled, \$1.25 size, special 98c. By mail, add 10c for postage.

MRS. T. P. GREENE

Tuberculosis Group Elects Milton W. Bell

Officers Named at Annual Meeting of Association.

Milton W. Bell yesterday was elected president of the Atlanta Tuberculosis Association at the annual meeting in the Chamber of Commerce.

Dr. C. C. Aven, for several years

medical director of the association, reported that during the past year, the association treated 3,743 patients in its clinic, visited 5,129 patients in their homes, while 1,357 school people were given tuberculosis tests, and treated by nurses of the association.

In addition, Dr. Aven said 1,547 dental treatments had been given by Atlanta dentists through the Tuberculosis Association.

Other officers elected were Thomas Howell Scott, first vice president; Colquitt Carter, second vice president; Dr. A. Worth Hobbs, third vice president, and L. D. Sharp, treasurer.

Civil Air Patrol To Be Instructed

Civil Air Patrol volunteers will receive required instruction here and in other Georgia cities beginning next week, Wing Commander Winship Nunnally announced yesterday.

Courses of instruction will require 80 hours, and will include military courtesy and discipline, infantry drill regulations, first aid, airport protection, defense against gas, crash procedure, and numerous other subjects. All CAP volunteers must send

photographs and fingerprints with applications, Nunnally said, explaining that the purpose of the CAP is to take over such duties as can be performed by civilians, thus releasing fliers of the armed services for combat service.

2,500,000 Kudzu Seedlings Will Be Planted by Georgians

Special to THE CONSTITUTION. ATHENS, Ga., Feb. 19.—Looking ahead to the need for a continued increase in milk and other dairy products during the war, farmers in 19 soil conservation districts in Georgia this winter will set out more than 2,500,000 kudzu seedlings to provide a future source of livestock feed, T. L. Asbury, state co-ordinator of the Soil Conservation Service, announced today.

These plants will be made available by the Soil Conservation Service as a part of its assistance to soil conservation districts, which are stressing increased pro-

duction of food and feed crops in the food-for-freedom program. In addition, large quantities of kudzu crowns will be dug from established stands in the districts for new plantings.

At the recommended rate of 500 plants per acre, the 2,500,000 kudzu seedlings will plant 5,000 acres. A considerable part of this will be planted where it will check soil washing as well as provide hay and temporary grazing.

Conservationists are suggesting that part of the kudzu on each farm be planted on good land to produce crowns for planting stock now that the supply of kudzu seed from the Orient has been cut off by the war.

In addition to the kudzu, nearly 7,000,000 trees, shrubs and other woody plants have been allotted to the districts. A majority of these will be set out on eroding areas, not now furnishing any income, Asbury says. Farmers can obtain from \$3 to \$6 an acre as a soil-building payment through the AAA for planting forest trees, and \$4.50 an acre for establishing kudzu as a perennial vegetative cover in fields, or \$8 per acre in permanent water disposal areas. Additional information may be obtained from county agents or local soil conservationists.

British Name New Bomber Chieftain

LONDON, Feb. 19.—(P)—The air ministry announced tonight that Air Marshal A. T. Harris, now head of the RAF delegation in Washington, had been appointed commander in chief of the bomber command as successor to Air Marshal Sir Richard E. C.

WIN AMERICANISM CONTEST—"Young Americans are good Americans" was the unanimous decision reached by judges in the Americanism essay contest among school children conducted by the Atlanta Junior Chamber of Commerce. Faber Bollinger, of the Jaycees, is presenting prizes to (left to right) Cadet Major Jack Freedman, of Boys' High, winner of a wrist watch, the first prize; Fred A. Allman, Joe Brown Junior High, second prize, a defense bond; Joan Jordan, Morningside school, third prize, a pen and pencil set, while Hilda Gumm, representing Morningside school, was presented a flag for her school having the greatest number of contest entries.

Peirse, who has been given "a special appointment."

The 50-year-old Harris has been air officer commanding a bomber group since the outbreak of the war. He joined the Royal Flying

Corps in 1915 and was granted a permanent Royal Air Force commission in 1919. He has served in Iraq, Palestine and Trans-Jordan as well as in Britain.

Two More Aides Named by Peyton

Brigadier General E. G. Peyton, commander of civilian defense units in Atlanta, yesterday designated two new directors of important services to administer organizations already set up.

Dr. James F. Hackney, assistant city health officer, was named head of the emergency casualty

service and will organize hospitals, establish casualty centers and otherwise direct medical services in conjunction with county, district and state defense units. Harry G. Moore, Georgia Power Company official, will perform the same duties for all public utilities.

NET PROFIT SOARS. NEW YORK, Feb. 19.—(P)—The American Woolen Company reported today net profit in 1941

more than doubled that of the preceding year, amounting to \$6,943,886, against \$3,154,464, equal to \$17.36 a share on the common, compared with \$7.88 in 1940.

George Foresees Broader Base for Income Taxes

WASHINGTON, Feb. 19.—(AP)—Congress may be forced to broaden the base of income taxes or impose a sales tax or pay roll tax if the hoped-for \$7,000,000,000 increase in revenues for the next fiscal year is realized, Senator George said today.

Chairman of the Senate Finance Committee, said that so far as he knew the treasury remained firmly opposed to a sales levy.

It was also his opinion that the treasury had no intention of recommending a pay roll tax.

George some time ago announced his opposition to lowering the present individual income exemption of \$750 for single persons and \$1,500 for married persons.

There has been some discussion in Washington regarding an attempt to collect income taxes on a month-to-month basis through a 15 per cent withholding levy on pay rolls, Senator George said.

By that system, he said, the government would take 15 per cent of salaries each month, the total being applied to the end of the year.

Senator George said that while the 15 per cent which would be withheld from salaries would accumulate a total at the end of the year larger than now paid by the average individual in the lower brackets, it would be about equal to the amount due under proposed increased income tax levies.

President Roosevelt called for a \$7,000,000,000 general revenue increase in his budget message last month.

Treasury experts were understood to have worked out a plan to obtain the extra revenue which called for a \$5,000,000,000 increase in corporation levies and a boost ranging from \$1,500,000,000 to \$2,000,000,000 in individual taxes.

The remaining \$2,000,000,000 would be obtained by plugging loopholes in the present law, and by increasing and broadening excise levies.

State Treasury Feels Pinch of Tire Rationing

January Gasoline Tax Collections Down 10 Per Cent.

By LUKE GREENE.

Tire rationing and the reduced use of automobiles began to hit state finances yesterday in the form of a 10 per cent reduction in gasoline taxes, which constitute approximately half of the state's income.

Although only a portion of collections for consumption during January, the first month of rationing, had been turned in, Revenue Commissioner Jack Forrester reported the reduction was slightly less than 10 per cent.

Since one of the major gasoline companies was included in the first returns, Forrester predicted that when the rest of the collections come in today, the average would be about the same.

Transformed into dollars and cents, Forrester said this would be a loss of approximately \$200,000 to the state. Monthly collections normally are around \$2,300,000.

Since rationing went into effect, state officials have been "holding their breath" through fear that automobile conservation would dip heavily into the state treasury. State governments throughout the nation have been advised to cushion themselves for this shock.

Georgia officials, however, seemed to be little worried over the first barometer of just how much the war is going to affect state finances.

EARL OF WARWICK WEDS.

LONDON, Feb. 19.—(AP)—The Earl of Warwick, 30, who in 1936 worked as an actor in Hollywood, was married today to Mrs. Mary Kathleen Bell, 25, at the Caxton Hall register office.

ASTOR IN NAVY.

NEW YORK, Feb. 19.—(AP)—Vincent Astor, millionaire sportsman and close friend of President Roosevelt, is on duty as a full commander in the Third Naval District, officials said today.

FIGHTS "SABOTAGE" WITH SAFETY—Seeking to save for the national war efforts the millions of man hours of labor accidents cost, Lawrence B. Tipton (left), Washington safety expert, met here yesterday with southeastern educators planning safety courses. Left to right, the others are Frank G. Hewlett, J. E. McDaniel, seated; J. C. Goodson and James M. Cobb. Man hours lost in 1941 would have made 80,000 bombers.

Safety Expert Outlines Cost Of Negligence

Man-Hours Lost in 1941 Would Have Made 80,000 Bombers.

Carelessness and negligence are the chief saboteurs thus far in the nation's war effort, Lawrence B. Tipton, Washington safety expert, said here yesterday.

During 1941 alone, he said in an interview, they struck at production through accidents with sufficient force to cause the loss of a billion and a half man-hours.

This loss is equivalent to a million men laboring 37 1-2 weeks on the 40-hour-week basis, or, if turned over to one workman, he'd have to labor 37,500,000 weeks, or about 720,000 years.

80,000 Bombers Lost.

If the billion and a half man-hours could have been saved, they could have built 80,000 bombers, Tipton said, or 450 battleships.

Tipton is in Atlanta to help launch a program to cut down accidents. He met with officials of engineering schools of Georgia, Alabama, Florida, Tennessee and Mississippi to plan safety classes for factory officials.

Discussing the need of safety measures, he said there was immediate need for 2,500 trained safety supervisors in those five states. They would train workmen in safety methods of performing their jobs and keep a lookout for accident menaces in the machinery and factory equipment.

Factory managements will select those who will take the safety supervisor courses, which will be 96 hours in length, with two sessions per week of three hours each. Expenses for the training course are paid by congressional appropriation.

6,000 Now on Duty.

Tipton said the government hopes to train one safety expert for each 100 workmen. Already 6,000 safety men are on duty, 17-

000 are in training, and the Labor Department hopes to have 40,000 trained and on duty by the end of the fiscal year of 1942.

Green hands and crowded factory conditions are the principal cause of industrial accidents, Tipton said. It is planned to start three classes for safety training at Georgia Tech in the near future, with 20 men in each class. They will serve in factories in this vicinity.

Later it is planned to conduct extension safety courses in Macon, Savannah, Columbus, Augusta and Rome.

Whether you have a few suitcases or many items of furniture to be removed, you can find somebody for the job by turning to Classification 84—"Moving and Storage."

Barnesville Legion Joins Fight on 'Loafers'

SPECIAL TO THE CONSTITUTION. BARNESVILLE, Ga., Feb. 19.—

Maxcy D. Smith, commander of the Leon Martin Post of the American Legion, has offered aid of his organization to the city council here in an effort to rid the town of loafers. "Fight, work or stay at home" is offered as a slogan for the drive.

Smith explained to the council the fact that "good citizenship is fostered by the Legion," and his offer is in line with activities of the good citizenship committee, he stated.

RAAF MEN SAVED.

SYDNEY, Australia, Feb. 19.—(AP)—The Sydney Sun in a dispatch from Batavia said today virtually all the Royal Australian Air Force men who were in Singapore were removed before the stronghold's fall to the Japanese. Most of the Australian imperial force there, however, remained to fight to the last, it said.

Blum, Gamelin Clash on Why France Fell

2 Ex-Premiers Accuse Court of Being Un-constitutional.

RIOM, Unoccupied France, Feb. 19.—(P)—France's supreme court took under advisement tonight the question of its own constitutionality and, by implication, that of the whole Petain regime, after a violent attack upon it led by former Premier Leon Blum and Eduard Daladier, two of five defendants, at the opening session of the French "war guilt" trial.

Thus as the trial opened to fix the responsibility for the defeat of France, the accused leaders of the dead Third Republic turned the tables and took the offensive against the right of the court to try them.

After a brief response from the prosecutor, who argued the court was set up specifically to try the defendants and not to consider the legality of the Petain laws, the president of the court announced a decision would be given soon.

The first clash came in a dramatic break between General Maurice Gustave Gamelin, aged former Allied generalissimo, and the other defendants on the question of whether the cause of France's defeat was military or political.

The ailing Gamelin in quavering but resolute voice read a declaration of refusal to have anything to do with the trial. He said he was doing this for the honor of

the Army, and with a clear conscience.

Blum, the Socialist Popular Front premier, snapped Gamelin up short and in biting phrases virtually accused the general of full responsibility for "military defeat."

Blum spoke with his old fire as he addressed Gamelin, shaking his head so that his drooping gray moustaches waved:

"The best-armed Army will go under if the commanders don't know how to inspire the will to fight."

Nazis Mentioned.

The only time Germany was mentioned was when Daladier declared the trial would never have taken place if the Germans had not insisted.

Pierre Caous, president of the special tribunal, immediately warned Daladier that if he continued to mention foreign powers he would be forced to call a secret session.

Daladier snapped back: "Don't I have the right to present my side of the case after having been in prison 17 months, and made a scapegoat of defeat without the right to defend myself because the press, radio, and the chief of state himself are leagued against me?"

"We shall see where treason lay, and by whom France was betrayed."

The defendants and their attorneys developed the following main arguments:

1. That the court is unconstitutional, since the republic still exists and under its laws only the chamber of deputies has the right to indict and the senate the right to try ministers.

2. That even if it should be decided that the court is constitutional, nevertheless since the law bringing it into existence was only decreed July 30, 1940, it is without a retroactive right to try crimes allegedly committed before its creation.

3. That the defendants have been prejudged and condemned before the trial started.

British Cabinet Reshuffled To Silence Critics

Continued From First Page.

as defense minister and first lord of the treasury, Attlee, Labor Minister Ernest Bevin, Foreign Secretary Anthony Eden, and the lord president of the council, Sir John Anderson.

Churchill dismissed his opponents, gathering for a bitter house debate over British war reverses, by announcing the changes in which he gave way on all major points save one—that of his own retention of the ministry of defense.

Attlee, as a direct representative of the dominions, answers the repeated Australian requests for a place in the war cabinet.

Appointment of Lyttleton was a guarantee that a younger man will boss Britain's production effort. Cripps will lift much work from Churchill's shoulders by being his stand-in for house of commons sessions.

Informed sources advanced the idea that Churchill's retention of the defense ministry was vitally necessary because the post involves such momentous decisions

that only the prime minister can make them.

Attlee will remain as Churchill's deputy, taking his chair at cabinet meetings in the prime minister's absence.

The withdrawal of Lord Beaverbrook from the highest councils of state was seen as a victory for Labor Minister Bevin who long has had a standing feud with "the Beaver" over the latter's attitude toward labor-production problems.

There also were reports that Cripps earlier refused to accept a post in the cabinet because of "Beaverbrook's rather drastic methods."

On the whole, parliament members regarded the new cabinet as a victory over a stubborn prime minister, and there appeared to be

Wait—don't fire that pen

If you feel like tossing a faulty fountain pen out the window—wait. You may be wasting money. Let our repair department give it a check-up. We've repaired plenty of seemingly "hopeless cases"—and at small cost, too.

no doubt that the new machine, shorn of deadwood, would receive better treatment in the house.

There were persistent reports tonight that a number of other ministerial changes probably will be announced next week.

Lyttleton's Middle Eastern post probably will be taken by Alfred Duff Cooper, also regarded as "one of Winnie's boys," and to make way for Attlee as dominions secretary, Lord Cranborne is expected to become colonial secretary and leader in the house of lords.

Lord Moyne, present colonial secretary, will give up that office.

Parliament members said there was "a general understanding" that although Cripps would serve as a buffer for Churchill in the house of commons, the prime minister intends to spend one day each week in the house.

Morning newspapers welcomed the changes, but three of them, the Mail, News-Chronicle, and Herald, demanded more of them.

Mrs. Agricola Dies Here at 69

Mrs. Jessie Thomas Agricola, 69, died yesterday at her residence, 438 Grant street, S. E.

She is survived by two daughters, Mrs. E. H. Freeman and Mrs. Jack Ballinger; two sons, Carl and Thomas Agricola; nine grandchildren and a great-grandchild.

Funeral services will be held at 11 o'clock this morning, at the chapel of Harry G. Poole, with the Rev. Wills Jones officiating. Burial will be in West View cemetery.

Washington Dance Planned Saturday

A George Washington military ball will be given Saturday night at the city auditorium by the Shrine unit of the State Guard No. 78, of DeKalb county, it was announced yesterday. Admission will be 45 cents per person and the proceeds will be used to buy uniforms and other equipment for the unit.

Dancing will start at 9 o'clock. Mrs. William J. Lyle, chairman of the unit's ladies' auxiliary, has arranged for cadets at the Naval Reserve aviation base to attend as guests of young ladies chosen as hostesses.

Atlanta Begins Salvaging Gas

City departments yesterday began salvaging 200,000 cubic feet of sewer gas a day and predicted that the fuel bill of the municipality at the waterworks system will be slashed from \$5,000 to \$7,000 a year.

Since the huge Clayton sewage disposal plant was opened on the banks of the Chattahoochee river several years ago, Porter Enloe, superintendent of the plant, has chafed because he had to burn the gas without utilizing it. He and William A. Hansell, assistant city chief of construction in charge of sewers, began trying to find a way to use it productively, and yesterday it was piped from the disposal unit to a boiler at the River pumping station and began operation.

Mrs. J. S. Harris Succumbs at 83

Mrs. John S. Harris, 83, for more than 30 years a resident of Atlanta, died yesterday at her residence, 963 Piedmont avenue, N. E.

She is survived by three daughters, Mrs. Ray Almand, Mrs. J. Z. Phillips and Miss Sudie Harris; a son, L. W. Harris; 19 grandchildren and 10 great-grandchildren.

Funeral services will be held at 3 o'clock this afternoon at Moreland Avenue Baptist church, with the Rev. T. T. Davis officiating. Burial will be in Marvin's cemetery.

Vichy-America Relations in Critical Stage

Free French Envoy Pays Visit to State Department.

WASHINGTON, Feb. 19.—(P)—Adrien Tixier, chief of the Free French delegation in the United States, visited the State Department today while Vichy-American relations continued at a critical stage.

Tixier talked for about 20 minutes with Sumner Welles, under

secretary of state and acting head of the department in the absence of Secretary Cordell Hull, who is away for a rest.

State Department officials would not comment on his visit and all that Tixier himself would say to reporters was that he intended to go to London soon for a conference with General Charles De Gaulle, leader of the Free French movement.

At a press conference earlier, Welles made clear that concern was continuing here over reports that Axis armies in Libya are receiving supplies through French Tunisia, and that the Vichy collaboration with Germany and Italy is extending beyond the armistice agreements.

The acting secretary was asked whether explanations received from Vichy had been satisfactory. He replied simply and categorically that the information so far re-

ceived from the French government was not satisfactory, and further instructions had been sent to Ambassador William D. Leahy at Vichy.

IN HAPPIER DAYS—Elza Cohen O'Neal, of Lyons, a young Marine stationed at Peiping, China, sent back this picture of himself in a rickshaw, with the note to his family: "This is the way we travel out here." Yesterday, O'Neal's name was among those released by the Navy Department as being a prisoner of war in the Far East.

10 Georgians Among Prisoners of War In Japanese Hands

The harsh reality of the war in the Far East came still closer to home yesterday when the Navy Department released a list of Navy and Marine Corps officers and enlisted men—including three Atlantans and seven other Georgians—presumed to have been taken prisoner by the Japanese.

The Navy Department announcement said the officers and men—a list totaling 1,010 for the country—presumed the men in service were captured on the islands of Wake and Guam, and in China at Peiping, Tientsin and Shanghai.

Lieutenant (jg) Glenn E. Mann, public relations officer at the Naval Reserve Aviation Base here, pointed out that because of interruption of communications and elimination of contact entirely when the various outposts were overwhelmed by the enemy, the Navy Department cannot have absolute information on the exact status of all individuals who were serving in the armed forces and of civilians who were engaged on public works undertakings.

Three Atlantans on List.
The Atlantans were:
Lieutenant James Joseph Davis, USN, RFD No. 4, Box 166, Atlanta.
Lieutenant (jg) John George Feder, USN, of 1404 Emory road, N. W.
Platoon Sergeant Holland Cash, USMC, of Ormewood court.

The other Georgians were:
Tom Watson Gordy, USN, of Richmond.
Otis Warren Musselwhite, USN, of Cordele.
Emmett Dan DeLoach, USMC, of Route No. 4, Lyons.
Elza Cohen O'Neal, USMC, also of Route No. 4, Lyons.
Chandler Edwin Fouché, USMC, of Waycross.
Vernon Grady Dixon, USMC, of RFD No. 1, Harrison.
Henry C. Harrell, civilian personnel, of Hilton.

According to the Navy Department announcement, from information available up to the time, or near the time, of the capture of some of the groups, and from rosters of personnel serving at the different places, it "is presumed that those not otherwise accounted for are prisoners of the Japanese."

Stationed on Wake.
Lieutenant Davis was stationed with the Navy on Wake Island, being transferred there November 20, 1941, from Honolulu. He is a native of Atlanta, the son of Mr. and Mrs. James Joseph Davis Sr., of Stockbridge. His father is a traveling salesman.

Lieutenant Davis attended Georgia Tech, where he was graduated in 1938. He was a member of the Georgia Tech Naval ROTC, and was commissioned an ensign in August, 1938. He served for a time at the Philadelphia Navy Yard and then was transferred to Honolulu.

He was married in October, 1940, to the former Miss Katherine Baynes, daughter of Mr. and Mrs. Sydney Baynes, of 2575 Cascade road, S. W., where Mrs. Davis is now residing with her parents. Her father is an Atlanta attorney.

Mrs. Davis returned from Honolulu November 21, the day after Thanksgiving and her husband left for Wake Island the same day. She has had two letters from him since her return to her parents' home, but the last one was written a week before Pearl Harbor.

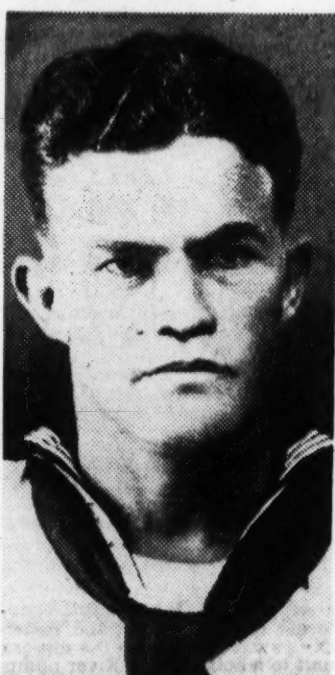

An official notice from the Navy Department that he was presumably taken captive came to her the middle of January. Lieutenant Davis is a member of the Supply Corps. His sister, Mrs. Louise Martin, lives on Peyton road.

Lieutenant Feder was a medical officer stationed at Guam. He is a native of Galloway, Ohio, and was married in June, 1940, to the former Miss Virginia Heard, of the Emory road address.

Lieutenant Feder left the United States for Guam in October, 1940, about two months after his marriage to Miss Heard, who is teaching biochemistry in Emory medical school. Mrs. Feder said she heard from her husband once a week until war was declared. The last letter she had from him was written December 2 and

ATLANTAN—Lieutenant James Joseph Davis, of this city, was stationed with the Navy on Wake Island and is now presumably in the hands of the enemy.

PRISONER—Tom Watson Gordy, of Richmond, was among Navy men from Georgia listed as "presumed" to have been captured by the enemy in the Far East. He is a Navy man.

reached her two days after the attack on Pearl Harbor. Since then she had a card from a California radio "ham," who transmitted a message which he said her husband sent in a radio broadcast from Skikoku Island. The message addressed to her and his parents said he was "safe and well" and urged them not to worry.

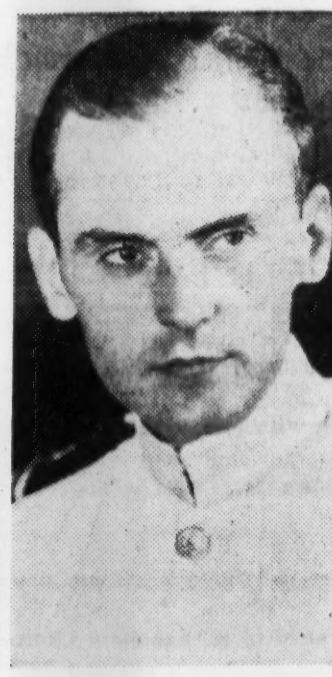

Lieutenant Feder joined the Navy in 1939. He and the Atlanta girl met in Greenville, S. C., where she was teaching and he was practicing medicine.

Platoon Sergeant Cash was stationed at Peiping, China. A check of his Ormewood court address failed to disclose relatives and it is believed he enlisted in the Marines from this city some years ago.

Gordy was a radioman first class and was also serving at Guam. Musselwhite was also a radioman first class stationed at

GEORGIAN—Otis Warren Musselwhite, of Cordele, a radioman first class in the Navy, also was among those from this state listed as taken prisoner by the Japs in the war in the Far East.

OFFICER—Lieutenant John George Feder, of the Navy, is another Atlantian in the Navy who was reported captured by the enemy. He was a medical officer stationed at Guam.

Guam. He is the son of Mr. and Mrs. Homer J. Musselwhite and was born and raised in Cordele. He has been in the Navy several years.

The parents of Musselwhite are both deaf. A Constitution correspondent reported it was touching to "talk" with the parents through the written word and inform them of their son's capture.

The father has been a stonecutter in Cordele for a number of years. DeLoach was a private in the Marines, stationed at Wake Island. He enlisted in the Marine Corps at New Orleans, where he was situated as a member of the CCC. He is the son of E. B. DeLoach, a farmer of Toombs county. His mother is dead.

He is 23 years old and was last heard from in Wake Island, according to an aunt, Mrs. Cleveland Winge, of Lyons. He has a sister, Mrs. Oscar Pope, of Route No. 2, Alamo.

O'Neal is 22 years old and was last heard from in Peiping. He is the son of the late S. P. O'Neal and Mrs. Mattie Powell O'Neal. Before he enlisted in the Marines, he was a farmer. He has a brother, Percy, now on board a ship of the Navy. Other brothers are Robert and Fred, members of the Toombs county home defense corps. He also has a sister, Mrs. T. Gibbs, of Lyons, and a sister-in-law, Mrs. Robert O'Neal, who lives near Vidalia.

Fouché was a corporal in the Marines, serving at Peiping. His home address was listed as 807 Glenmore avenue, Waycross.

Dixon was serving at Guam as an assistant cook. His family lives in the country about 15 miles from Sandersville.

Harrell, who was also serving at Wake Island, is the son of W. H. Harrell, of Bluffton. Harrell was living in Early county, near Hilton, when he left to join the CCC. He was stationed at Fargo, Ga., for a short time and then transferred to Enterprise, Ore., where he remained until September, 1941, going from there to San Francisco and thence to Wake Island. He was last heard from last December 26.

He was chef for a construction company at Wake. He is 23 years old and one of six children. His mother is dead. He has an older brother in the Army, stationed at Fort Benning. His father is a farmer.

Edward Gossett Dies, Was Former Atlantian

Edward Gossett, a former Atlantian, died Wednesday at his residence in Columbia, S. C.

He is survived by a brother, Melvin Gossett, of Atlanta; three sisters, Mrs. J. T. Waits and Mrs. R. W. Smith, also of Atlanta, and Mrs. Lillie Kemp, of Blanchard, Oklahoma.

Funeral services will be held at 3 o'clock this afternoon, at the graveside in East View cemetery.

Viereck's Visit Senate Votes To Capitol Hill For Repeal of Bared at Trial Pension Bill

Continued From First Page.

that he was "only the intermediary" and that Lundeen would pay him.

Lundeen Paid Bill.
Subsequently, Hill said, Lundeen did pay him, giving him \$125 on two separate occasions.

At their first meeting, Hill said, Viereck asked how large was Fish's mailing list and expressed disbelief when told it contained 100,000 names.

"I told him," Hill continued, "we were anxious to use 'Who's Who in America,' but lacked the money to have it copied."

"Was anything done about 'Who's Who'?" asked William P. Maloney, special assistant attorney general.

"Yes, we got three or four copies from the Library of Congress and put girls to work typing them off."

Continued From First Page.

Democrat, Georgia, that the people want no wrangling over pensions for any group at this time.

"Before this war ends," he said, "crepe will be on the door of a million homes in America, and the people know it."

"Let's do one thing at a time," Senator McKellar, Democrat, Tennessee, said. "Let's save our government first. What good would that extra money do those old people if Germany got control of this country?"

But Downey asserted that "bread for the people" would not hurt the war effort. He proposed that the federal contribution be increased from the present maximum of \$20 to \$30 per month, that the states not be required to match any part of this, and that individuals certified by the states as in need become eligible for this aid at 60 years instead of 65, which is the age qualification in the present social security act.

Bows to Public.
Declaring he was bowing to the will of the American people, Senator George announced in a speech on the floor that he would vote for repeal of the pension bill.

The Georgia senator said in voting for the original measure he had seen "nothing immoral" about provisions of the act allowing congressmen and senators to pay 5 per cent of their annual salaries to the general retirement fund.

"There is nothing immoral about giving elective officers the same privileges as appointive officers of the government," he asserted.

Admits Defects.
When the bill was first presented he said he had considered it in its broader aspects and while recognizing it was impossible to escape certain inequalities when new groups were brought under the retirement act it had never occurred to him that any member would take advantage of loosely drawn provisions to qualify by making a nominal payment of 5 per cent of his salary for the last month before retirement. He insisted that no member of either house would be guilty of that procedure.

Senator George said he had not applied for eligibility to the retirement benefits, "do not intend to and cannot afford to," explaining that it would cost him \$500 per year to qualify.

Day of Prayer To Be Observed
Two Atlanta church groups today will observe a world day of prayer.

Churches in the Grant Park section, for the first time in this area, will hold a joint observance at 10:30 o'clock this morning at St. Paul Methodist church.

At 2:30 o'clock this afternoon the Atlanta Council of Church Women will hold a similar meeting at St. Luke's Episcopal church, with Mrs. C. M. Lancaster presiding.

The observance, which usually comes the first Friday in Lent, is sponsored by the National Council of Church Women.

POWELL SAID SUICIDE.
BRIGHTON, England, Feb. 13. (P)—Felix Powell, composer with his brother of World War I marching song, "Pack Up Your Troubles in Your Old Kitbag," fatally wounded himself while of unsound mind, a coroner's verdict disclosed today. Powell died Tuesday of a gunshot wound.

ATLANTA, GA., FEBRUARY 20, 1942.

Time To Get Tough

The time to stop taking chances with Japanese aliens and Japanese-Americans has come. The time for stringent measures against German and Italian aliens is past due.

Every raid made by the FBI on the west coast uncovers additional quantities of arms, ammunition, signal supplies and other equipment. On the east coast and in other sections, arrests of Germans and Italians have not been spectacular, yet in many cases there has been startling evidence of widespread conspiracy.

Much as we might wish to think otherwise, this war is entirely too serious to risk even the slightest possibility of a second Pearl Harbor of any description.

It must be kept in mind that these Japanese on the west coast now are free to concentrate and strike at any time and place of their own choosing, at a time and place when and where they conceivably could have help from beyond our shores.

And today many are migrating inland from the comparatively few restricted areas of the Pacific coast and being refused residence by state after state. This trend will mean that the Japanese will be scattered over the country in such a manner that any adequate supervision will be almost impossible.

While Americans have an innate distaste for stringent measures, every one must realize this is a total war, that there are no Americans running loose in Japan or Germany or Italy and there is absolutely no sense in this country running even the slightest risk of a major disaster from enemy groups within the nation.

Remember that every raid made by the FBI is uncovering equipment ordered turned in; that other material which could be used against this country is concentrated by these agents; that enemy uniforms have been found in the homes of some and that ostensibly innocent and friendly Japanese in the Philippines were revealed by the invasion to be high officers of the Japanese army; that the Japanese knew the berth of every ship at Pearl Harbor and the location of every defense installation and occupied hangar and that many of their pilots wore Honolulu high school rings; that the west coast is the site of many of America's most vital war industries; that the Japanese are masters of the art of the unexpected blow and that every kindness has been repaid with death and destruction.

The time has come to get tough. The tougher America gets today the less America will have to regret tomorrow.

Shoe Eyelets and War

That it is the little things that count when an all-out effort for victory is being made was seen in the recent supplement to the copper conservation order of the OPM. This dealt with the use of substitutes for brass in the manufacturing of shoe eyelets. Quite a little thing on the surface, a shoe eyelet. Yet through this one substitution move there will be saved for the war effort enough brass to make a million artillery shell cases a year. And a million of any item is considerable, even in these days of astronomical figures.

It is also interesting to observe in this connection that the manufacturers agreed they can use japanned metal instead of the valuable brass with no loss in wear. This should come as welcome news to those inclined-to-be-jittery persons who are under the impression that a lot of the articles to be made in the future will not be up to pre-war standards as far as durability is concerned. Certainly it is that a substitute is not an original, but at the same time, it is just as true that many substitutes will do the work of the original without impairing the articles in any manner.

The case of the shoe eyelets is one in point. Increasingly, Americans will find that the war is not working the hardships expected, and that it boils itself down pretty much to a state of

mind, the proper attitude one brings toward any and all things directed toward the major objective—beat the enemy and win the war!

"Remember Pearl Harbor" has been copyrighted by an alert Chicagoan, and if the government is smart it will lose no time in taking out a patent on the flag.

—BUY BONDS TO BEAT BARBARISM—
All Must Get in Line

If this nation is to win the desperate war in which it is now involved it is necessary that every individual, every resource, human and industrial, be quickly aligned in a united front for victory. We cannot win so long as we have among us any individuals or groups unwilling to become good soldiers in the common cause.

There are, unfortunately, a few who evidence a reluctance to voluntarily get into step with the rest of the nation. These must be made to join all of us in the combined effort for victory. If they continue to obstruct and delay, they must be publicly recognized for what they are, betrayers of the nation and traitors to the nation's cause.

There are, it has been reported, industrialists who have hesitated—who still hesitate—to convert their plants for war production because they disagree with the administration policies on organized labor or some other domestic issue. There are a few, fortunately a scant few, industrialists who are holding back from all-out war effort because, they say, they fear the taking over of their plants and their investment by organized labor, if they do.

On the other hand, strikes in war-production industries have not ceased, despite Pearl Harbor and public confidence that there would be no more such work stoppages once the nation was at war.

During January, newspapers reported 43 work stoppages because of disputes between organized labor and management, in plants engaged in vital war production. These work stoppages involved 15,512 workers and 661,976 lost man-hours. In addition to this direct loss, it is possible even greater delay in the war program was caused by the halt in flow of supplies and materials from these plants to other war industries.

The time has come when there must be no more coddling of either industry or organized labor, in manner which permits further interference with the fight we are making. If the proper government authority will clamp down on all such obstructionists, the nation as a whole will cheer the action. If some such action is not taken, the force of outraged public opinion will compel an end to all such attitudes.

Workers in vital war industry have been exempted from military service because of the importance of their work for the war. Any such worker who leaves his post, either as an individual or in response to a call for strike by leaders of his union organization, should immediately lose that exemption from Army service. When a man is exempted because of the work he does, that exemption should automatically be voided the minute he refuses to continue his essential task.

Similarly, when any industrialist, management of any industrial plant in the nation, hesitates or delays in turning that plant over to war production, upon government request, that plant should be immediately seized and promptly put into war service, whether or not the owner or owners agree.

This is no time for pink tea debates, or for squabbles about what is to come when the war is over. This is no time to consider either personal or property rights of the individual.

If we lose the war there will be no rights of any description left. All considerations other than victory must be swept aside and, if such action involves hardship upon some, what of it? Americans in the armed services are dying before the enemy, daily. What can any others of us give to compare to this?

If the nation has the power to take the individual and, if need be, demand his life for his country, the nation surely has the power to take property, labor or anything else for the same cause.

Georgia Editors Say:

FARMER AT A DISADVANTAGE
(From The Culberrth Leader.)

The Leader is far from criticizing the WPA and the CCC. Both have furnished jobs at a time when jobs were not to be elsewhere. But the picture has changed. Today there is work for everyone, and this paper would like to see these agencies suspended for the duration of the war.

The farmer has one of the hardest, if not the hardest, parts to play in the national defense program. He has been called upon to double and treble his crops of 1941. The bams have been lifted and he has been told to go to it. But how can he do so in face of present labor conditions? He cannot compete with government prices and there is no way of producing bumper crops without an abundance of labor. Remove this unfair competition by putting relief workers back on the farms. The WPA and CCC programs will not suffer by suspension and can be reinstated at some future date when they are necessary to provide work and sustenance to the unemployed.

WASHINGTON PARADE

By GLADSTONE WILLIAMS.

QUESTION OF TIME WASHINGTON, Feb. 19.—The real danger in our present situation lies not in our potential strength, but in the realization by Hitler that it will be a full year before it can be mobilized.

That has been the basis of all official warnings sounded since Pearl Harbor that we may expect little other than bad news during 1942.

If we are able to make good on our vast war-machine production program, if too much complacency doesn't creep over the land, by next year we should have arrived at a position of military and naval power where we have nothing to fear. Plans we have launched for fruition in 1943 for the production of planes, tanks and ships on a scale never before equaled by any nation in history. It is beyond the capacity of the Axis to match them. We have every confidence in our ability to deliver.

But Hitler and his Axis partners realize this no less than we. And with it goes the realization that, unless they win the war this year, it can never be won at all by them. After 1942 the balance of power, based on all reasonable calculations, should definitely shift to the side of the Allied nations.

Consequently, government officials expect to see the most determined effort yet waged in the war to bring the conflict to a successful conclusion on the side of the Axis this year. Any less effort on their part would seem to be foolhardy. It is not logical to assume that they will fail to press whatever advantage they have at the moment while waiting for us to catch up and surpass them in arms.

STRESSED BY NELSON That was the meaning back of the Nelson, new czar of war production, who the other day of Donald "stop thinking about what we can do to the enemy in 1943 and start thinking about what we are going to do to him in 1942."

The criticalness of the present year was emphasized by him in the statement that every weapon we are able to make now "is worth ten times what we might produce next year."

It is a veiled warning, sounded more bluntly by other competent high officials, that beyond the realm of possibility for America, with all her potential strength, to lose this war. We were just too slow preparing for the inevitable during the two years of grace preceding Pearl Harbor.

THEIR BIG DRIVE What happened at Singapore and on the Malay Peninsula is but a sample of the all-out effort expected to be made by the Axis powers during the remainder of the year. The drive against the Dutch East Indies is already on. Attacks on the Philippines are being intensified. Australia and New Zealand will be next. Every ounce of effort will be exerted by the Japs to gain complete control of the Far Eastern area as early as possible at whatever cost. They have to win this year or not at all.

The same determination is expected to mark Hitler's movements in Russia as President Roosevelt permits. Simultaneous attacks are looked for against Russia and Germany. If the Germans are able to form a juncture with the Japanese in India, shutting off the main supply line to Russia through the Indian ocean, our plight becomes about as critical as it could be, next to an actual invasion threat.

No less a student of world affairs than Senator Walter F. George, past chairman of the Senate Foreign Relations Committee, concedes the possibility of us being compelled to accept a negotiated peace under those circumstances.

It is something for the country to ponder in remembering the words of Donald Nelson that we must be thinking of 1942, and not 1943.

FORGET THE PAST Petty criticism about the past history of British to hold Singapore and the failure of the grace condemn the British for not making better preparations for the defense of its Far Eastern base when we were guilty of a similar omission as regards the Philippines, Guam and Wake Island. Most of the criticism, it should be noted, comes from those who were the chief howlers against the government's foreign policy at the time the President was seeking to awaken the nation to the dangers that lay ahead.

What we are able to accomplish within the next few months may have a far-reaching bearing on the ultimate outcome of the war. Time is too important to waste it on trivial criticism.

SILHOUETTES

By RALPH T. JONES

Thoughts of a Yank
In the Philippines.

Well, here we are backed up on Bataan peninsula. Got to make our last stand here, I guess. Those yellow perils out there sure have given us hell. Why should they? Ten to one they have more equipment. And the little yellow things are good fighters, too. Got to admit it. If they aren't good fighters, why in hell have we been pushed back?

Good ole Mac sure is a fighter in general. Swell to be in his command. Only wish we had a few more planes. And the gasoline and pilots to fly 'em. Then we'd give the yellows something to think about.

Say, isn't that group of 'em, over there. Trying to "infiltrate." Give 'em a dose from that Tommy gun. Sure 'nough. Got 'em, that time. See 'em run. Those that can run. Wonder what's happening back home? In the good ole U. S.?

Guess Mom and Pop are mighty worried. But proud, too, I guess. 'Specially Pop. He'll have something to talk about now in addition to that wound he got at Chateau Thierry and the blonde he met in Paris.

But I wonder what's happening and what all the folks are thinking in America? Reckon they give a hoot about us? Are they doing their best to get going in this war? Or are we poor nuts dying here in Bataan for nothing? Wonder if folks, generally, care?

That's a Gag . . .
I expect they're going on, about the same as usual. What's congress doing? Haven't heard in weeks. Let's see, what might they be doing? Well, folks were buying lots of Defense Bonds when last I heard. Lots of money going into the Treasury. What would congress do about that? Might vote some of it for themselves. Wouldn't put it past them. How? Oh, well, say pensions when they get older and don't get re-elected. Say, that's a hot one. A good gag, Hey, Bill, imagine this. Here I'm day-dreamin' about home and I imagined congress voted pensions to make their own old age secure, while we so-and-sos are dying out here, with no old age comin' to us at all. How about that? Ain't it a good gag for me to think up? But of course, they wouldn't do a thing like that. Not with the money

folks and kids and poor folks and all have chipped in to buy guns and tanks and planes and things. Gosh, I do wish we had a few more planes over here, now.

But, at that, I reckon there's a lot of foolishness going on at home. It's always that way.

There'll be women worrying about new hat styles and whether they'll be able to eat all the candy they like, now sugar is getting kinder scarce.

There'll be tens of thousands of old guys sitting around in comfy chairs telling everyone who'll listen how the war should be run.

There'll be boys and girls going to the movies and kids bawling because their maws won't let 'em go.

There'll be folks worryin' over comic strips about Superman and Orphan Annie, and all of 'em.

There'll be folks grumbling because of high taxes and other folks complainin' because they can't get as much gasoline as they'd like for the joy buggy.

Wonder what the latest Donald Duck movie's like? Maybe congress is fighting over that, too. That's another good gag, another hot one out of my old imaginary think tank.

Radio On
The Job.

These guys they'll hear news reports about us over the radio. "Flash!" It is reliably reported that General MacArthur has repulsed a strong Japanese attack on his left wing. American casualties were slight. (That'll be Buck and Herb, they went west that time. "The Japanese are said to be concentrating heavy air forces in an attempt to weaken MacArthur's men before an all-out, final assault. Now my friends, when a cold strikes, rub Muddy-goo into the cutaneous surface.")

Aw, what the heck. Mixing us up with cold cures and pills for pink pests!

Yeah, but that's America. Silly and clumsy and slow to get started. It seems kinder rough on guys in our spot. Dying to make it possible for kids to laugh at the movies and for guys to go broke playin' the ponies and for ads for soaps and headache cures mixed up with news reports of "slight casualties" that means guys like you and me are dying from Jap bullets.

Well, I wouldn't have it otherwise. For it's freedom and America and all the life we've been used to. Maybe not so many folks know whether I live or die. But, by jiminy, I'll die fighting. I'll get aplenty Japs before they get this. See that yellow over there. Watch me draw a bead on 'im. Wow! Got 'im! Boy, mark up another on the scoreboard.

Twenty-Five Years Ago Today.
From the news columns of Tuesday, February 20, 1917:
"Wilson postpones going to con-

FAIR ENOUGH

By WESTBROOK PEGLER

Not To Aggravate CHICAGO, Feb. 19.—It is plain that our government wants to gentle the feelings of the Soviet government on the subject of Communism. Even old Judge Hutton Summers, of Dallas, one of our truly wise congressmen, recently appealed to his colleagues to use "horse sense" and reject a little aggravating rider offered by Martin Dies which reiterated the standard American opinion of our domestic Communist element and the American Communist party.

Judge Summers held that this was an unnecessary offense to a proud and mighty ally and there was even that in his manner which suggested a fear that Joseph Stalin might pull out of the war and leave us flat if we didn't mind our manners. President Roosevelt later vetoed some routine measure, possibly the same one, in the interests of harmonious relations with our stoutest military and industrial ally, and I have discovered in Joe Davies' report of his mission to Moscow an implied appeal to his countrymen to have done with Red-baiting, lest we alienate a comrade in arms whom he deeply admires for qualities which all Americans must envy in the present hour. They are unified as we are not, apparently more efficient in industrial management and operation, and so much better soldiers that comparisons are painful and humiliating.

But does this mean that Stalin and the Russians are fighting this war because they like us? I am willing to believe that they do like us. American people better than they like the Germans, who are their natural enemies, but Davies himself gives no reason to believe that the Russians would fire a single rifle bullet in any other interest than their own.

Practical Patriots They are the most practical patriots of all, fighting for Russia only, and it is inconceivable that they would prolong their war a single hour beyond some point at which they decided that a truce or peace would best serve the interests of Soviet Russia. Of course, they do not mean that they would refuse to create a diversion against the Germans to relieve pressure on us or the British, all other things being equal, because when nations team up in war, very often one of the allies loyally makes a bloody effort which cannot possibly show an independent military profit, just to draw the common enemy away from a distressed sector of the common front.

Davies puts it that the Russians can afford to feel kindly toward us and vice versa, because we have no designs on anything of theirs and they covet nothing of ours. In the first half of that proposition he is right, but I remember that during the period when this was an imperialist war precipitated by the predatory plutocracies of the capitalist bloc, the American Communists were muttering that Alaska should by rights be Russian because the czar who made the sale had no right to dispose of the property of the Russian people.

Purely Incidental But I agree that none of us should needlessly antagonize Russia and that we all should appreciate the vast, if incidental, benefit that we have received from the astonishing bravery, tenacity and military skill of their fighters and the foresight and adaptability of their industries. I mark the fact that the benefit of us, which may mean the saving of countless American lives through the sacrifice of countless Russian patriots, is purely incidental, because the testimony shows that Russia is fighting for Russia first and only. All authorities write of Russia's magnificent patriotism, but, having done that, cross themselves up when they suggest that Russia would quit fighting before her own interests were secure, merely because some Americans had resisted efforts to substitute Communism for Americanism here.

Purely gratuitous jibes at Communism, as such, should be avoided in the interest of better sympathy between the two countries in this war. But the American Communist party, by its own contention and by the terms of the basic treaty between our country and Russia, is not a Russian organization. It professes to be wholly American and absolutely independent of Moscow and if that is so, it is a strictly domestic affair of ours. We, on our part, certainly would not think of cutting out of the war before our cause was won, merely because the Moscow government took firm, quick steps to efface some element which, in the midst of war and under cover of Russia's sympathy with us, tried to disestablish Communism there.

Not At All Alike The testimony from Russia begins to convince me that the Russian Communist and the American are no more alike than a genuine lieutenant commander of the United States Navy and one of the same rank who has won his commission in the heavy seas of Broadway and Hollywood.

The Russian Communist is a brave idealist and magnificent patriot, the American a misanthropic failure who profanes a political faith, sacred to the Russian, to justify licentious conduct, and a traitor to his own country. The Russians must despise him as much as the Americans do.

And Fifty Years Ago.
From the news columns of Saturday, February 20, 1922:
"The rival teams of the State University and the Auburn Agricultural Military College will be on hand today, and the great football game will begin at 3 o'clock at Piedmont park."

ONE WORD MORE

By RALPH MCGILL

KIN FOLKS I remember him as a sort of shy kid who used to come down from the country town of Cookeville, Tenn., to Nashville for visits with his relatives there. He was the cousin of the young lady to whom I was later to be united in matrimony, the holy bonds of. As far as I know this is the first time I ever indulged in the exhibitionist practice of writing a piece about any of my folks. I am embarrassed to be doing this one, but then I had not seen him for 15 years and he had become a story. When I saw him last he had been nine years old.

He came in a night ago with his new wings and a wife. Ten minutes after they had finished the ceremony of pinning wings on him at Randolph Field, Texas, he had married the girl from his home town of Cookeville. They then had six days in which to drive back home to Cookeville and return to Tampa, Fla., and MacDill.

He stood there before the logs burning in the fireplace and talked with the complete enthusiasm and confidence of youth. He was very much alive. He was proud of his wings and his wife and he was sending off happiness without being aware that he was sending it off.

He was being transferred to Tampa to learn to fly the new four-engine bombers and he hoped that meant foreign service.

"She," he said, indicating his wife, who must have been all of 19 years old and who must have weighed at least 100 pounds, "worries about that a little, but it won't be long. Once we get enough planes we'll wind that thing up pretty fast. All we need is the planes."

His wife smiled very modestly and looked at him shyly and proudly. He was just talking on, about going to school and about being an accountant in Chicago when the war came close and about going down and entering the school for flying cadets.

They were just passing through and stopped for a while. After we had talked some more they went out and got in the car to drive all night to Tampa.

You can do that when you are young. He was just a kid, married to another one, and fresh out of flying school, going off to learn to fly the biggest bombers.

I walked out to the car with them and saw them off and when I came back in I, who am registered in the selective service, felt older than Moses and very, very humble.

"THE GUILTY ONES" Maybe I wouldn't have written even this much about one of my wife's kin folks if he hadn't said something about enlisting in Chicago.

It so happened that just a day or so before I had read in the harlot newspaper of that city, which on December 8 began to paint its face with red, white and blue paint, and to sing the national anthem louder than anyone else, a peculiarly dirty sort of thing.

The editor and publisher was writing that: "The guilty people who willed this war" should be driven from their hiding places and sent to the danger fronts where they might experience "some of the agony" suffered by those in the fighting.

That must rank as the cheapest and most cowardly contribution to confusion and disunity yet expressed.

That it should be put on pages smeared with patriotic colors and patriotic cartoons makes it the more reprehensible.

Who did will the war?

The Nazi party of Germany willed it.

True, they had considerable help from appeasers in England and in this country. The same newspaper said that this country has no part in opposing the world revolution of the Nazis and the equal threat of the Japanese. That same newspaper said, day after day, this country would never be attacked and would never be in any danger.

It was that thought, and those who led it, which caused us to be asleep nationally. It was that kind of thinking which encouraged the Nazis to be able to buy off a secretary in the office of Congressman Ham Fish; to purchase Laura Ingalls' ability; to finance meetings of the "America First" and all the other dividing agencies and groups.

WHO WILLED THE WAR? No one in this country willed this war. The American people know full well that we strained every nerve, endured insult, took our ships off the warring seas; let our ships be sunk in peaceful seas; did, and endured, every other thing we could to keep out of war.

It is true that some slight preparation for war was made. Any thinking person knew then that the plans of the Nazis included this country; that Japan wanted only the chance to attack us.

How inadequate those preparations were, we now know. It is important to recall that this same newspaper took the lead in shouting "warmonger" each time any substantial effort was made to prepare for the possibility of war.

No one in this country is guilty of wiling this war.

There are in this country thousands of young men who see the issue clearly and who are willing to fight for it.

I think it time that those who willed this country into false security, who fought every move to increase our strength, be known and that they not now be permitted to drive a wedge in our thinking or to set American against American.

Last Ditch Heroism Can't Retrieve The Failure of the Front Line

By ROBERT QUILLEN.

There is no use crying over spilled milk. There is nothing we can do about the past—except pay for it. But if we have the brains that God gave us, we can profit by our past blunders and follies and failures to safeguard our future.

Again and again and again since this horror began—from the first year until now—we have seen free people going complacently and blindly about their usual affairs, as though unaware of possible danger, and then at last rallying for a desperate and heroic last-ditch defense that was doomed before it began.

Despite all warnings, and despite the awful fate of their neighbors, they could not and would not see their own peril. They seemed drugged, or stupefied by some supernatural and horrible power that destroyed their ability to comprehend or act. Yet they did act, with amazing fortitude and courage, when it was too late.

We also waited too long. But now we have one last opportunity to save ourselves. Can we awake in time? Can we make ourselves see the bitter truth, and act now instead of waiting for the last ditch?

The Russians have saved themselves for the present, but to count on them to defeat Germany would be madness.

To count on Germany's cracking up inside or running out of war materials is simply foolish.

To count on Japan's quitting for want of war materials, when she has half the world to loot, is childish nonsense.

To count on the survival and continued help of China would be foolish.

We dare not even count on the survival and eventual triumph of England.

The only thing under Heaven we can count on is our own power and courage and determination.

What then? Shall we face the grim truth now, or wait until desperation forces us to face it?

We need ask ourselves but one question. Are we doing as well, and trying as hard, as we would if the Germans and Japs were approaching our borders and striking at a dozen points on our coasts?

God gave us 18 months of grace and we wasted them. This time there will be no second chance. It is now or never.

OFF THE RECORD—By Ed Reed

The Pulse of the Public

The Constitution invites expression of opinion by its readers. This column is open for that purpose. All communications must be signed and all are subject to editing for conservation of space. Brevity makes argument effective and impels attention.

REMOVE OLD CANNON FOR THE SCRAP METAL

Editor, Constitution: Spasmodic campaigns are started to collect scrap metal. There is no organization, no vitality in the effort which eventually fades out; leaving the public in doubt as to its urgent need.

There is one method I would like to suggest. Let every town which is displaying some obsolete weapon of the last war remove these unsightly emblems of brutality, and contribute them to the need for scrap metal, replacing them with some tree or shrub.

The local garden clubs should sponsor such a movement, offering to contribute the shade of peace to replace the glare of war.

A particular instance is Gainsville, Ga., and there are many to be found in and around Atlanta. Their removal would be a splendid contribution both to peace and war.

Atlanta. CYRIL B. SMITH.

HERE ARE JOHN SMITH RULES FOR VICTORY

Editor, Constitution: Keep politics out of our armed forces; it has harmed this country enough. Draft all persons—women and men—place each person where he is best fitted.

Put all defense work on a 24-hour basis—seven days a week. Round up and place all enemy

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic arthritis or neuritis pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ru-Ex Compound, a two-week supply, today. Mix it with a quart of water, add the juice of 4 lemons. It's easy. No trouble at all and pleasant. You need only 2 tablespoons twice a day. Often within 48 hours—sometimes overnight—splendid results are obtained. If the pains do not quickly leave and if you do not feel better, return the empty package and Ru-Ex will cost you nothing to try as it is sold by your drug dealer under an absolute money-back guarantee. Ru-Ex Compound is for sale and recommended by drug stores every where.—LADY.

LIBERAL ALLOWANCE on YOUR OLD GAS CONVERSION BURNER

Last Chance to Change to a NEW Furnace Especially Designed for GAS

WAR PRODUCTION BOARD ORDER STOPS GAS FURNACE SALES FEB. 26

WPB government order L-31 restricting the sale of gas heating equipment will make it impossible for you to replace the gas conversion burner now firing your furnace after February 26th. The immediate replacement of your old gas burner and old furnace with a new Moncrief, designed especially for gas, will reduce your fuel cost and assure adequate heating equipment for the duration of the war. But you'll have to act quick, for February 26th is the deadline for changing to automatic gas heating.

ALL GAS FURNACES GREATLY REDUCED

To be sure of liquidating our stock as soon as possible, we are reducing prices on all gas heating equipment. Although our stock is not complete and we have only a limited number of any one unit, furnaces are available in most of the more popular sizes. Orders will be filled promptly in order of their receipt, so if you want to change to automatic gas heat using your present pipes and registers, you must buy NOW. All sales and installations for gas replacements stop February 26th. You need only a small down payment, balance in 18 months. Call Hemlock 1281 for full information. All quotations subject to prior sale.

1918 Veterans Plan Tribute To MacArthur

Rainbow Division To Honor Former Commander at Dinner.

Members of the famed "Rainbow Division" of World War I, which was made up of men from all of the 48 states, will gather at the Biltmore hotel at 7 o'clock tonight to pay tribute to their former commander, General Douglas MacArthur, at a testimonial dinner.

Many of the officers of the division and many soldiers—buck privates, sergeants and corporals—who served under the general—will come from as far as New York to attend the testimonial dinner.

A special prayer, in which the former soldiers will kneel and say a silent prayer for MacArthur and his forces fighting the Japanese on Bataan, will be a highlight of the dinner. A review of the general's services during the first war will be made by the men who knew him on the battlefields of France.

Morgan Blake will speak. The dinner was planned and arranged by George H. Norris, who served as machine gunner in the Rainbow Division.

United Nations Plan China Broadcast Today

SAN FRANCISCO, Feb. 19.—(P)—Representatives of the 26 united nations, including the United States, Great Britain, Russia and China, will join tomorrow in a world broadcast, the Chungking radio said today in an announcement heard by the CBS listening station here.

The program, originating at Chungking and to be carried on a 49-meter wave length, will begin at 1:15 p. m., Greenwich standard time (9:15 a. m., Atlanta time).

BRAZIL SEIZES ARMS.

RIO DE JANEIRO, Feb. 19.—(P)—A dispatch from Sao Paulo today reported that police in the coastal town of Cananea had seized a large quantity of arms in an agricultural district occupied chiefly by Germans and Austrians. The weapons were said to include many German-made Mauser rifles of a type no longer used by the Brazilian army.

Good Morning

By LOUIE D. NEWTON.

A NATIONAL LOTTERY.

Gladstone Williams, Washington correspondent of The Constitution, whose daily column, Washington Parade, is read by so many Georgians, rendered a fine service in his detailed explanation of Representative Knutson's bill, proposing a national lottery, and now pending before the congress, in last Friday's issue of The Constitution. Mr. Williams honored me by taking a number of the courses I gave in history while he was a student at Mercer University, and, like every teacher,

Dudley Glass

Among Those Absent

Among the familiar, if not classic, countenances missing from the Georgia Press Institute now in session at Athens, is that of W. G. (Bill) Hastings, vice president of the Dinkler hotel system—in charge of sales and advertising. I don't know what Bill sells, unless it's himself, but he does pass out some advertising, which is one reason for this plug.

Bill speaks today at Cornell University, at Ithaca, N. Y., which conducts a course in hotel operation and management, which has become something of a science. Surprising feature about it is that he was invited for the second time. He spoke there three years ago—yet Cornell still carries on.

Mr. Hastings—if I may call him that without offense—has served the city of Atlanta in a scientific way, yet he still is as modest and unassuming as a grand marshal, with a red sash and a straddle a horse in a Sons of the Revolution parade. Honors have neither swelled him up nor bowed him down.

Bill claims to be a cook, and I'm willing to take his word for it. One reason I can't look some once-favorite vials in the face is because of yielding to amateur cooks' insistence on coming out to the kitchen and showing how.

He also insists he knows oysters. He once maintained that Blue Points, served on the half-shell, were vastly superior to Georgia oysters, from Brunswick and thereabouts. So the chef, Joseph Himmel, framed up an oyster-tasting match for a bunch of hotel men, served them five Blue Points and five native oysters and took a vote. All of the oyster eaters voted for Georgia's product. But I suppose we'll all keep on ordering Blue Points, because they're "imported." And probably we'll get Brunswick Banners. What's the odds, if they taste good?

Hardly Fair Deal

Even worse than the sender of anonymous letters to a writer who dares express his personal opinion on this or that is the anonymous person—usually feminine—who uses the telephone to give said writer a good dressing down. (Watch that, proffessor. It's

I have followed the careers of my students with much interest. Are the American people ready to give their approval to legalizing gambling? Dress it up in any sort of frills, and sprinkle it down with all the perfumes you will, a national lottery is nothing more or less than legalized gambling. The fact that tickets of chance are sold by postmasters, and the money handled by the secretary of the treasury, doesn't lessen the fact that the whole scheme is based on the vicious principle of trying to get something for nothing.

Once again, I appeal to the verdict of history. Take down your history of those nations that have, now and then, resorted to lotteries as a scheme of raising governmental funds, and you will discover that it just doesn't work. Read, for example, the story of the Louisiana lottery. State after state tried lotteries back in the 19th century, only to wind up with headaches of impoverishment and debauchery. In Europe we see the grievous records of lotteries in Italy, France, England, Sweden and other nations.

Gambling is one of the chief vices. It breeds stealing and any man who is tempted to steal from his employer to buy tickets of chance will lie about it and, if pressed far enough, will commit murder to cover up his tracks. Ask any mature employer. Ask any detective. Ask any prosecuting attorney. Ask any judge.

George Washington said: "Gambling is the child of avarice, the brother of iniquity and the father of mischief."

Our nation faces the greatest challenge of history. We have got to make it. We've got to pay and pray and persevere. In this crucial, critical hour of our nation's life, will we invite failure by encouraging recklessness, prodigality, and criminality? God forbid.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up at night. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, peevishness, puffing, swelling, puffiness under the eyes, headaches and dizziness.

What's the Use? Inquires Pessimistic Poet, J. Reeves

We were taught in early childhood, we should have an education—
We were told the great advantage which would come with our degree,
And we burned the midnight lantern, with the utmost celebration,
In the hope the Key of Knowledge, swiftly turned, would set us free.

But it sometimes seems the burning of the midnight oil was wasted
And the hours spent in study netted us but minor gains—
For the fruits of all our labors, keenly sought, are acrid-tasted
And the facts assimilated bring us only bitter pains.

Eagerly we turned the pages, found the continents and oceans,
Learned to bound the states and nations, learned the mountains, deserts, seas,
While our young imaginations, gripped with feverish emotions,
Knew vicarious sensations sailing with some tropic breeze.

But the world we knew is changing; all the boundaries keep moving;
Nations totter, rulers vanish and the glories of our age,
Like the dynasties, long sleeping, are days of disapproving.
All the facts and all the fancies of the mind or printed page.

Thus, we sometimes doubt the value of these mental acquisitions
And desire the Fields Elysian where all ignorance is bliss—
And no longer prize the glories of the world, the high positions,
Which, like snow upon the desert, quickly fade in times like this.

So . . . we scan our daily paper in the hope some simple story
May be found to give us courage, to supply our urgent need.
But each item points a picture with a background grim and gory
And we often wish we'd stayed at home and never learned to read!

—OLLIE REEVES.

"down," not "gown." Nobody calls up to give me a bathrobe, but I don't care. I have a collection and only wish I could loiter longer in these dark mornings.) But I fear I stray from my subject.

The anonymous voice on the phone usually calls when the object of her animosity is at dinner. Or under a shower. Or asleep upstairs.

"You were absolutely wrong about that vile piece you had in today's paper," says the voice. "I

Parley Starts Move To Save U. S. Newsprint

Committee Will Study Paper Situation in Relation to War.

NEW YORK, Feb. 19.—(P)—A meeting of publishers and representatives of various national, regional and state newspaper associations voted yesterday to create a committee on war co-operation and to "make every patriotic effort to conserve newsprint compatible with service to which the American public is entitled."

Walter M. Dear, of the Jersey City (N. J.) Journal, president of the American Newspaper Publishers' Association, presided at the meeting and was authorized to appoint the committee, which is to report to another meeting of the newspaper representatives within 30 days.

A resolution adopted unanimously said in part: "That we request the proper agencies of the government to keep newspapers informed promptly through the facilities of their national and regional associations of any change in the status of the contributory factors in newspaper publishing such as availability of materials, machinery, manpower, transportation, etc., looking to the expectancy that newspapers will readjust their conservation programs from time to time to conform with the program necessary to war demands."

The answer to "How to Get More Business"—Use Constitution Want Ads regularly. They're dependable.

think you're being paid by somebody with an ax to grind."
"Sorry, but I'm not," I respond. "Who's speaking, please?"
"Oh, you wouldn't know me," says the voice. "And it doesn't matter. But—"

And that's where I hang up the phone, just as I drop anonymous letters into the wastepaper basket.

It isn't fair. The voice knows who I am, where I work, my home address, my telephone number. Haven't I a right to know at least the name of my critic?

This is a country of free press—and also of free speech. Anybody who differs with me or with this newspaper has a right to be heard and will be heard, courteously. Provided we know who's writing or talking. That looks fair to me.

Department of Understatement, as the New Yorker would head it: Georgia boy wrote home from Pearl Harbor: "We had a little trouble with the Japs the other day."

Three Prisoners Still at Large

Three of five prisoners who escaped from the "bullpen" in the basement of the Fulton county courthouse Wednesday were still at large yesterday.

Bennie Lee Timbs, convicted robber who was said to have led the rush, brandishing a pistol, when Deputy Sheriff J. W. Aske opened the door so that a waitress could sell soft drinks to the men, surrendered yesterday, as did

John Henry Webb, a Negro fugitive. Webb later was convicted on a felony charge and sentenced to serve 12 months on the public works.

Saudi Arabia Expels Mussolini's Legation

LONDON, Feb. 19.—(P)—The government of Saudi Arabia, strongest of all the Arabian states, has expelled the Italian legation from Jeddah at the request of Great Britain, it was announced officially today.

Crackers Complete Deal for Letchas; Petrino Called Into Army

Gill in the Game

BY JACK TROY

A Game Check Not that I want to stick an inquisitive nose into somebody else's business, but what's good for Michigan in outdoor affairs wouldn't be any handicap to Georgia.

In mid-February every year hunters who sally forth in the fields of Michigan are required to mail a detailed report of their season's kill to the state conservation department.

I understand that the department takes a hunter's word for it—true sportsmen won't lie for the sake of a little game, anyway—and by this method it is possible to make an accurate check on the season's depletion of wildlife.

Some time ago almost everybody connected with Georgia's State Wildlife Department, from the Governor down, made trips to Wisconsin to study methods there.

By an incongruous twist, these political-minded emissaries picked a state whose wildlife department is out of politics. The affairs are handled by a civilian commission.

And so it was a foregone conclusion that the findings of the Georgia delegations would be that "the methods in Wisconsin can't be adapted to Georgia."

Stickers urge sportsmen to "Stop Over in Georgia for Good Hunting," and it would be a most enlightening record—a poll of hunters' game bags for the season as Michigan does it.

If the state department is so SURE there is a lot of game to be bagged in Georgia, let this system be adopted at once for inauguration next hunting season.

Same Old Tax Taxes now are being piled on top of taxes, and there will be no change in the Pittman-Robertson act next year. Those who'll still be around to hunt will continue to pay a 10 per cent federal tax on every box of shells. And will continue to get nothing in return.

War naturally has a tendency to minimize such things as wildlife. And yet it is an item that goes hand-in-hand with the Hale America idea. Then, too, it is a source of no small revenue to the state government through licenses.

No one complains about the 10 per cent excise tax on shells. The complaint is that the Governor vetoed the enabling act which would have given Georgia a magnificent share of Pittman-Robertson funds for use in conservation and propagation.

This money is gone for good. Other states were handed Georgia's share. That tax money went up in smoke. Georgia could have had a size and creel limit in fishing, too, and it might have helped in view of all the destruction of fishing caused by polluted streams.

But this was vetoed also. The general idea was that the Governor didn't want friends going out fishing with no bait on their hooks, so to speak. And then, to cap it off, seining was allowed in certain counties.

That took the rag off the bush, as the saying is. And the point of this whole thing is that, regardless of whose methods we copy in wildlife, it's high time we copied somebody's that work for the GOOD of the people.

Pros Hard Hit The other day George Halas, owner of the Chicago Bruins in the National Basketball League and also owner of the Chicago Bears in the cash-and-carry pay-for-play football circuit, said that pro basketball in 10 years has advanced farther than pro football.

Both have attained a sort of zenith and both may be telescoped by war. It's a sure thing that pro football is to be hit hard by the fact of so many college seniors entering the services. Then, too, the majority of active players are eligible for draft.

The same is true of professional basketball. The Army and Navy are taking the players right and left and replacements are scarce. The Celtics and Kautskys are not optimistic.

A boom is possible in amateur sports, but there is nothing bright in store for the professionals in the sports mentioned herein.

Browne Slated To Take Over At First Base

Mann Is Unconcerned About Holdout of Pete Thomassie.

By JOHN MARTIN.

Earl Mann passed the reported holdout pitch of Pete Thomassie yesterday and came up with a double play. One worked for his Crackers and the other against.

After he had refused comment on what he apparently believes is another badly judged fly by a freshman outfielder, Mann announced that the deal for Charley Letchas, Lookout veteran, had been completed. This made second base safe.

PETRINO OUT.

In the same gesture he erased the name of Pat Petrino from first base. Petrino, whose status with Uncle Sam's shooters had been in the balance for several weeks, has received his final walking papers. He must forget the monkey suit of the Atlanta club for a gun and bayonet in the Army.

Petrino's loss will bring the veteran Earle Browne from the outfield to take over Lester Burge's old job to which the Italian had

GUS LETCHAS.

graduated after a year's seasoning. Browne was bought from Chattanooga as an outfielder, but will not be a greenhorn at first, a position which he has handled creditably between trips to the garden.

TO SIGN SOON.

The formal signing of Letchas will be accomplished soon, Mann said. He had been given permission by Washington to make a deal for himself and the star second baseman sought a spot with the Crackers, a preferred club among minor leaguers.

Commissioner Landis approved the deal yesterday, making it lawful for both sides.

Mann said that 23 Crackers had returned signed contracts. He was not concerned much with Thomassie's refusal to accept terms.

Purdue Coach Resigns Post; Enters Navy

LAFAYETTE, Ind., Feb. 19.—(P)—Allen H. (Mal) Elward is putting aside football coaching a second time to serve his country in war—in the Navy.

The fighting little, grizzled general last night turned in his resignation for the job of head coach of Purdue University which he had held almost five years.

"I have come to the conclusion," he wrote President Edward C. Elliott and trustees, "that I can better serve my country in these perilous times in some other position."

He said he had applied to re-enter the Navy. He was in that service five years in the World War and came out a lieutenant (senior grade).

Bowling

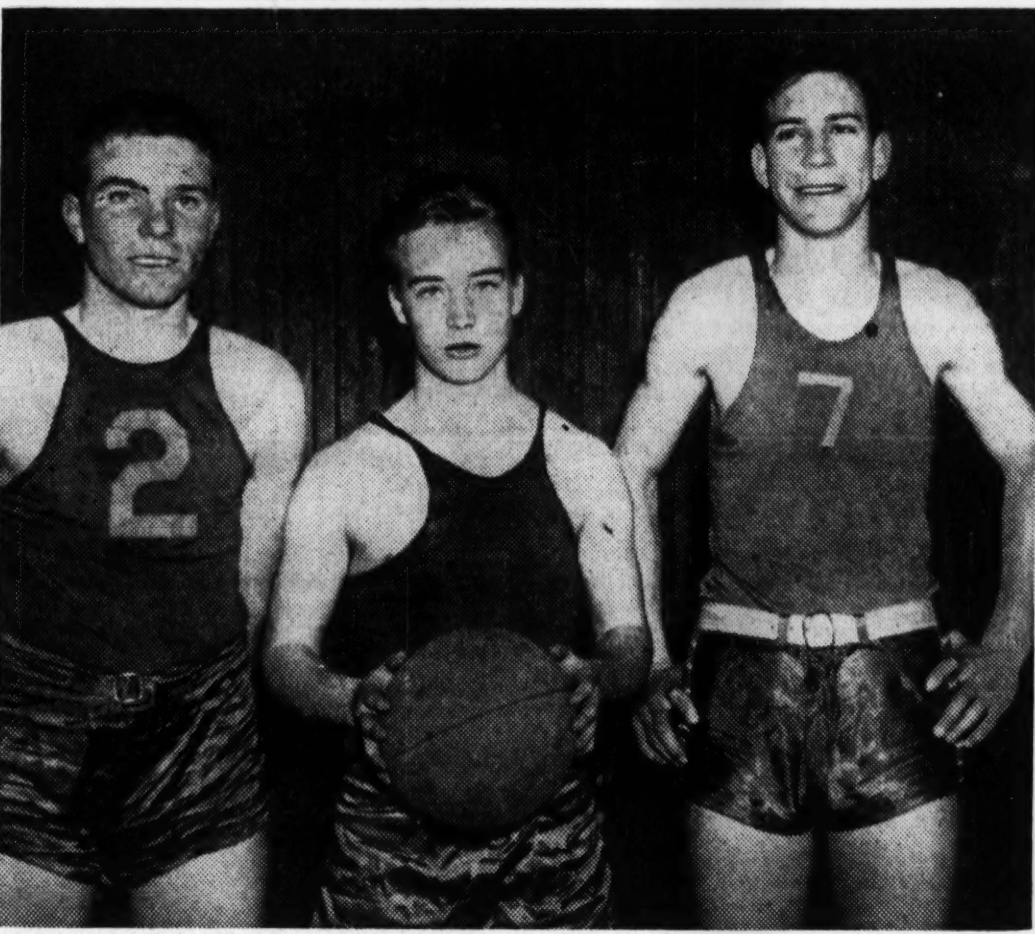

Records were smashed right and left in weekly league matches by teams in the Ladies' Commercial League. Anderson's Flowers bowled three games of 581, 546 and 519—a set of 1,646, which is high for Atlanta this season and very close to the all-time high set of 1,677 rolled some years ago by a picked team. The 581 for a single game also is a new season record, supplanting the 573, which had previously been bowled by Bick's Bowling Center and the Original Waffle Shop teams. The big team match scores were as follows:

Totals— 581 546 519 1646
This team had high set before this week's big scoring spree, with 1,632.

Estelle Warrington had a fine chance of topping the season's record of 373 for three games, now held by Ethel Glass. Her first two games were 134 and 138, a total of 272. Needing only a score of 102, which is below her average, Estelle ran into a series of bad splits which cost her a chance of breaking this record also.

THOSE GIANT KILLERS—Here are three big reasons Coach Martin Kelly's Marist quintet has become the sensation of the Big Six Prep League. Without a single victory to their credit in the first half, the highly improved Cadets have smashed Tech High, G. M. A. and Commercial in a row in the second half. They face their greatest test against Boys' High tonight at Grady court. Left to right are "Jonesboro" Perry Roberts, freshman southpaw who leads the team in scoring with 77 points; Jack Carver, scintillating floor man, and "Big Chief" Jack Mays, perhaps the league's best pivot man. Veteran Andy Marinos, a brilliant dribbler and spark plug, and Jim Maher round out the first team.

'Giant Killer' Marist Five Faces Leading Purples

Keithmen Face Stern Test at Grady Tonight; Smithies Engage Typists at Boys' Club.

By CHARLIE ROBERTS.

Young David, who took Goliath to the cleaners with a slingshot, and the fable-born Jack, who climbed a bean stalk to "rub out" another big fellow, had no more success at giant-killing than the one-time humble Marist quintet, sensation of the Big Six basketball league, which must face Boys' High, the most potent behemoth of prep cage circles, in a highly important loop game at 8 o'clock tonight at the Henry Grady court.

After failing to cop a single league victory during the first half, Coach Martin Kelly's Cadets came back to the second half wars with a quint which resembled the early-season team only as to the names in the line-up. This new machine which upset Tech High and G. M. A. in quick succession is then completely outclassed Commercial for their third straight victory, was a scrapping, smooth-working unit and a good test for any ball club.

The Cadets may not be quite good enough to spill the Parkway Drivers, who have up a full head of steam themselves, but Andy Marinos, Jack Mays, Perry Roberts and Company should put up a real battle before going down.

Marinos, a spark plug guard who gets his points when the going is roughest, is one of the finest players in the league. Rival coaches consider "Big Chief" Mays the most valuable man to his team in the league. He is a brilliant retriever of balls off the backboards and gets his share of scores, too. Roberts, freshman southpaw from Jonesboro, is a gangling, unorthodox type of youngster who does most of the team's scoring via the one-handed, back-court shot route.

AUG. L. A. A. Guard Clint Casleberry, who is so good at most everything his scintillating performances are taken for granted; Dave Hambrick, recently a heavy scorer, and "Cassius" Hughes, fine Boys' High pivot man, likely will have plenty to do if they are to halt the Marist onslaught.

The Canton-G. M. A. game has been postponed until a later date because the Greenies are engaged in their district tournament, but Coach Swede Phillips' Tech High five faces Commercial at 3:30 this afternoon at the Boys' Club. The BIG SIX STANDINGS are as follows:

Team	W	L
Boys' High	7	1
Tech High	6	2
Canton	4	4
Commercial	2	6
Burroughs	12	0

Leahy, Butts To Coach at Clinic

ABILENE, Texas, Feb. 19.—(P)—Frank Leahy, of Notre Dame, was named yesterday as instructor of the annual Texas high school coaching school scheduled here August 3-8.

Selection of the Notre Dame mentor completed the staff. Leahy and Wallace Butts, coach of the University of Georgia, will serve as head instructors and coach the all-star high school football teams that play on the final night of the school.

Leahy's assistant, Backfield Coach Ed McKeever, one-time Texas Tech star, also will have a spot on the week-long program.

S. E. C. Quintets Considered for Gotham Meet

NEW YORK, Feb. 19.—(P)—Thirty-four colleges, seven of them from New York city, are being considered by the Metropolitan intercollegiate basketball committee for the invitation tournament at Madison Square Garden, March 17, 19, 23 and 25. Eight teams, two probably from New York, will be invited.

Those from out of the city under consideration are, Alabama, Arkansas, Bradley, Brigham Young, Canisius, Colorado, Creighton, Dartmouth, Duke, Illinois, Kansas, Kentucky, Notre Dame, University of Oklahoma, Oklahoma A. & M., Penn State, Rhode Island State, Rice, Rochester, Southern California, Stanford, Tennessee, Toledo, West Texas State, West Virginia, Western Kentucky and Wyoming.

Lion Coach Pays Jackets a Visit

Bill Edwards, coach of the Detroit Lions National Football League professional team, was a visitor at Georgia Tech's spring workout yesterday.

Edwards is making a tour through the south, looking over potential players for the play-for-pay circuit. He looked at several movies of Tech games last season.

Lou Ambers Joins U. S. Coast Guard

NEW YORK, Feb. 19.—(P)—Luigi d'Ambrosia—Lou Ambers of the fight game—enlisted in the United States Coast Guard today and was given a rating of boatswain's mate, first class, because of special qualifications.

It was said the former world lightweight champion would go through routine training in seamanship and then probably would be made one of the Coast Guard physical training directors.

Lou is married and has two children. He is 28.

Military Police Win Over Medical, 50-28

The Military Police overwhelmed the Medical Detachment team, 50-28, in a basketball game at Fort McPherson last night. Cooper, with 21, and Swan, with 20, led the scoring for the Police, while Burroughs' 12 topped the losers.

Scarcity of Southpaws Gives Chipman Break

Ex-Cracker Has Excellent Chance To Stick With Dodgers; Wyatt, Higbe Miss First Drill.

HAVANA, Feb. 19.—(P)—The Brooklyn Dodgers opened their spring training today and right away Manager Leo Durocher confided in booming words "They're the kind of a ball club I been looking for."

This all-out—if it was—observation came after Durocher demanded:

"They got the kind of spirit that gets them in there scrapping. I'll miss some of the boys, particularly Wasdell. He was that kind of a player, and I'd never traded him if I didn't have to." But he admitted that sometimes the fighting spirit got out of hand. "I'm going to try," he said, "to get Johnny Rizzo to stop storming at the people—to let the public alone. I don't care how much he storms at the players, or me, but the public—that's different."

Durocher confessed he was going to do a lot of "looking at the pitchers" which brought up the painful matter of the absence of hurlers Kirby Higbe and Whitlow Wyatt, who are not in camp. It was a ban against players' wives in camp that kept Higbe in Miami. The Dodgers' scarcity of left-handed pitchers made chances look good for Robert Chipman, 22, a southpaw from the Atlanta club. However, the two newcomers with the best chances of sticking are Eddie Head and Chester Kehn, from the Dodgers' Montreal farm.

Mioland, Porter's Cap, Pictor To Race Today

Three Colts, With Total Winnings of More Than \$400,000, Seek \$1,500 Hialeah Purse.

MIAMI, Fla., Feb. 19.—(AP)—Three thoroughbreds with total winnings of more than \$400,000—Mioland, Porter's Cap and Pictor—and two other horses will match strides at Hialeah Park tomorrow with the winner's share of a \$1,500 purse as the immediate goal.

Actually C. B. Howard's Mioland and Porter's Cap and W. L. Brann's Pictor were entered in the mile and an eighth OPA Locka purse as part of their training program for the \$50,000 Widener March 7. Howard and Brann will be far more interested in seeing whether their stars are rounding into form than in the relatively minor purse involved.

Sir Marlboro, which won the \$5,000 Miami Beach handicap on the turf and later equalled the mile and a sixteenth grass record of one minute, 44 and four-fifths seconds, and City Tank will compete the five-horse field.

Lithonia, Tucker Win First Round

Lithonia and Tucker's boys' basketball teams captured opening-round contests in the DeKalb County High School League tournament, which began at the Southwest DeKalb gym last night.

Lithonia defeated Avondale, 38 to 7, and Tucker humbled Candler, 38 to 14. Top-seeded, Hamblee will get into action against Tucker in the feature game on tonight's schedule at 9 o'clock. The victorious Lithonia team will battle Clarkston in the 10 o'clock game tonight. Morris' 12 points was high in the Tucker-Candler game, and Smith's dozen led the Lithonia boys.

The favored Lithonia girls ran away from the Avondale team by the score of 40 to 17, with Kelly counting 20 points, three more than all her foes combined. The Southwest DeKalb girls defeated Tucker, 34 to 21.

Hearn Shoots Goal 10 Feet Beyond Center

Tight Tech Defense Holds Georgia To Two Field Goals in First Half.

By JOHNNY BRADBERRY.

Georgia Tech's sharpshooting basketball team outlasted their ancient rivals, Georgia Bulldogs, 49 to 29, last night in the first of the annual two-game series before a capacity crowd at the Tech gym.

The Yellow Jackets, led by the sensational shooting of Captain Carlton Lewis, Jake Lance, Jimmy Hearn and Dave Crosby, completely overshadowed the fighting Bulldogs to win going away.

The Techs jumped into a big 11-2 lead after eight minutes had been played and increased their margin to 21 to 10 at intermission. Lance led the assault in the opening stanza, shooting nine of his 12 points.

LEWIS GETS 17 POINTS.

It was Lewis in the second half as the Tech captain came through with 10 of his 17 markers to climax the victory. Crosby contributed eight points in the second half and Hearn came through with nine the entire game.

Georgia's meager point-manufacturing was evenly spread among the five starters. Captain Bobby Moore got eight, Rusty Sproull seven, Ken Keuper six and Buddy Roland five.

The Jackets presented a tight defense, especially in the opening half when the Bulldogs were able to shoot only two field goals. However, throughout the game, shots by Sproull and Moore rimmed the basket time and again, but seldom dropped.

LENGTHY FIELD GOAL.

Hearn, in addition to his shooting, played a great game for the Jackets. He continually grabbed the ball from under both baskets and passed accurately to teammates for crisp shots. In addition, he contributed what was probably the longest field goal in history of the Tech gym when he shot one from 10 feet back of the center line with only five seconds left in the first half.

The Jackets won the game with superior goal shooting and by controlling the ball a great majority of the time. Under both baskets, Lance and Hearn used their height to great advantage. The teams met again Saturday night in Athens in the final game of the season for both teams before the tournament.

THE BOX SCORE.

Ray Robinson figure to have a winning evening in Madison Square Garden tomorrow night at the expense of Maxie Berger.

TECH'S BALL, AS USUAL.—"Boneyard" Johnson, lean jacket forward (No. 9), goes up and comes down with the basketball in a fight off the backboard in the Tech-Georgia game here last night. Possession of the ball kept Tech in the lead all the way. The Bulldog nearest the camera, contesting with Johnson, is Morris Phelps, a

guard, No. 14. Bobby Moore, Georgia guard, is practically obscured by Phelps. The Tech man, No. 16, to the right, is Jake Lance, center. To the left of the scramble is Jimmy Hearn, No. 5, Tech guard; Bud Roland, No. 8, Bulldog forward, and George Poschner, No. 5, Georgia forward. Tech won, 49-29.

Clown Kovacs Has Been Pain To Net Solons

'Can't Win If I'm Serious,' Complains Magnificent Screwball.

Handsome, 6-foot-3-1/2-inch Frankie Kovacs is the blithe spirit of tennis. Although his unpredictable actions on the tennis courts of the nation have earned him the sobriquet of the "Magnificent Screwball," there is method in his madness. Kovacs will play at the city auditorium Monday night with Budge, Perry and Riggs in their \$100,000 series.

Of Kovacs, Don Next, once said: "He can be our next champion if he only remains serious." There's nobody he can't beat when he's serious. "Budge is all wrong," said Kovacs. "Me get serious? I've tried it and it just doesn't work. I've tried to get grim on the court, and I was so busy being grim I couldn't play tennis."

Perhaps his best known tilt with the amateur officials was during the national championship at Forest Hills in 1940. During the early rounds Frankie had been in his glory, clowning all over the place, to the huge delight of the crowd. This exhibition of irreverence toward the sacred traditions of Forest Hills was too much for the officials. They went into a huddle and came up with a plan to deprive Kovacs of his audience—or most of it. They scheduled his match with Charlie Johnston for the smaller grandstand court, giving the preferred stadium spot to another match.

It was a mistake. Before the first set had come to a close the old wooden grandstand was filled to capacity, with hundreds milling around outside trying vainly to get in. The great concrete bowl of the stadium was relatively empty, Kovacs' public had come to pay tribute to its idol.

For ticket reservations to the show here call VE. 6321.

'Y' Boxing Slated Tomorrow Night

As a warm up to the Golden Gloves beginning March 2 at Sports Arena, four teams will meet in a general boxing match at the Y. M. C. A. Saturday evening. The first match will begin promptly at 8 p. m. and there will be about 16 bouts on the card, comprising teams from the Fort McPherson Motor Transport School, G. M. A., Atlanta Boys' Club and the Y. M. C. A.

A small admission charge will be made to cover expenses and all profits will be given to the soldier team to buy equipment to enter the Golden Gloves.

Mrs. M. K. Bailey Wins at Candler

In spite of the inclement weather some of the members of the Metropolitan Women Golfers braved the breezes and played on. Mrs. M. K. Bailey won low net at Candler Park golf course on Wednesday morning with a score of 75. Other winners were Mrs. W. G. Hastings and Mrs. J. J. Garrett.

BASKETBALL.

BELL DOWNS ERIKSON.

The deadlock between Bell System, Gasco and Erikson Manufacturing Company for first place in the City League was broken Tuesday night when Bell downed Erikson, 48 to 39. Dental College took the measure of Gasco, 40 to 32. Erikson's victory was a 35-to-33 triumph over Calvary Methodist to move out of the cellar, while Quartermasters Training School had to come from behind to lower Army M. R. U. 31 to 24. Bell System lost little time on the card, the upper hand over Erikson and with all members hitting for markers they were able to hand the Manufacturers a trouncing.

In handling Gasco its first defeat of the season, Dental College Greens did what no other team had been able to do all year.

Current Movie Offerings Win Critics' Praise

Outstanding Productions Provide City Good Entertainment.

By LEE ROGERS.

The jackpot of good movie entertainment fell again this week with four of the first-run offerings being in the running for cinema awards and the fifth a good laughfest of no real importance about army life.

"How Green Was My Valley," in technicolor at the Fox, is one of the best films the motion picture industry has to offer. "Woman of the Year," uniting Katharine Hepburn and Spencer Tracy in an outstanding film, is at Loew's, while Disney's new creation, "Dumbo," a very choice bit of entertainment, is at the Paramount. "The Lady Is Willing" is offered by the Rialto, again a movie worth anyone's money. Jimmy Durante attempts to steal all the scenes in "You're in the Army Now" at the Roxy, but it's funny.

rankings among the first three on anyone's list of the best films produced in 1941. It's that good. Careful, studious direction, with an eye to production perfection and detail. Beautiful acting by a well-chosen cast, in portrait-like technique.

That's the film currently being offered at the Fox theater. Frankly, it's heavy, but it is one of the most engrossing tellings of a story you ever sat down to see and hear.

It is told through the eyes of the youngest member of a Welsh mining family, played by Roddy McDowell, in the greatest kid performance of the year. It grows up with him—the family's pet because he is the youngest. It tells of an upset family and village when the school bully in the neighboring village beats up the little "scum" from the mining district, the comfort he gives sister, who is unhappily married, the loving care the entire family showers on him.

Walter Pidgeon, cast as the minister whose far-sightedness foresees the hardships that are to come to the miners with the machine age and the strikes, gives the crowning performance of his career to date. His restrained romance with Margaret O'Hara, Roddy's sister, furnishes another tender spot for the story.

From the comedy standpoint, Donald Crisp's scene in the Saturday afternoon tub in the backyard of the dist of the coal mine is outstanding.

Barry Fitzgerald, as the ex-fighter who attempts to teach Roddy to fight, is comic. Other outstanding members of the cast are Anna Lee, John Loder, Patricia O'Hara, Roddy's sister, particularly the latter as the long-suffering wife and mother whose heart almost stops each time the

emergency whistle blows at the mine. John Ford was director.

Hepburn Is Great
In Comedy at Loew's.

If she wants to, for the purposes of the cinema, Miss Katharine Hepburn can pretend an appalling ignorance of and a treasonable disrespect for the mighty American sport of baseball because, actually, Miss Hepburn is a woman who knows how to pitch 'em over the plate when it comes to choosing and casting her own vehicles.

"Woman of the Year," current at Loew's Grand, is a picture Miss Hepburn is reported to have chosen for herself, complete with Co-Star Spencer Tracy and Director George Stevens, and to have anxiously mothered from early story stages until it saw celluloid. She did all right, too. Hepburn is at her high-spirited best in one of the smoothest, gayest and most completely beguiling comedies of any time.

"Woman of the Year" concerns a woman who continues to be, intellectually, a combination Dorothy Thompson and Eleanor Roosevelt and at the same time an engaging, freckle-faced damsel a sports writer would have the courage to fall in love with. Tracy is the rugged American sports writer who can love, but can't be happily married to, he calls "an international calamity."

Their efforts to work out their marriage in the face of bewildering and hilarious obstacles growing out of the bride's career are amusing and not a little touching. The arrival of assorted refugees the first night of their marriage, the staccato clatter of teletype machines over which Miss Hepburn hovers, the eternal vigilance of her petulant male secretary, Gerald, and the adoption of a Greek refugee son in less than a week of their marriage, are just a few of the episodes. The appearance of Fay Bainter as the bride's sympathetic maiden aunt, and Minor Watson as her diplomat father, offer occasional welcome moments of sanity and relief.

Spencer Tracy turns in his usual high-grade performance and Miss Hepburn hasn't been as good since "Christopher Strong" or "Little Women."—CELESTINE SIBLEY.

'Lady Is Willing'
Feature at Rialto.

"The Lady Is Willing," new Columbia romantic-comedy, which opened at the Rialto theater yesterday, is one of the brightest, most amusing comedies to come out of Hollywood in many months. Starring Marlene Dietrich and Fred MacMurray, the play provokes many laughs with fast moving, witty lines and interesting complications, which in each case are interestingly solved by Miss Dietrich, who plays the role of a Broadway actress, with a yen for stealing babies.

The play opens with Miss Dietrich holding the stolen baby in her arms. Fred MacMurray, as an obstetrician, is called in to prescribe for the new infant. Miss Dietrich is shocked to find that the "girl" she has "adopted" is not a girl, but instead a boy. Fred is drawn into marriage when Marlene finds that she must have a husband to keep the baby.

A "Three Stooges" comedy and a culinary short combine with the feature to make for a well rounded bill.—PAUL JONES.

'Dumbo' Tops Good
Program at Paramount.

Mumbo Jumbo and you have "Dumbo," the Mother Goose of the movie world, now showing at the Paramount theater.

How Walt Disney's staff can turn up with such an entertaining feature—rather, keep turning up with them—is something to marvel at.

Every kid in America ought to see this one. And don't think that means the grownups won't get a kick out of it. Taking Junior or Sissie to see this one is like going to the circus. The parents have just about as much fun as the kiddies.

The "pink elephant" sequence, during which Dumbo and Manager Timothy Mouse, a great little scene-stealer, get squeeze-eyed on champagne or somepin, is a brilliant presentation as far as this fellow is concerned.

Besides the feature, the Paramount offers several good shorts, as well as a newsreel which draws applause. It shows the Navy bopping a Japanese base in the Pacific.

One short shows a couple battling deep sea fish. This includes some of the finest action shots you'll see of a marlin being brought to gaff.—AL SHARP.

Army Life Comedy
Stars Durante at Roxy.

Spotted with some really good chuckles, "You're in the Army Now" opened at the Roxy yesterday with Jimmy Durante hogging the clown scenes, but managing to provide a healthy portion of slapstick comedy in a tank.

Jimmy and Phil Shivers team in the comedy, starting as salesmen who oversell themselves into the Army. Once in, they meet the beautiful Jane Wyman, daughter of the comical cavalry colonel, to whom the War Department is trying to break gently the news his outfit is to become a tank unit.

streams, houses and the parade grounds to sell tanks to him. He moves the colonel's house with a tank, almost having it destroyed by an onrushing train when connections become unfastened on a hill, sending the house rolling backward to a stop on the rail tracks. Romance is almost missing. As is plot. A little less Durante would have helped.—L. R.

Retreaded Tires Release Postponed

No recapped or retreaded tires for automobiles will be released in Atlanta during February, State Ration Officer T. M. Forbes announced yesterday, adding that the scheduled release of retreaded tires for trucks had been postponed from yesterday until Monday. Beginning Monday, retreads and

recaps for trucks will be available through allotment of certificates by the local rationing boards. These tires cannot be sold or released until Monday, Forbes said.

Constitution Staff Photo—H. J. Clayton.
PAUSE FOR A REUNION—Virginia Prewett, left, nationally known commentator on Latin-American affairs, is spending the weekend in Atlanta visiting her sister, Mrs. Robert H. Hogg Jr. Miss Prewett is on her way back to New York to prepare a new book for publication. In it she will digest the lessons she learned on a tour of South America which began last October. Her last book on the market was "Reportage on Mexico."

Latins Admire Cordell Hull, Writer Says

Virginia Prewett Here After Long Study of South America.

By LAMAR Q. BALL.
Cordell Hull, the shy, hard-laboring old Tennesseean who quietly guides the foreign affairs of the United States government, is beloved of all the people in South America, according to Virginia Prewett, who paused in Atlanta yesterday after a five-month study of conditions among the Latin neighbors to the south.

"Everyone in South America trusts Cordell Hull," she announced calmly and positively, with all the emphasis of first-hand knowledge. This Miss Prewett knows her Latins.

Starting in 1932, she spent four years in Spain, learning the languages, learning the customs of the Spaniards, studying their thoughts and practices of economy and of politics. While she was there, she watched the opening scenes of the present world tragedy.

Back home, she wrote for a few magazines and then slipped down to Mexico for a thoroughgoing study of conditions in that country. The result was her first formal book, "Reportage on Mexico."

In that book, she reviewed the growth of the country from the period of the conquest; she reviewed impartially Mexico's controversies with this country over her petroleum resources; she analyzed that nation's politics; gave an inside story of the assassination of Trotsky; she pictured the Nazi penetration of the country that is now allied with the United States in its war with the Axis—and, as a result, critics throughout the country declared this book to be vivid, timely, informative, authentic and sympathetic.

Was Weekly Editor.
She was decorated with a lot more laudatory adjectives as a result of this first book and was rewarded by her publishers, E. P. Dutton & Company, with the assignment to this South American job for which she has just finished gathering her material.

Virginia Prewett's ability to do a first-class job of reporting has carried her far since the time about 15 years ago when she was editor of a weekly newspaper in Tennessee. She later worked on the staff of a Nashville daily newspaper and then moved on to New York and Washington, where she has been doing free-lance writing for newspapers and magazines.

She visited Atlanta yesterday and will be here over the week-end because she is the sister of Mrs. Robert H. Hogg Jr., of Atlanta. Mrs. Hogg is the former Frances Constance Prewett, who was married last year to well-known Bob Hogg, Atlanta business man.

Traveled Far.
The Prewett sisters were born in Cordova, Tenn., but Miss Virginia Prewett alone decided to dedicate her life to the fascinating job of reporting, a field in which she has traveled far because she loves that work more than anything else the world has to offer.

to be done to accomplish a job of inter-American co-operation.
Differences Forgotten.
"The United States," she said yesterday, "needn't worry about any problems of the past, even the recent past, between North and South America. Today, the mistakes of yesterday are forgotten just as we in the south have forgotten our differences with the north during and after the Civil War. Any ill feeling of the past is just so much dead wood today."

"The average South American—in any of the countries down there—recognizes the United States as a great power in world affairs, and particularly as a great friend in these times of worry and stress. It will be friendly to South America, the people of that continent will be friendly to us."

"I include the Argentinian when I say that."
Few Listen.
"There are plenty of German and Jap and Spanish Fifth Columnists at work down there, but the only South Americans who listen to them and heed their suggestions are the old loggerheads

who are ready to be stowed away on a shelf at any moment."
"The South American is a virile person—very much of the type of our Texan. He leads a healthy outdoor life and loves his independence. There are lots of Irish and English in those countries. Too many Americans have a distorted view of the population of those countries."
"In Argentina, I'd say, 80 per cent of the population is determined to have a democratic form of government. The governmental leaders down there right now will have to bow to the will of the majority and follow the United States and the other democracies of the world in this conflict."

Roosevelt Liked.
"I know the people of that country. I didn't see merely the hotel life—the tourist's limited horizon. I talked with the bootblacks, the scrubwomen, the farmers, the taxi drivers, as well as officials of the banks and the governments."
"They like Roosevelt. They admire him much more than the

citizens of the United States do. They like the way he has handled himself in the conflict. They like Sumner Welles. He is well established down there."
"They are crazy about Cordell Hull. They believe in him and they know that he will do whatever he promises to do. They have no fear of dealing through him. There is no one in the Axis to whom they could turn with a similar admiration and affection and deep sense of confidence."

Soon To Join British

London, Feb. 19.—(AP)—Informed sources said today the 35,000-ton battleships Anson and Howe, the newest of the King George V class, soon would join the British fleet.
They based their statement on Prime Minister Churchill's declaration Tuesday that before the German battleships Schornhorst and Gneisenau could be put in fighting trim "the Royal Navy will be reinforced by various important units of highest quality."

Columbus Women Face Charges of Vagrancy

COLUMBUS, Ga., Feb. 19.—(AP)—Twenty white women and 13 Negroes, arrested during the past 10 days by the police vice squad, today were bound over to city court on charges of vagrancy.
Eighteen of the white girls, who gave ages ranging from 18 to 22, entered pleas of guilty and were placed under \$50 bonds. Thirteen of them gave out-of-town addresses, including Blakely, Atlanta, Aniston, Ala., and Knoxville, Tenn. During their detention the women will be given medical examinations by local health authorities.

INCOME BOOSTED.
NEW YORK, Feb. 19.—(AP)—Western Union Telegraph Company today announced its net earned income for 1941 totaled \$7,366,240, after provision for federal taxes, compared with \$3,621,581 in 1940.

Rites at Yorkville For Accident Victim

DALLAS, Ga., Feb. 19.—Pascal Jones, 65, of Yorkville, died at the Matthews hospital here yesterday morning, as the result of an accident Tuesday evening, when his truck overturned in a deep fill on the Rockmart-Dallas road. He was alone at the time of the accident.
Funeral services were conducted Thursday afternoon at the Yorkville Methodist church. He is survived by his wife; his mother, Mrs. B. C. Jones, of Yorkville, and four sons, P. W. Jr., Dixie, Bobbie and Jimmie, of Yorkville; four daughters, Mrs. Albert Pace, Mrs. Claude Waits, of Atlanta; Mrs. Jessie Morgan, of Rockmart, and Marjorie Jones, of Yorkville.

Ware Almost Doubles Polio Fund Quota

Special to THE CONSTITUTION.
WAYCROSS, Ga., Feb. 19.—Waycross and Ware county exceeded its quota in the President's birthday celebration campaign by a wide margin, according to figures released today by Jack Williams Jr., chairman for Ware county.
Assigned a quota of \$965.51, contributions of Waycross gave a total of \$1,581.45. This is three times larger than any sum raised in previous celebrations, it is revealed.

Michigan Visitors Inspire Numerous Social Affairs

Among popular and attractive visitors in the city are Mr. and Mrs. James Graves and Dr. David Bagshaw, of Saginaw, Mich., who are the guests of Mr. and Mrs. Sam A. Johnson and Mrs. Lena Brittain. During their stay they are providing the inspiration for a series of interesting, informal parties.

The trio will be central figures this evening at the small dinner party to be given by Mr. and Mrs. Goodloe Yancey at their home on Valley road. Tomorrow evening they will be honored at the small dinner party to be given by Mr.

and Mrs. Howard S. Canfield at their home on North Decatur road. Mr. and Mrs. Evan McConnell will compliment the visitors at an open house to be given Sunday afternoon at their home on Springdale road.

Mrs. Goodloe Yancey and Mrs. Howard S. Canfield will assist in entertaining.

Calling between the hours of 5 and 7 o'clock will be 75 friends of the hosts and honor guests. Mr. and Mrs. Johnson also will entertain in honor of their guests, this affair to be an informal dinner party on Monday evening at their home on Virginia avenue.

Pilot Club Plans Tea For Saturday

Members of the civic committee of the Atlanta Pilot Club will entertain at an informal tea on Saturday at the home of Mrs. Carlyle Fraser, 2 Vernon road, from 4 to 6 o'clock.

Receiving guests will be Mrs. Reade P. Ashurst, president, and other officers of the club; Mrs. Gene Berkey, Miss Bertie Hale, Mrs. Callie Neese and Miss Alice Berry.

Miss Tommie Parrish, third vice president, is chairman of the civic committee. Mrs. Belle Bond, Mrs. Carolyn Seivers, Mrs. Polly Wing and Miss Carletta Babb, other members of the committee, will assist in entertaining. Miss Babb will keep the guest book.

Presidents and members of important women's organizations of the city have been invited.

G. S. C. W. Alumnae.

The Georgia State College for Women Alumnae Club of Atlanta will be entertained Saturday at luncheon in the home of Mrs. Logan Thompson, on the Smyrna road.

An interesting program has been

K. D. K.'s To Give Dance Saturday

The Sigma Chapter of the Kappa Delta Kappa, national high school fraternity, will entertain at a buffet supper and dance at the Tuxedo Hunt Club Saturday evening at 8 o'clock.

The officers and their dates are: Dick Gilbert, president, with Miss Margot Bennett; Frank Block, vice president, with Miss Helen Walkley; Ed Castleton, secretary; Alvis Weatherly, corresponding secretary, with Miss Louise Callaway; Joe Urban, treasurer, with Miss Marion Moise; Bobby Bond, sergeant at arms.

Young ladies invited are: Misses Joan Smith, Florence Akers, Frances Felder, Virginia Coursey, Gloria Fonville, Laurelle Fillmore, Jane Brewbaker, Jeanette Henderson, Jaqueline Jacobs and Mary Jane Schumaker.

planned by the president, Mrs. J. S. Short. Alumnae are invited to meet at Dahl's on Ponce de Leon avenue, 1:30 o'clock, and there will be transportation for all members. For information call the president at VE. 7023.

Miss Green Wed To Arthur Harris At Chapel Rites

Dusty rose sheer fashioned the chic gown worn by Miss Geraldine Farrar Green yesterday afternoon when she was married to Arthur Richardson Harris at 5:30 o'clock at the little chapel at Glenn Memorial church. Rev. Nat T. Long read the marriage service.

Mrs. David L. Dorward, pianist, presented a program of music. Plumes ferns arranged against the altar formed a background for cathedral candelabra, which held lighted white tapers, and a floor basket filled with vari-colored spring blossoms.

Serving as ushers were James Balkcom and Carey Porterfield. Acting as best man for Mr. Harris was Bruce McKee.

Miss Winnie Green, who was her sister's maid of honor and only attendant, was gowned in aqua sheer crepe fashioned with a draped bodice. Accenting her costume were black accessories and a shoulder spray of gardenias.

The bride was given in marriage by her father, Carson L. Green, of Lawrenceville. Her dusty rose sheer gown was styled with a sweetheart neckline and three-quarter length sleeves. The skirt was fashioned with a bustle at the back. Her small hat of dusty rose straw was trimmed with a black veil. She wore black accessories and a shoulder spray of orchids.

Mrs. Green, the bride's mother, wore Copenhagen blue sheer accented by black accessories and a shoulder spray of white carnations. Mrs. N. A. Harris, the groom's mother, wore a black sheer gown and her flowers were gardenias.

After the ceremony Mr. Harris and his wife departed for a wedding trip to the southwest. They will reside at 1042 St. Charles avenue, Northeast, after their honeymoon.

MISS JEANNETTE COOK.

Cascade O. E. S.

Cascade Chapter No. 274, O. E. S., is doing its bit in Red Cross work.

The past patrons' club has finished an afghan and the men are busy in defense work.

The Officers' Club will meet Tuesday evening.

For Service Men.

Atlanta Catholic Club of Business and Professional Women will be hostesses to service men on Sunday, February 22, at the Columbian Club, 1200 Peachtree street, N. E. All service men are invited from noon until 8 o'clock in the evening. Mrs. Margaret Madgwick is chairman for the occasion.

Miss Jeannette Cook To Wed Lieut. W. W. Gates March 22

Among today's interesting announcements is that made by Mr. and Mrs. H. H. Cook, of the engagement of their daughter, Miss Jeannette Cook, to Lieutenant William W. Gates, United States Army, the marriage to take place at 3 o'clock on Sunday, March 22, in the chapel of the Glenn Memorial church.

The bride-elect graduated from Druid Hills High school, and is now enrolled in the senior class at Sullins College in Bristol, Va., where she will graduate in June. She is a valued member of the Sunev sorority, and is popular with members of the city's younger social set. On her maternal side she is the granddaughter of

the late Mr. and Mrs. C. J. Watts, of Dublin.

Lieutenant Gates is the son of Mr. and Mrs. W. W. Gates. He graduated from Georgia Military Academy, and then entered The Citadel in Charleston, S. C., where he would have graduated next June, had he not left school to enter the Army in January. He was captain of the rifle team and took high military honors at The Citadel, and is a former president of the Atlanta Citadel Club. He is in the infantry branch of the United States Army.

Youthful Concert and Movie Artist Arrives for Visit Here

• • • **THOUGH SHE** was born in California, Atlanta claims Virginia Ellis, noted young violinist, by right of heritage. Not only do her grandparents, Mr. and Mrs. J. W. Ellis, live here, but her parents, Mr. and Mrs. John A. Ellis, are former Atlantans.

Virginia, with her parents, is being extended a cordial welcome as the guest of her grandparents at their home on Lakeview avenue. After today the trio will be the guests of Mrs. Ellis' sister, Mrs. Claud C. Arnold, for a week.

Although she is only 15 years old, Virginia is an outstanding musician and has just completed a concert tour of Oklahoma, where she appeared in 17 different cities. And next year she will be heard in five different states.

Virginia is nationally known as concert master of the California Junior Symphony Orchestra, a position that is a distinct tribute to her outstanding talent. You have seen her on the silver screen in numerous motion pictures, among them being "Four Wives," with the Lane sisters; "The Big Store," with the four Marx brothers; "The Hard-boiled Canary," which was billed as "There's Magic in Music" in New York, and "They Shall Have Music," with Jascha Heifetz.

The latest picture in which she appears is "Born to Sing," starring Virginia Weidler, in which she plays her violin as well as acts. Incidentally, "Born to Sing" has not yet been released in Atlanta.

Possessing black hair, big brown eyes and fair skin, the young artist has a sparkling personality and a poise worthy of a miss of 18 or 20 years. Her marvelous stage presence is due, no doubt, to the fact that she has been presented on the radio and in concert work from the time she was six years old, having begun the study of the violin at four.

Virginia's first visit to Atlanta was made seven and a half years ago. Radio fans will recall that she was heard over the air waves at that time. What they probably don't know, however, is that the remarkable music they heard flowed from tiny hands playing a minute, quarter-size violin!

Musicians will appreciate the fact that she has made a number of studio recordings, a tedious and difficult task, usually requiring the skill and experience of a mature artist. She also has been seen and heard in California via television.

Since this is only Virginia's second visit to Atlanta, her uncle and aunt, Mr. and Mrs. Ar-

First Aid Classes Planned at D. A. R.

Mrs. John Rice, regent of the Atlanta chapter, D. A. R., requests members and friends to sign up for first aid classes to be held on Tuesdays and Fridays at the chapter house on Piedmont avenue.

Garden Club will entertain at a luncheon. Later the delegates and guests will be honored at coffee by Mr. and Mrs. Hubert Owens, who will entertain in their new home.

• • • **A TWENTY-FIVE** dollar defense bond and more than five dollars' worth of defense stamps will be offered as prizes to Girl Scouts in a contest now under way, entitled "Why Girl Scouting is Defense."

The winners will be those girls who write the ten best sentences of not more than ten words each on this subject, using the ten successive letters in "Girl Scouts" to begin each sentence. Today is the closing date for the contest, and winners will be announced on March 1 by Mrs. Clyde King, Scout commissioner, who is donating the prizes. The judges will be Dr. William V. Gardner, pastor of the First Presbyterian church; Miss Katherine Park, national Girl Scout advisor, and Mrs. J. W. Mozley, of the Druid Hills school.

• • • **REMEMBER** the old nursery jingle about the ten little Indians who sat on a fence, one fell off and then there were only nine? Well, once there were 25 little authors, but four moved away, so now there are only 21.

And all 21 will be honored at a tea party, with ice cream and cake and all the trimmings, tomorrow at 3:30 o'clock in the Garden Club's tea room. It will be a Roman holiday for the autograph collectors. Imagine getting that many signatures all in one fell swoop!

The honor guests are the co-authors of "Little Pitchers Have Big Ears," which is being released tomorrow. Each of the 64 pages contained in the book is devoted to a short story, written and illustrated by one of the boys or girls whose names appear in the list of authors.

The book was begun two years ago when the authors were fifth-grade students at the I. N. Ragdale school, and was inspired by their teacher, Nan Hall. Incidentally, Nan's "nose for news" was acquired several years ago when she worked on The Atlanta Constitution during summer vacation periods. It was this sense for "something different" that made her see the possibilities of the book.

"Little Pitchers Have Big Ears" was selected as the title, because the authors are all agreed that "children have more than grown-ups think they do." Grown-ups will rediscover this when they read the book.

The public is invited to attend the tea party, and youngsters attending will go home with more than autographs in their possession. They will be given big buttons, bearing the title of the book, to pin on shirt and dress fronts.

The students who have leaped to fame overnight include Earl Nelson, Gwen Patton, Bill Kennedy, Betty Campbell, Dorothy Rupert, Betty Sutherland, Martha Loudermilk, Carl Lee, Martha Curbow, James Howard, LaFon Shuford, Jack Bozeman, Mildred Miller, Murray Morrison, Joyce Reeves, Geraldine Rivers, Marvin Berry, Betty George Hudson, Gloria Ann Robertson, Christine Davis, Charles Beckwith, Betty Cornett and Jeannine Romer.

• • • **THE WAY** to a man's heart is not always through his stomach, time-honored adage to the contrary. Pretty Jean Stevenson can vouch that a handsome, hand-knitted green sweater is effective method as steak and potatoes!

She speaks authoritatively on the subject, too. For it was on the evening that she presented her father, H. S. Stevenson, with the aforementioned sweater she asked if she could attend the interfraternity dances at the University of Philadelphia.

It doesn't take even one guess to know the answer. Jean left last evening for Philadelphia to attend dances this evening and tomorrow evening. And on Sunday, breakfast parties, open houses, and sporting events will be the order of the day.

All in all, it will be a gala weekend for the popular young Atlanta, who will return home on Monday.

Girls' High P-T. A. Sponsors Benefit.

The annual benefit party, sponsored by the Girls' High P-T. A., will be held today at 3 o'clock at Davison's. Prizes will be defense stamps.

Mrs. Lawrence Kaufman, finance chairman, with Mrs. R. L. Ramsey, president, Miss Lane Jeter, and Mrs. A. D. Tucker, members of the ways and means committee, have charge of the bridge party. Miss Margaret Ridley, of the Girls' High faculty, is ticket chairman.

MUSCULAR RHEUMATIC PAIN

Soreness and Stiffness
You need to rub on a powerfully soothing "COUNTER-IRRITANT" like Muscular Rheumatism. Better than a mustard plaster to help break up painful local congestion!

MUSTEROLE

SERGEANT AND MRS. R. T. MCWATTERS.
Sergeant and Mrs. McWatters were married at a quiet ceremony solemnized at the bride's home last Saturday. Mrs. McWatters is the former Miss Edith Farris, daughter of Mr. and Mrs. L. C. Farris, of Atlanta. Sergeant McWatters is the son of Mr. and Mrs. R. T. McWatters, of Great Falls, S. C., whom he and his bride are now visiting. Upon their return, Mrs. McWatters will reside in Atlanta and Sergeant McWatters will be stationed at Camp Gordon, Augusta.

Mr. and Mrs. A. F. Johnson, of East Point, announce the birth of a daughter on February 18 at Crawford W. Long hospital, whom they have named Barbara Jane. Mrs. Johnson is the former Miss Mittie Lane.

Mr. and Mrs. Hoke Cooley, of Griffin, announce the birth of a son, Hoke Smith Jr., on February 16, at Strickland Memorial hospital. Mrs. Cooley is the former Miss Kathryn Gaines, of Adairsville.

Mr. and Mrs. Welton Lee George announce the birth of a son, Welton Lee Jr., on February 8, at Port McPherson hospital. Mrs. George is the former Miss Ruth Dowdy. The baby's paternal grandparents are Mr. and Mrs. R. L. George, of DeKalb, Miss.

Mr. and Mrs. J. L. Murphy, of Lovejoy, announce the birth of a daughter, Mary Jane, on February 11, at Emory hospital. Mrs. Murphy is the former Miss Frances Dodson.

Dr. and Mrs. S. Roy Higginbotham Jr., of Tampa, Fla., announce the birth of a son, Samuel Roy III, on February 15 at the Tampa Municipal hospital. Mrs. Higginbotham is the former Miss Esther Byrnes, daughter of Dr. and Mrs. Ralph Byrnes, of Atlanta. The baby's paternal grandparents are Mr. and Mrs. S. Roy Higginbotham, of Tampa.

Mr. and Mrs. E. G. Gilleland Jr. announce the birth of a son on February 15 at St. Joseph's Infirmary whom they have named Kenneth Eugene. Mrs. Gilleland is the former Miss Tillie Williams.

Mr. and Mrs. H. E. Short Jr. announce the birth of a daughter, Sharon Diane, February 16, at Emory hospital. Mrs. Short is the former Miss Allene Bruce, of Ocala.

Mr. and Mrs. Angelo Dellaira announce the birth of a son, Anthony Joseph, February 16 at Piedmont hospital. Mrs. Dellaira was formerly Miss Mildred Jones, of Albany.

Mr. and Mrs. James Ernest Coursey announce the birth of a daughter on January 28 at Emory University hospital, whom they have named Patricia Diane. Mrs. Coursey is the former Miss Emily Kitchens.

Mr. and Mrs. J. H. McClure announce the birth of a daughter, Jacqueline Sue, on February 8, at Crawford Long hospital. Mrs. McClure is the former Miss Mary Lynn Hanna.

Mr. and Mrs. Paul Sanford announce the birth of a daughter on February 19 at Emory University hospital, whom they have named Julia. Mrs. Sanford is the former Miss Betty Blodgett.

Mr. and Mrs. Homer Jones announce the birth of a son on February 6 at Georgia Baptist hospital, whom they have named Jerry Lester. Mrs. Jones is the former Miss Ruby Wood.

Johnson Estates Club Plans Party.

A series of benefit parties to aid the Red Cross has been planned by members of the Johnson Estates Garden Club. The first of the events will be a George Washington bridge party planned for tomorrow evening at 8 o'clock at the Morningside Civic Hut under the leadership of Mrs. Frank J. Cole.

Among those who have made reservations are Mesdames E. A. Bayliss, J. C. Atkinson, E. H. Bailey, Stewart F. Carver, Frank J. Cole, W. T. Coleman, R. Y. Dean, William J. Gage, George C. Gardner, Claude Grizzard Jr., D. A. Lockwood, J. W. Ozmer, S. R. Reams, S. F. Roach, M. K. Sapp, Irving W. Sargent, H. P. Whitehead, C. J. Worrall. Reservations may be made by calling Vernon 3311.

Founders' Day To Be Observed

The observance of Founders' Day by the alumnae of Agnes Scott College will be featured by a luncheon given at 1:15 o'clock on Saturday in the Anna Young alumnae house on South Candler street in Decatur.

Mabel Brown, author of "Red Hills," will speak on "Women in Defense," and will be introduced by Mrs. J. B. Kincaid, and will speak on civilian defense.

At the speaker's table will be Mrs. Wright, Dr. J. R. McCain, Miss Carrie Scandrett, dean of women; S. G. Stukes, dean of the faculty; Mrs. Crawford Barnett, president of Agnes Scott Alumnae Association; Mrs. J. B. Kincaid Jr., president of Atlanta Agnes Scott Club; Mrs. Armand Hendee, president of Decatur Agnes Scott Club, and Miss Elizabeth Nicolassen, president of Agnes Scott Business Women's Club.

The Atlanta Club will have charge of the program, and Mrs. J. B. Kincaid Jr. will be chairman, assisted by Mrs. Frank Nash, program chairman. Chairman of decoration committee will be Miss Elizabeth Nicolassen; Mrs. Jennie Lemon, Miss Olive Rives and Mrs. Seals Aiken, and the Decatur Club, headed by Mrs. Armand Hendee and assisted by Mrs. S. G. Stukes, will have charge of luncheon arrangements. Reservations may be made by calling Dearborn 1726 not later than Thursday.

The business women's group of the alumnae is sponsoring a series of lectures given every fourth Tuesday evening in the Anna Young alumnae house at 8 o'clock during February, March and April by Mrs. Roff Sims, of Agnes Scott faculty.

On March 3 Miss Roberta Winter will discuss "Drama From the Producer's Standpoint" in the alumnae house at 8 o'clock.

Personal

Mrs. Frank Lumpkin, of Columbus, will spend the weekend with her parents, Mr. and Mrs. Milton C. Dargan.

Mrs. Arthur Lucas is ill at her home on Peachtree road.

Miss Sarah Mathews will arrive today from the University of Georgia to attend the Emory K. A. dinner-dance. She will spend the weekend with her parents, Mr. and Mrs. Byron Mathews Sr., at their home on Virginia avenue.

Mrs. Spencer Kirkland has returned from Winter Park, Fla., where she visited her daughter, Miss Virginia Kirkland, who is a student at Rollins College.

Miss Marzelle Hudson, of Columbus, will arrive today to spend the weekend as the guest of Miss Eleanor Lanham.

Mr. and Mrs. Byron H. Mathews Jr., of Canton, Ohio, are visiting their parents, Mr. and Mrs. Byron Mathews Sr., on Virginia avenue, and Mr. and Mrs. R. W. Freeman in Senoia.

Mrs. S. Russell Bridges Jr. and daughter, Dianne, leave on March 3 for Seattle, Wash., to join Lieutenant Bridges.

James Maroney is recovering at the Eye and Ear Infirmary following an operation.

Cassidy Service Club To Meet Tonight.

The Clara B. Cassidy Service Club of American Grove No. 217, Supreme Forest Woodmen Circle, will meet with Mrs. Estelle Maddux, 628 Henlock circle, this evening at 8 o'clock. Mrs. Annie L. Byars, state vice president and chairman, will preside. Dinner will be served by the hostess.

The club members will sew for the Red Cross. They have finished 12 garments this week and are making 12 more. They plan to start piecing quilts at this meeting. Mrs. Helen Elkins is chairman of sewing for the Red Cross. The Do-Alls Team Girls and captain, Mrs. Estelle Maddux will sponsor a benefit party at the Hall on February 23, at 8 o'clock. Many nice prizes have been donated. Call Mrs. Estelle Maddux for information about tickets at Main 0430. The free-for-all prize won by the reporter, Mrs. Florence Scarborough and donated to the group, was used to buy Defense Stamps.

124-26 PEACHTREE ARCADE

Junior League To Present Play, 'Titan,' February 27

Arousing special interest next week will be the presentation Friday, February 27, of the play, "Titan," by the Children's Theater Group of the Junior League, which will take place at 4 o'clock at the East Point auditorium. Mrs. Dan Plaster, president of the P.T. A. Fulton county council, which is co-operating with the league in selecting dramatic programs for the schools, announced that having the first performance at the East Point auditorium makes it available to students at the following schools: Church Street, Central Park, Alonzo Richardson High, Harris Street, Russell High, Colonial Hills, S. R. Young, George Longino and Benjamin Neely. Other performances will take place at the Kingsberry school Monday, March 2, and at the Couch school Tuesday, March 4.

Mrs. Rutherford Ellis is chairman of the Children's Theater Community Group, whose membership includes representatives from the public schools, the P.T. A. Association and the Children's Theater Advisory Council of the Junior League.

The play has been in rehearsal for several weeks and Mrs. Gus Ashcraft, chairman of the Children's Theater Group, announces that Paul Carpenter Jr., director of drama at Oglethorpe University, will again direct the production.

According to Mr. Carpenter the play will have a genuine appeal to children as well as grown people. The plot revolves around the ambition of the talented boy artist, Titian, to paint and his determination to enter his Madonna in a contest which the Great Bellini, famous artist of Venice, will judge the winner. Savatore, arrogant

son of the rich Zampanti on whose estate Titian's family are tenants, also paints and wishes to be the winner of the contest. In the sixteenth century setting costumes were selected from paintings by Titian, Giorgione, Bellini and others of the Venetian school. Profound research work was done to make all properties authentic.

The part Titian will be played by Elizabeth Whitlock (Mrs. Douglas) Connah. Jerry Berman, a student at Boys' High, will portray the father, Gregorio Vecelli (Mrs. John Jr.) Shields will take the part of his wife Maria. Salvatore Zampanti will be played by Sara Harrison (Mrs. Arthur) Merrill and Lisa, his sister, will be portrayed by Elizabeth Holdrege (Mrs. Alex) Reed.

Jimmy Reed, well-known Atlanta actor, will take the part of Father Antonio, and the artist Bellini will be played by William Key, a student at Emory University. The cast also includes two dancing girls, Carlotta, played by Ermine (Mrs. Engle) Rabin and Pepia, played by Alice Davis.

Assisting the cast are production manager, Caroline Malone; stage manager, Frances Woolford; properties, Elizabeth Tway (Mrs. Robert) Aubrey; scenery, Elizabeth Barge (Mrs. William) H. J. Schroeder; costumes, Trudy Treanor (Mrs. Robert) Crockett; lights, Dorothy Dobbs (Mrs. Cody) Laird; prompter, Anne Waring (Mrs. Mills Jr.) Lane.

BABIES LOVE MILK

made into rennet-custards

Mothers find that one of the best ways to give baby all the milk he needs is to make some of it each day into tempting rennet-custards. Children love to eat them with a spoon, and thus get much of the valuable nutrition which milk supplies so generously.

You can make these eggless, non-cooked custards in a minute with "Junket" Rennet Tablets—unsweetened, add sugar and flavor to taste. The rennet enzyme makes them digest more readily than plain milk. Widely recommended by doctors for babies and children. At your grocer's and drugist's.

Older children enjoy the flavors and colors of rennet-custards made with "Junket" Rennet Powder. Easier and quicker. At grocer's.

Baby Bib—10¢—Made of new Byrene Plastic fabric; covers size; crumb pocket. Easy to keep clean, spot-proof. Pink or blue. See and front at "Junket" Rennet Powder or Tablet package to "The Junket" Folks." Chas. Hansen's Laboratory, Inc., Dept. 1242, Little Falls, N. Y.

Club Plans Sale.

The College Park Woman's Club holds a food sale at the clubhouse on Saturday from 11 to 1 o'clock. Delicious food will be on sale under the direction of Mrs. T. H. Porch and Mrs. L. M. Lester. All members are asked to participate and are asked to phone Mrs. Charles Center, chairman, during the week.

Miss Johnson and Mr. Yancey Will Be Honored at Parties

Additional parties planned for Miss Claire Johnson and B. Earle Yancey Jr., whose marriage takes place on February 26, are announced today.

Tomorrow evening Mr. and Mrs. Arthur McCann and Mr. and Mrs. Willoughby Beaudry will be hosts at a dinner party for the couple at the Biltmore hotel, the affair to follow the tea to be given by Miss Ann Garrett at the Driving Club.

On Sunday morning Mr. and Mrs. J. F. Settle and Mr. and Mrs. John McClelland entertain at a breakfast at the Settle home on Fairview road for Miss Johnson and Mr. Yancey. Later Miss Jane Jarvis gives a tea at her home on East Lake road. In the evening, Mr. and Mrs. Irvin Ragsdale will be hosts at a dinner party at the Mirador Room of the Capital City Club.

Yesterday Miss Johnson was honored at luncheon by Miss Irene Gregory at the Paradise Room of the Henry Grady hotel. Covers were placed for Misses Marie Harris, Cato Wheelchel, Betty Burus, Frances White, Louise Duffee, Mesdames Earle Yancey Sr., J. D. Johnson, Candler Jones and Enos Hartman.

Miss Johnson and Mr. Yancey will be married on February 26 at 1 o'clock at the little chapel of the Glenn Memorial church. Rev. Nat G. Long will officiate and the bride-elect will be given in marriage by her father, John Dean Johnson.

Mrs. Candler Jones will be matron of honor and only attendant for her sister, and Candler Jones will be the best man. Ushers-groomsman will be John McClelland, Arthur McCann and John Porter Watkins, of Albany.

Rainbow Assembly Plans Initiation.

Work in the degrees will feature the meeting of Atlanta Assembly No. 5, Order of Rainbow for Girls, Saturday evening at 7:30 o'clock at the Greenfield Lodge Hall, when the following candidates will be initiated: Misses Alicebrown Alusus, Jo Ann Danielson, Elenor Mitcham and Doris Scovill.

Merit awards will be presented to the following members for outstanding work in the assembly during the past term: Misses Rozelle Mourfield, Elizabeth Snell, Betty Shuford, Claire Nimmy, Tommye Mueller, Louise Light, Melba Dameron, Elaine Cossitt, Doris Henshaw, Gloria Withers, Betty Anderson, Dorothy Atkinson and Eugenia Withers. Officers are requested to meet at 7 o'clock for practice.

On March 7 the assembly will sponsor a program in connection with civilian defense at the Masonic Lodge Hall at 8:30 o'clock. The public is invited. Howard Chapman, chairman of the board of directors of the assembly, is in charge of arrangements.

Exercises Planned For Nursing Class.

Peoples Street P-T. A. holds graduating exercises for the class in home nursing this evening at 8 o'clock in the school auditorium, under direction of Miss Ola Wedgeworth and Mrs. Florrie Erb, instructors under supervision of the Red Cross. Mrs. Rufus Sasnett, supervisor of home nursing, and Mrs. Emily Chambers, secretary of the home nursing department of the Atlanta chapter American Red Cross, will speak. This class in home nursing is the largest in the city.

Friendship Club.

Mrs. Lucille White entertained the Friendship Club recently at luncheon.

Awards in a historical and geographical contest were defense stamps, and the monthly contribution was taken for the Red Cross. Reports of knitting were received. Present were: Mesdames E. C. Hill, L. C. Cox, Ralph Loomis, A. H. Fulton, E. M. Wallace, Elmer Dewey, E. Ashmore, Daisy Malone, E. J. Hammond, J. R. Hammond, T. H. Willett, Lewis Davis, Arthur G. Scott, George Benson and Horace Bible.

MRS. JAMES DEWITT WILLCOX JR.

Miss Barbara Greene Weds Mr. Willcox at Church Rites

An announcement of interest is that made today by Mrs. George Marcus Greene of the marriage of her daughter, Miss Barbara Greene, to James Dewitt Willcox Jr., son of Mr. and Mrs. James Dewitt Willcox, which took place on Saturday at the Ponce de Leon Baptist church.

Dr. Ryland Knight, the pastor, officiated at 5:30 o'clock with only members of the two families and a limited number of friends present.

Mrs. Dave Ison Jr., sister of the bride, was the matron of honor and only attendant, and Charles Stokes-

ly Willcox was best man for his brother.

Dave Ison Jr., gave the bride in marriage, and R. D. Ison and Henry A. Hoffmann were the ushers.

After the ceremony Mr. and Mrs. Dave Ison and Mr. and Mrs. R. D. Ison were hosts at a small reception at the Atlanta Athletic Club for the bridal couple.

Mr. Willcox and his bride will reside here upon their return from their wedding trip. Mr. Willcox is a native of Birmingham, Ala., and is a graduate of Cornell University where he was a member of the S. A. E. fraternity. He is now connected with the Elliott Company.

Mrs. Cooney Given Citation For Distinguished Service

In recognition of her distinguished service in the Peachtree Garden Club, Mrs. Robert L. Cooney was made an honorary life member and presented a citation for her work at the meeting held yesterday at the West Peachtree home of Mrs. William P. Hill, a valued member of the horticultural organization.

The citation, framed in a wreath of dogwood blossoms, was presented by Mrs. Samuel M. Inman. It was decorated in facsimiles of the medals won by Mrs. Cooney while she was president of the club from 1927 to 1934.

In 1928, Mrs. Cooney organized the Garden Club of Georgia and was made honorary life president. In 1932, she sponsored the annual meeting of the Garden Club of Georgia held in Atlanta. She served on the policy committee of the Garden Club of America in 1933 and is on the nominating committee at present. In 1933, she was the recipient of the achievement medal offered by Peachtree Garden Club. In 1933, she conceived the idea of compiling the garden history of Georgia, which commemorated the bicentennial of the founding of Georgia from 1733 to 1933, for which outstanding achievement Mrs. Cooney was given the bronze medal offered by the Garden Club of America.

In 1934, this remarkable and beloved woman organized and was made the first director of the Garden Center. In 1935, she organized the Civic Outdoor League in Atlanta, and in this same year she originated the first joint flower show with 12 member clubs, which developed into the Atlanta Flower Show Association of today. In 1935, she inaugurated

and directed the Dogwood Festival, and was elected the first woman president of the Horticultural Society of Georgia.

With all of these outstanding accomplishments chalked up to Mrs. Cooney, the tribute paid her yesterday is well deserved in every respect. She departs tomorrow to establish her residence in Nashville, Tenn., the city in which she spent her girlhood.

Pan American League To Meet Tonight.

The Atlanta branch of the Pan-American League will meet at the Georgian Terrace this evening at 8 o'clock. Members will meet in the coffee shop at 7 o'clock for supper. They will be prepared to use their Spanish at supper, or be compelled to wear a bright red ribbon.

The guest speaker will be Dr. Carl Mauelshagen, professor of Latin American history at the University System Evening school. He has chosen as his topic, "The Good Will Neighbor Policy; Its

Evolution and Present Significance.

The group is learning something of Latin American countries. The next country on the list is to be Peru. O. S. Bandy, picture chairman, will present a film entitled "The Land of the Incas."

Mrs. Joseph E. Buffington, president, will report on her recent trip to Augusta, where she, with Mildred Seydel, regional director, opened a new chapter.

Mrs. Buffington has arranged for a contest on South American poets, a prize to be given to the one identifying the greatest number.

A Week's Menus

We housekeepers have a big job in this war. It's up to us to establish and maintain our home front against malnutrition and its many attendant ills, to keep up family morale, to give full aid in the government's drive against waste, to learn to make the most of what is available and to find substitutes when shortages occur in any line. This is our most important daily job, regardless of what outside activities we may take on in addition, and a job which requires careful planning.

The task of providing well-planned and nutritious meals can be simplified by deciding in advance what you want to buy. Economy will result by taking advantage of sales, by buying staples in quantities to last for a week or more, BUT NOT IN QUANTITIES FOR HOARDING. Most housekeepers can estimate approximately the amount of butter, tea, coffee, flour, eggs, potatoes used in a week and both time and money may be saved by buying such items once a week. These menus are designed to furnish balanced meals for a week at very moderate cost. If a suggested food is not liked, substitute a similar food for it.

Sunday

Breakfast. Chilled orange and pineapple juice. Sausage with fried apple rings. Hot bran muffins. Coffee, cocoa or milk.

Dinner. Roast stuffed chicken. Baked sweet potatoes. Braised celery. Lettuce, French dressing. Peach Bavarian cream. Coffee, tea or milk.

Supper. Fruit salad with cream cheese dressing. Hot biscuits. Coconut macaroons. Tea, coffee or milk.

Monday

Breakfast. Grapefruit. Chicken soup with sugar. Scrambled eggs. Toast. Coffee, cocoa or milk.

Lunch. Chicken soup with sugar. Rye bread and butter. Apple sauce. Tea or milk.

Dinner. Broiled meat cakes with sautéed peppers. Mashed potatoes. Buttered spinach or other greens. Stewed dried apricots with honey. Cookies. Tea, coffee or milk.

Tuesday

Breakfast. Sliced oranges. Hot wheat cereal with dates. Hot rolls. Pear preserves. Coffee, cocoa or milk.

Lunch. Stuffed egg salad (bacon stuffing). Muffins. Apple Betty with cream sauce. Tea or milk.

Dinner. Fricassee of veal in rice ring. Shredded, steamed carrots. Green tomato pickle. Sherbet with chocolate wafers. Coffee, tea or milk.

Wednesday

Breakfast. Prune juice. Cornflakes. Soft cooked eggs. Toast with strawberry jam. Coffee, cocoa or milk.

Lunch. Baked beans. Mustard pickle. Wholewheat bread and butter. Canned plums. Cookies. Tea or buttermilk.

Dinner. Thick beef soup with greens. Bread sticks. Grapefruit salad. Raisin pie. Coffee, tea or milk.

Thursday

Breakfast. Orange juice. Ready-to-serve wheat cereal. Waffles with honey or syrup. Coffee, cocoa or milk.

Lunch. Creamed chipped beef and mushrooms on toast. Cole slaw, Russian dressing. Fruit tarts. Tea, milk or buttermilk.

Dinner. Fruit cocktail. Pan broiled lamb shoulder chops. Baked potatoes. Harvard beets. Steamed molasses pudding. Coffee, tea or milk.

Friday

Breakfast. Grapefruit. Hot wholewheat cereal with brown sugar. Toast. Coffee, cocoa or milk.

Lunch. Creamed eggs on toast. Sliced lettuce salad. Peanut butter cookies. Tea, cocoa or milk.

Dinner. Fried shrimp a la Creole with rice. Steamed green beans. Celery hearts. Cottage pudding with lemon sauce. Coffee, tea or milk.

Saturday

Breakfast. Stewed prunes. Oatmeal. Crisp toast with orange marmalade. Coffee, cocoa or milk.

Lunch. Toasted muffins with rarebit sauce. Tomato salad. Baked pears with honey. Tea or milk.

Dinner. Swiss steak with gravy. French fried potatoes. Watercress and apple salad with French dressing. Coffee, tea or milk.

Thick Beef Soup With Greens

Buy two pounds beef shank with the bone and have the bone well cracked. Put this in a large saucepan and completely cover with cold water, then heat slowly to the boiling point and boil gently for 1½ hours. Add two cups canned tomatoes, a large handful of celery leaves chopped or cut in pieces, one-half cup sliced onions, two teaspoons salt, and pepper to season. Cover and cook slowly 40 minutes longer or until meat is tender. Wash a large head of curly endive or two pounds spinach, drain and cut fine. Add to soup; cook about eight minutes. Beat two eggs until light and mix to a thick paste with grated dry cheese. When the soup is done, stir the egg mixture in and serve. Cut the meat in portions and serve with the soup. Use deep soup plates or bowls or individual casseroles for serving.

Quick Meals, If Well Balanced, Must Be Planned in Advance

To be able to devote much time to war work, and at the same time keep the household running smoothly and efficiently will require some careful planning. It will not help the total war effort if the housewife after serving hours at sewing room or canteen rushes home to put upon the table just anything she happens to have on hand. Quick meals can be balanced, nutritious and appetizing only if planned ahead of time. Here are suggestions for busy-day meals:

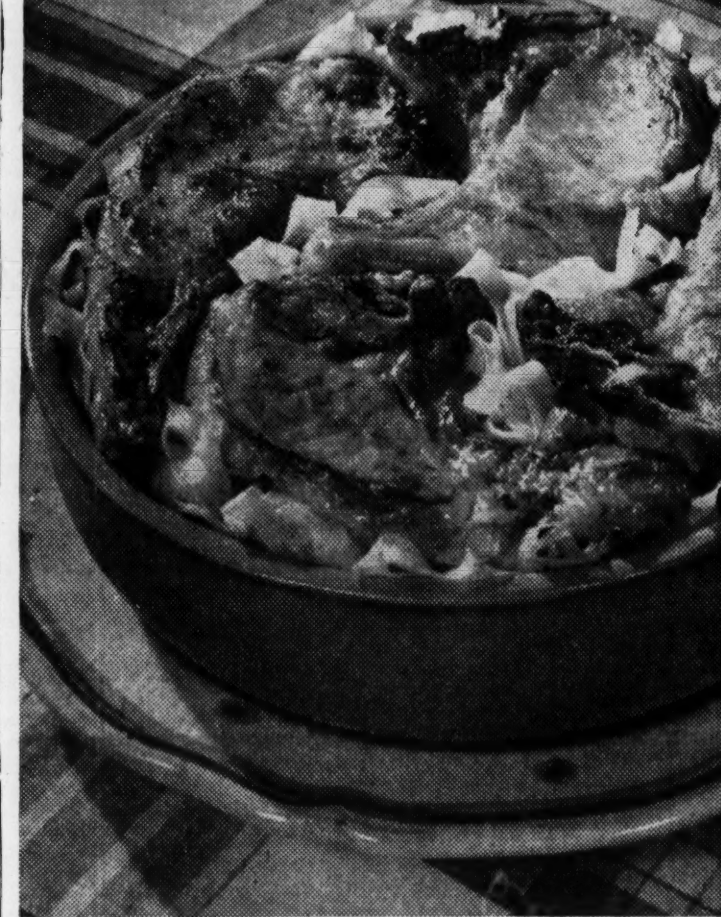

Dinner No. 1.
Spaghetti with Meat Balls (Spaghetti canned).
Buttered Fresh Broccoli.
Salad: Crisp Celery Stalks and Carrot Strips.
Fresh Fruit, Cheese Hard Rolls.
Coffee.

Dinner No. 2.
Chilled Fruit Juice.
Sautéed Corned Beef Slices.
Green Peas Escalloped Potatoes (Potatoes cooked in jackets the day before).
Bread and Butter.
Cake with Fudge Sauce.
Coffee or Tea.

Casserole and other dishes which fit into well balanced quick meals are these:

Meal-in-One-Dish.
4 pork chops.
1 tablespoon fat.
Salt and pepper.
4 cups cooked egg noodles.
2 tablespoons chopped onion.
3 tablespoons chopped green pepper.
1 medium can cream of tomato soup.

Season and brown pork chops

This busy-day, all-in-one-dish meal combines pork chops and well-seasoned noodles.

Simple, decorative touches will call attention to the birthday of the "Father of Our Country." Baked bean rolls are served on a star-spangled cloth; and below, a custard is garnished with cherries, accompanied by a cake log with hatchet.

Food Parade

THE ATLANTA CONSTITUTION

Edited by SALLY SAVER.

ATLANTA, GA., FRIDAY, FEBRUARY 20, 1942.

Asparagus Baked in Tomato Sauce.
1 medium size can asparagus.
2 hard cooked eggs.
3 tablespoons butter or margarine.
1 tablespoon flour.
1 cup tomato juice.
1-2 teaspoon grated onion.
1-2 teaspoon salt.
1 cup bread crumbs.

Drain asparagus and arrange in bottom of buttered shallow baking dish. Cover with thinly sliced eggs. Melt 1 tablespoon butter, add flour and blend well, add tomato juice and cook until mixture thickens, stirring constantly. Add onion and salt. Pour over asparagus, cover with bread crumbs mixed with remaining butter. Bake in 425-degree oven about 20 minutes. Serves 4 to 6.

Casserole of Beef and Rice.
1-2 cup rice (with Vitamin B1 added).
2 cups canned tomatoes.
1-2 green pepper.
1 medium onion.
3-4 pound beef, ground.
1-4 cup butter or margarine.
2 cups water.

Melt butter in heavy frying pan which has a close-fitting cover. Add dry, uncooked rice, onion, pepper and chopped meat. Add water and tomatoes. Cover pan and simmer slowly about 30 or 40 minutes. Serve garnished with

A woman must have a bagful of tricks these days, for in addition to home duties with an increased emphasis on nutrition, many want to help with other wartime jobs. Mrs. C. G. Mullings Jr. keeps house and does Red Cross work. For her and the many other women so situated, a number of quick dishes are given on this page today.

Ideas From a Cook's Notebook

Coffee Twists.
Sift 2 cups flour with 1 tablespoon sugar, 1-2 teaspoon salt, 3 teaspoons baking powder. Rub in 1-3 cup shortening and then add about 2-3 cup milk or enough to make a soft dough. Turn the dough out on a floured board and knead lightly to a smooth ball. Flatten the ball to one-half inch thickness, and then roll into an oblong. Spread lightly with softened butter and spread with orange marmalade mixed with chopped nuts. Roll up, cut off strips one-half inch wide and twist into S-shaped rolls. Place on a greased pan, brush with melted butter or margarine and bake in a hot oven for about 12 minutes. Serve warm with butter.

Banana Upside-Down Cake.
1-2 cups sifted cake flour.
1-2 teaspoons baking powder.
1-4 teaspoon salt.
3-4 cup sugar.
4 tablespoons softened shortening.
1 egg, well beaten.
1-2 cup milk.
1 teaspoon vanilla.
1 tablespoon butter.
1-3 cup brown sugar, firmly packed.
2 all-yellow bananas.

Sift together flour, baking powder, salt and sugar. Add shortening. Mix together egg, milk and vanilla. Add to flour mixture, stirring until all the flour is dampened. Beat vigorously 1 minute. Melt butter in pan (8x8x2 inches). Add brown sugar and stir until melted and syrup is formed. Peel and slice bananas and arrange in syrup. Pour batter over bananas. Bake in a moderate oven (350 degrees F.) about 50 minutes, or until cake is done. Loosen cake from sides of pan with knife or spatula. Turn out on serving plate. Serve hot, upside down, with bananas on top.

Potato Croquettes.
4 cups hot rice potatoes.
3 tablespoons butter.
1-2 teaspoon salt.
1-4 teaspoon celery salt.
1-2 teaspoon onion juice.
Dash of cayenne.
2 egg yolks, slightly beaten.
1 tablespoon minced parsley.
Flour for rolling.
1 egg, mixed with 2 tablespoons water.

Fine, dry crumbs.
Shortening for frying.

Beat potatoes with butter, salt, slightly beaten egg yolks, celery salt, cayenne, onion juice and parsley. Chill well; at least 30 minutes. Shape in cones or desired shapes, dip in flour and then in egg which has been whipped slightly with the water; then roll in crumbs.

Fry in deep hot shortening (385 degrees F.) until golden brown. Drain on soft paper. Yields 12 croquettes.

Swiss Fruit Dessert.
Cut slices of fresh bread in triangles or halves and saute in butter or margarine until delicately browned. Place on a dessert plate, cover with canned or cooked fruit, sweetened with syrup or jelly. Top with a bit of whipped cream or serve with cream. Serve piping hot.

Baked Eggs and Tomatoes.
Note: Attractive luncheon choice, served in individual glass cups.
6 eggs.
Salt and pepper to taste.
3-4 cup tomato pulp, strained (cooked or canned).
2 tablespoons butter.

Break eggs into buttered custard cups. Sprinkle with sear-

Prize Winning Recipes For This Week

Pecan Pie
Submitted by Mrs. Ann G. Turner, 2461 Peachtree Road, N. E., Atlanta, Ga.
1 uncooked pie pastry
3 eggs
1 cup light corn syrup.
Pinch of salt.
1 teaspoon vanilla.
¾ cup pecan meats.
Mix all ingredients together. Pour into pastry-lined pie plate. Bake in 350-degree oven until done.

Corn Meat Loaf
Submitted by Covey West, 213 Thompson St., Cedartown, Ga.
1½ pounds ground beef
1 large onion
1 egg
1 can tomato paste
1 can corn
4 slices bread
1 cup milk

Beat the egg. Add meat and onion, then tomato paste and corn. Soften the bread with milk. Add this to the mixture, season to taste and shape into loaf. Place in greased baking dish or pan. Bake in hot oven (400 degrees) for 35 to 40 minutes. Serve hot. Will serve ten.

Cabbage Casserole
Submitted by Mrs. Hill Healan, 332 West Benson Street, Decatur, Ga.
Steam cabbage in a small amount of water for about 10 minutes. Combine with tomato sauce made as follows:
1 tablespoon butter.
2 tablespoons flour.
1-2 teaspoon salt.
1 cup tomato juice.

Melt butter and blend with flour. Add salt and tomato juice and cook over low flame until

Vitamin Salad
Submitted by Mrs. F. F. Walton, Covington, Ga., Route 4.
1-2 cup chopped green pepper.
2 cups shredded raw cabbage.
1 cup shredded raw carrots.
1 cup shredded raw turnips.
1-2 cup finely sliced celery.
1 cup seedless raisins.
1 cup mayonnaise.
1-4 cup catsup.
1 teaspoon prepared mustard.
1 teaspoon granulated gelatin.
3 tablespoons cold water.

Wash raisins in hot water and drain. Soften gelatin in cold water and dissolve by setting in a pan of boiling water. Combine vegetables with raisins. Add catsup to mayonnaise, then dissolved gelatin, and blend with other ingredients. Place in individual molds and chill. Unmold, serve on lettuce with garnish of mayonnaise.

Baked Custard
Submitted by Mrs. Frank C. Prow, 2426 Boulevard Drive, N. E., Atlanta, Ga.
3-4 cup condensed milk.
2-1-4 cups hot water.
3 eggs.
1-4 teaspoon salt.
Grating of nutmeg.

Blend condensed milk with hot water and pour gradually over slightly beaten eggs. Add salt. Pour into a baking pan or in custard cups. Sprinkle with nutmeg, place in a pan filled with hot water to depth of custard, and bake about 40 minutes in a slow oven (300 degrees F.) or until custard is set. A knife blade inserted will come out clean when custard is done. Serve six.

A prize of \$1 each is awarded for recipes printed in this column every Friday. Address recipes to The Constitution or to Sally Saver, with your name and address written plainly on each sheet.

Glazed Ham and Bean Rolls

8 slices ham, cut thin
1-2 teaspoons prepared mustard
1 large can pork and beans
Syrup for glazing: 3 tablespoons brown sugar, 3 tablespoons water.

Spread ham with mustard. Mash beans slightly, put 1 spoonful of beans on each ham slice and roll up. Place in baking pan, and bake 25 or 30 minutes in moderate oven, basting once or twice with brown sugar syrup.

George Washington Custard.

Almost Invisible Mosquito Boats Proving To Be a Deadly Arm of Attack

WASHINGTON, Feb. 19.—(NANA)—Uncle Sam's little wooden mosquito boats carry the sting of David's slingshot. Designed primarily as a defensive arm, they have made them-

selves felt as an offensive weapon in General MacArthur's brilliant defense of the Philippines. They have proved to be MacArthur's "Goliath killers" against Japanese forces in the waters around the

island of Luzon. In two daring raids, single boats of the mosquito fleet sank two 5,000-ton Japanese transports carrying reinforcements to the forces trying to crush American and Fil-

ipino defenders on the Bataan peninsula. Next, three of the 77-foot speedsters cut through the water into the line of flight of a wave of Japanese dive bombing planes. They let go with their antiaircraft

slingshots, broke up the Japanese formation and scored hits on three planes. Then came the dramatic story of how a torpedo boat of the mosquito fleet stole inside Manila bay, launched two torpedoes at a Japanese warship and probably hit it, the assault vessel escaping without damage.

New Offensive Arm. These speed boats not only are revising modern combat theory but are repudiating their popular designation as "suicide boats." These splinters of the sea are getting back to the bases unsundered. Military history moves fast in the Pacific. The great steel battleships Renown and Prince of Wales were helpless to survive Japanese torpedo planes and now lie at the bottom of the South China sea. Now comes a Yankee surprise—tiny wooden, high-powered hit-and-run boats dealing staggering blows to enemy surface craft and aircraft alike. They loom as a new offensive arm thus far not considerably explored by the British corvettes and the small high-powered motor boats of the Axis, which mainly have been utilized in defensive operations.

These Yankee boats have a speed and maneuverability that make steel monsters of the sea and even the fast destroyers look like and sluggish by comparison. They skim over spowered water at a 70-m.p.h. clip. Speed and tininess—the motor torpedo boats making history along with MacArthur—are no more than 50 to 80-footers—make them poor targets for enemy fire. They skip over mine fields, dart at ships, release their torpedoes and shoot away again.

Almost Invisible. Equipped with four torpedoes, two on each side, the motor torpedo boat heads straight for its target—the torpedo, released by pressing a button, plunges ahead as the boat zigzags away. Deadly at ranges inside two miles, this little wooden warrior of the sea is called certain destruction for any surface vessel at less than a mile. So far as is known, it has only two powered machinegun turrets, glass-domed, located amidships. Even in clear weather, at ranges of one to two miles it is almost invisible, a feather hidden in its own spray, streaking low in the water—no superstructure silhouetted against the horizon. At night, dodging searchlights, or during fog, it is almost undetectable—more so than a stealthy sub.

Bad weather changes the picture somewhat, for in rough seas the motor torpedo boat's speed, generally rated between 50 and 70 miles, drops rapidly. But taking it all and all, Uncle Sam's wooden mosquito fleet is bad news for Japan. The motor torpedo boat is only one of the types of small wooden boats that make up our naval auxiliary fleet. There are sub-chasers, minesweepers and layers, picket boats and many other auxiliary craft.

Easy to Build. How many motor torpedo boats and other auxiliary vessels of the mosquito fleet are now in Uncle Sam's Navy, or the number in far

Eastern waters, is of course a military secret. But almost since our defense program began they were being turned out by long dormant New England shipyards, suddenly veritable beehives of activity. Old and new yards on the Atlantic and Gulf coasts and on the Great Lakes joined in as the program grew. Some types are going down the ways at the rate of one a week. Furthermore, it only takes from 30 to 60 days to build any unit of this auxiliary fleet.

This branch of our naval force is bad news to Japan in more ways than one. It's bad news on performance to date and it's bad news in prospect. Japan is pinched for wood and the United States has a virtually inexhaustible forest reserve, covering one-third of the nation, from which to make swarms of mosquito boats, and to supply lumber for shipbuilding ways, decks of great battleships and to fill a thousand other military needs.

Over-Cutting Is Felt. Japan has been a heavy importer from the United States of Douglas fir and other lumber. This and other sources of supply controlled by the United Nations have been cut off. How hard-pressed Japan is for timber is indicated by the fact that in one section of her insufficient forests, sawlog production was reduced 80 per cent between 1932 and 1939 because of over-cutting and there was a drop in her total production

of almost 13 per cent in 1940 as compared with 1939. Japan's outside dependence for oil, rubber and coal—resources for which she is out conquering—has overshadowed her dependence upon foreign sources for wood—an equally vital resource, be it either for war or peace.

Search Continues For R. L. Wylie Jr.

Special to THE CONSTITUTION.
WAYCROSS, Ga., Feb. 19.—The search for Robert L. Wylie Jr., Waycross locomotive fireman who is believed to have been drowned in the Altamaha river, near Doctortown, on February 4, will not be abandoned, though all efforts of searching parties to date have been unrewarded.

A daily patrol of the river will be maintained, it is stated.

Robert L. Wylie Sr., of Dallas, Texas, who came here immediately after the tragedy, has returned to his home. Mrs. Robert L. Wylie Jr. will make her home with her husband's uncle and aunt, Mr. and Mrs. E. J. Wylie, here.

The tragedy occurred while Wylie and a close friend, C. L. Mobley, of Waycross, were on a fishing trip. Wylie's overturned boat was found several miles down the river.

Married Girls Deny Resignations To Save Mates From Army

By SHEILAH GRAHAM.

For North American Newspaper Alliance.

NEW YORK, Feb. 19.—Is it true that most of the 500,000 married women who relinquished jobs in the past 18 months were activated by the desire to keep their husbands on the deferred military service list on the claim of having dependents?

Jewish Veterans To Open Conclave

Representatives of the 250,000 Jewish War Veterans of the World War will meet at the Henry Grady hotel for their annual midwinter conference opening tonight and continuing through Monday afternoon.

Meeting in Atlanta for the first time, the veterans will attend religious services tonight at the Congregation Ahavath Achim, Washington and Woodward avenue. Principal speaker will be Benjamin Kaufman, national commander, one of the 72 men honored with the Congressional Medal of Honor during the first World War.

Featuring tomorrow's program will be a symposium on defense in the afternoon and the conference banquet tomorrow night. Mayor LeCraw will open the business sessions of the conference Saturday morning.

In the recent firecracker thrown by Brigadier General Lewis B. Hershey, national director of selective service, he gave as his opinion that while the reasons for the wholesale work resignations of married women in recent months could not be accurately stated, it could be presumed that the non-patriotic desire to keep their mates from military service was chief among them.

Married women, in jobs and out of jobs with husbands in the fighting services or with husbands in civilian employment were with one exception unanimously indignant when queried by this reporter on the subject.

Says Hershey Wrong. Mrs. Milton Breslauer, who works from 9:30 a. m. to 6 p. m. at the offices of the American Women's Volunteer Services, told me that while her husband is slightly beyond draft age, he is doing everything within his power to join the Army or Navy.

"I think," said Mrs. Breslauer, who is pretty and blonde, "that General Hershey was misinformed as to the reason for the half million women withdrawing from jobs. Nearly all the married women I know want to do everything they can to help win the war. General Hershey's statement is an unfair reflection on American women who are in most cases 100 per cent patriotic. It's much more likely that the married women left their employment because their husbands were earning more money and could afford to keep them at home."

This reasoning was seconded by an executive in the employment bureau of a large store.

"There have been more resignations of married women in the past 18 months than previously," she agreed. "But a good many of the women have left because their husbands have better jobs. A lot have resigned because of pregnancy. And it comes down to the same thing—during the depression they could not afford to have babies. Now with the men earning more money they have decided that this is the time to have a baby. The surprising thing is that most of these women who are going to have babies left us after service of 10 years or more."

Different Answer. A married salesgirl in the same store, with an Army husband who was stationed at Nichols Field, near Manila, told this reporter:

"The only wives I know who have given up jobs have husbands who are leaving the city, usually to find a home near them at camp. But women are not giving up jobs on a wholesale scale."

This girl's husband has not been heard from since the last week in December.

But Mrs. Helen Gardner, wife of an Army officer and employed by the Modern Merchandising Bureau, had a different answer and one that agreed with the premise of General Hershey.

"He is absolutely right," she stated emphatically. "I know many women who have married solely to help their husbands escape the draft and they have given up their jobs."

Soviets Thrust Farther Into White Russia

Northern Pincer Advanced Deeper Behind Strategic Smolensk.

MOSCOW, Feb. 19.—(P)—The Red Army pushed more forces into White Russia today and thereby advanced a northern pincer farther behind strategic Smolensk, where one of the strongest German armies in Russia is finding itself increasingly threatened with encirclement.

The Russians already had thrust deep into the Nazi lines south of Smolensk, and some observers expect an early announcement of sweeping victory in this area.

The people of the Soviet Union specifically are awaiting next Monday, the 24th anniversary of the founding of the Red Army, expecting that a triumphal announcement will be made of a widespread liberation of Soviet territory from German rule. The government for some time has been silent on specific gains being made by the Soviet forces, reporting only general advances.

Noting the deep thrusts the Russians are making both above and below Smolensk, some observers expect this region will figure in the announcement. Although Red Army dispatches reported new penetrations into White Russia, the most westerly point mentioned as captured was Kresty, in the vicinity of Velizh, which is 70 miles northwest of Smolensk and 20 miles short of the White Russian frontier.

DeKalb Owes Fulton \$3,794 In Relief Error

Sum Expended by Mistake on Special Assistance Cases.

DeKalb county owes the Fulton county department of public welfare \$3,794 expended through an error on special assistance relief cases of DeKalb residents living in Atlanta, according to a report made yesterday to the welfare board by Wellborn Ellis.

The board instructed Ellis to discontinue further aid to DeKalb residents until the DeKalb county commissioners reimburse the Fulton department. When the sum due is paid, it instructed the administrator to enter into a further agreement about DeKalb relief clients residing in the city.

Ellis discovered the mistake, made before he assumed office, when he noticed that the money received from DeKalb seemed small in comparison with the number of DeKalb relief cases carried. DeKalb county, he learned, has not been billed for the full amount due the Fulton relief bureau since January 1, 1939.

own jobs to make doubly sure. In the dress market today it's almost impossible to get a model; they are all getting married and giving up jobs. And this is true in the factories as well.

"It's pretty bad, I think. Here's an instance of how bad it can be. I called up a girl I know who had given up her job recently when she married and I asked her to take on air raid warden duties. She refused, said she was too busy with housework."

The New York Telephone Company employs 13,000 women. A large percentage of these are married. But I was informed by an executive that there has not been an exceptionally large number of resignations because of war conditions.

Girl Labor Shortage. There is, however, a tremendous shortage of feminine labor reported by the big employment agencies. According to a jobfinder at one of the biggest, the Provident Employment Service:

"There are more jobs for women than women available. We believe the chief reason is not so much that married women have resigned, but that better jobs are open for them in defense work. The government in Washington is offering junior stenographers \$120 a month for a speed of 80 words a minute. Private employers find it hard to compete with that. All defense offices offer girls from five to ten dollars more a week. That is the reason for the wholesale resignations from civilian jobs."

According to figures at the National Employment Exchange, not only are old married women sticking to their jobs, but many young brides are applying for secretarial work because their husbands have been drafted and they are forced to be self-supporting.

The case now rests with the jury—a feminine jury preferred.

Arguments Completed In Hatch Act Attack

Arguments were completed yesterday before Federal District Judge Underwood in attacks of J. E. B. Stewart, state director of unemployment compensation, upon the Hatch act, in which the state of Georgia joined forces. Judge Underwood indicated an early decision, after filing of final briefs to be completed by March 9.

L. V. Meloy, attorney for the Civil Service Commission, which recommended Stewart's ouster, and Sidney Kaplan, assistant to the U. S. attorney general, defended the act which prohibits political activity by nonpolicy making federal officials. Stewart and the state were represented by A. L. Henson, assistant Georgia attorney general.

Bill To Increase Pay to Jobless Is Pigeonholed

Administration Suffers Stunning Defeat in House Committee.

WASHINGTON, Feb. 19.—(P)—The House Ways and Means Committee dealt the administration a stunning defeat today by voting 16 to 8, to shelve a \$300,000,000 program of unemployment benefits to workers displaced by conversion of factories to war-time production.

Members said afterward they had decided to table the legislation because state officials had contended they could cope adequately with the problem and feared the program involved a direct attack on states' rights.

House administration leaders and other sponsors said there was apparently nothing further congress could do and the states would be held responsible for what they termed a growing problem.

Reports persisted, however, that an attempt would be made to obtain WPA money for distribution to the newly unemployed or to seek action on another measure to appropriate lump sums of money to needy states.

The legislation would have authorized the government to supplement state funds so the unemployed could draw up to 120 per cent of normal state unemployment compensation benefits for 26 weeks.

A number of governors complained that administrative provisions of the bill would permit

the Social Security Board to take over functions of the state unemployment compensation boards early in the displacement benefit law.

House administration leaders and other sponsors said there was apparently nothing further congress could do and the states would be held responsible for what they termed a growing problem.

Prompt action is necessary in the Want Ad pages of The Constitution to the attractive offers.

ANJOU PEARS

A REAL FLAVOR THRILL!

When you taste them you will know why the ANJOU has been called the "Queen of Pears"—why many people consider it Nature's finest fruit. Now it is within the reach of any family—no longer a "luxury food" but a valuable addition to the daily diet.

No finer dessert than a chilled ripe pear with a piece of cheese.

Ask your grocer for "Tasty Treats" pear recipe folder. ANJOU PEARS Ask for them by name at your favorite market.

Witness, Hoping To Save Tires, Invites Court To Come to Him

BALTIMORE, Feb. 19.—(AP)—Times being what they are, Allie Wilson, southern Maryland farmer, doesn't think he can make it to superior court.

In a letter to one of the attorneys in an accident damage suit, Wilson, an eyewitness to the accident, said:

"If I came up to Baltimore, I would have to hire someone to drive me up there, because I don't know the way to the judge's office or the courthouse, and besides it would be the wear of my car and tires."

"It would be just as well to bring the judge here as for me to come up there."

Miss Crawford WPA Aide, Dies

Miss M. Louise Crawford, for the past several years an athletic director for the WPA, died late Wednesday at her residence, 119 Hurt street, N. E.

Miss Crawford, a native of Portsmouth, Ohio, had resided here for about six years and, as a result of her recreational activities, had become widely known.

She is survived by her father, J. T. Crawford, and a brother, Leonard Crawford, both of Portsmouth. She also is survived by her grandparents, Mr. and Mrs. A. N. Williams. Funeral services will be held in Portsmouth.

C. Max Crisler Last Rites Today

SPECIAL TO THE CONSTITUTION.

CANTON, Ga., Feb. 19.—C. Max Crisler, 49, prominent local citizen, died at a hospital here today after a long illness.

He was a member of a pioneer Cherokee county family, being the son of the late Benjamin F. Crisler and the late Emma McClure Crisler, whose families were early settlers of the county.

Mr. Crisler had lived his entire life in Canton and was active in civic and religious affairs. He was a steward in the First Methodist church for many years; was a former merchant, was a charter member and one of the first officers of the Canton Lions' Club, was Shriner and was former director of the Canton Telephone Company.

He is survived by his wife, the former Florence Stenbridge, to whom he was married in 1914; two daughters, Mrs. Charles Johnson, of Canton; Mrs. Harry Lawrence, of Dalton; two sisters, Miss Daisy Crisler, of Canton; Mrs. D. B. Mullins, of Pulaski, Va.; one grandson, Larry Johnson, of Canton; one nephew, Benjamin Roy Crisler Jr., of Stamford, Conn., former reporter on The Constitution.

Funeral services will be held Friday at 3 o'clock at the Methodist church, with the pastor, the Rev. Fred L. Glisson, officiating, and Dr. O. M. Seigler, Baptist pastor assisting. Interment will be in Riverview cemetery.

Son Will Join Father Fighting Japs in Java

Navy Accepts Frank Kirkman for Flight Training.

An American father, now battling in Java as a major of Dutch territorial troops, is to be joined by his 22-year-old son as a naval flyer.

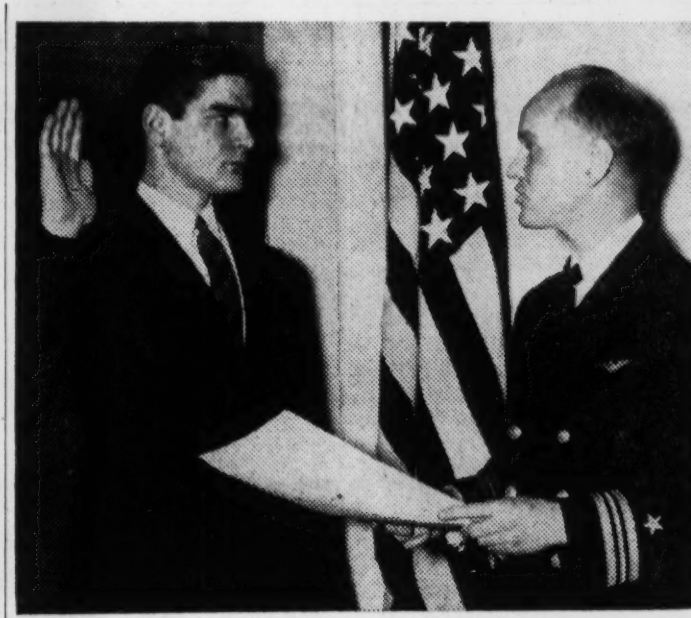

The son, Frank Lloyd Kirkman, a senior at Vanderbilt University, came here yesterday from Nashville and was accepted for flight training by Lieutenant Commander S. M. Nordhouse, of the Naval Air Cadet Selection Board. He will be sent to the Naval Reserve Air Base, near Chamblee.

Already equipped with 90 hours of CAA flying experience, young Kirkman has made Phi Beta Kappa and acquired considerable legal knowledge at Vanderbilt.

His father, Sam Mayes Kirkman, has spent 25 years in the Orient as a Standard Oil Company executive, the last 15 at Singapore. He was understood to be in the New York office to have been evacuated to Batavia before Singapore's fall.

An ex-captain of artillery in World War I, Kirkman senior immediately proffered his services to Javanese armies fighting the Japanese.

Mrs. Kirkman, a daughter, Genne, 19, and a son, Billy, eight, are near San Diego, Cal. They were not permitted to return to Singapore when, with the elder Kirkman, they ended a furlough in America in 1940. Young Kirkman has been attending American schools for the past six years.

Constitution Staff Photo—H. J. Slayton.

TO JOIN FATHER IN ORIENT—Frank Lloyd Kirkman, 22, Vanderbilt student, receives the oath from Lieutenant Commander S. M. Nordhouse yesterday as he prepares for naval flight training to follow the example of his father, Sam Mayes Kirkman, an American oil executive, now a major in Dutch colonial forces in Java. Young Kirkman will train at the Naval Base near Chamblee.

Texas - Georgia Pipeline Called 'Navy Lifeline'

Engineer Stresses Value of Line From Texas to Savannah.

WASHINGTON, Feb. 19.—(AP)—An engineer testified today that in case of an emergency, a proposed pipeline from Texas to Savannah, Ga., would be "the lifeline of the Navy."

Vincent G. Shingle, of New York, consulting engineer for the project, made this assertion before a board representing Joseph B. Eastman, director of defense transportation. The hearing was on the Trans-American Pipeline Corporation's request for a presidential proclamation holding the line essential to the national defense.

Shingle declared the line was justified both on economic and defense grounds. He said a situation might arise in which the Navy, deprived of other means of transporting fuel from the fields of Texas, Arkansas, Louisiana and Mississippi would have to depend on a pipeline to the east coast.

He said that the line would be 1,050 miles long and would cost \$23,422,000.

Questioned by Brigadier General Walter B. Pyron, representing the War Department, Shingle said it would not duplicate any existing pipelines. General Pyron obtained permission to file a brief later stating the War Department's views on whether the project would interfere with the war program.

Shingle was questioned by Frank Brown, also representing the War Department on the availability of steel for the pipe. Shingle said the shortage of pipe had eased in the last month and some manufacturers were accepting orders for March and April deliveries.

George A. Shryock, Fort Worth, Texas, petroleum engineer, said oil producers of Texas favored the line and would support it openly if they were not "afraid they will lose some of their connections."

Cooper Unworried About Border Row

Although Georgia legislators are continuing their investigation of the Tennessee-Georgia boundary dispute, Tennessee's Governor Cooper announced yesterday he regarded the quarrel as a closed chapter.

"A ruling this week by Georgia's attorney general erased any hope that state may have had in acquiring any Tennessee territory," a dispatch quoted him as saying.

Referring to Georgia's claims that 68 square miles of Tennessee territory, including Copperhill and certain parts of Chattanooga, belong to her, Governor Cooper added jokingly: "Peace has been restored at last. I have never believed that any of our territory would leave Tennessee hands."

Diggs Will Head FWA Office Here

Appointments of Reid W. Diggs as local regional representative and Irving C. Brower and Philip B. Fleming as assistant representatives to supervise FWA activity in the southeast were announced yesterday.

Diggs, who is expected to arrive in Atlanta early next week, formerly was employed as an engineering executive of the budget bureau. He is a native of Virginia.

The Atlanta regional office, it was announced, will have supervision over FWA activities in Delaware, Maryland, Virginia, West Virginia, Kentucky, North and South Carolina, Georgia, Florida, Alabama, Mississippi and Tennessee.

Court Decisions

COURT OF APPEALS OF GEORGIA. Judgments Affirmed.

Scott et al. v. Town of McIntyre et al.; from Wilkinson superior court—Judge Jackson. Edward F. Taylor, for plaintiffs in error; Victor Davidson, S. Baldwin Jr., solicitor general, contra.

Eveready Cab Company v. Wilhite; from Athens city court—Judge Oldham. Erwin & Nix, for plaintiff in error; Green & Michael, Wheeler, Robinson & Thurmond, Davis & Stephens, contra.

Macon, Dublin and Savannah Railroad Company et al. v. Stephens; from Montgomery superior court—Judge Graham. L. C. Underwood, Mallory C. Atkinson, Jones & Spauld, for plaintiffs in error; H. A. Hodges, contra.

Forrester, commissioner, v. American Oil Company, for use, from Sumter superior court—Judge Harper. Ellis G. Arnall, attorney general; Andrew J. Tuten and Claud Shaw, assistant attorneys general, for plaintiff in error; R. L. Maynard, contra.

Strickland Speaks To Griffin Club

SPECIAL TO THE CONSTITUTION.

GRiffin, Ga., Feb. 19.—"Appropriations are not going to win this war," Freeman Strickland, vice president of the First National Bank in Atlanta told members of the Griffin Kiwanis Club at their meeting here this week.

He declared that the appropriation of the 156 billion dollars by the government for purchase of the war program reminded him of the fellow "dreaming what he would do if he had lots of money to spend." Strickland amplified his remarks by saying the real job was to increase our production capacity within the immediate realm of possibility.

Some of the more encouraging phases of national defense, he asserted, were the 45 per cent increase of farm income in 1941 and great reductions in foreclosures on real estate property within cities.

**Closed Session
Of Commons
On Pacific Data****Lawmakers Will Hold
Two-Day Debate on
War Situation.**

LONDON, Feb. 19.—(AP)—The house of commons will hold a two-day debate on the war situation with special reference to the Pacific situation when it meets next, a British spokesman announced today. "In order to deal fully with the Far Eastern situation," he said, "it might be necessary for the Prime Minister to ask the house to go into secret session during the debate."

VICTORY LOAN SOARS.
OTTAWA, Ont., Feb. 19.—(Canadian Press)—Canadians subscribed \$39,140,250 yesterday to Canada's second victory loan for \$600,000,000 and brought total three-day subscriptions to \$124,576,250.**WELCOMING EDITORS**—Dr. Frank Luther Mott (left), director of the School of Journalism, University of Iowa, who was principal speaker at the annual Press Institute dinner, held Wednesday night in Athens, is shown with Dr. Harmon W. Caldwell (center), president of the University of Georgia, and John E. Drewry (right), dean of the Henry W. Grady School of Journalism.**Dudley Glass Has Fun:****Lets McKenzie Do Hard Work**

ATHENS, Ga., Feb. 19.—Nicer thing about this session of the Georgia Press Institute—for me—is having Carolyn McKenzie along to take the pictures and do all the hard work, leaving me to loaf in the hotel lobby and flirt with the co-eds.

It is one of the recompenses of advanced age and remnants of gray hair that one can speak to any girl on the campus without getting a hard look. Pretty much the usual gang is here. Several familiar faces missing, several new ones visible. Bryan Collier, for instance, Editor of the Columbus Enquirer-Sun papers, morning and evening. Old Atlanta newspaperman we'd lost track of. Bryan says Linton K. Starr, once a crack publicity man in Atlanta, but off the job a long time from illness, is doing a swell job for him in Columbus. And Paul Stevenson, another veteran, is there also. Luck to both of them.

Brian Bell Talks.
Today's important man was Brian Bell, chief of the Washington bureau of the Associated Press. But he did the reporters dirt by declaring everything he said in his speech was "off the record" and not for publication.

"What's the use," he asked, "of coming all the way from Washington to tell you people what you've already read in the papers. I want to give you a little inside stuff—as far as I can—which probably shouldn't be printed."

So he did. The Associated Press man said he thought he could persuade Bell to release some bits of

they'll grow up and work hard and pay off the last note on their dad's press before it wears out beyond repair.

It should be noted, perhaps, that Otis Brumby, president of the Georgia Press Association, arrived just in time to deliver a night address. He donned his dinner clothes—luxe, to the common people—and discovered the two black shoes he had packed were both rights. Which is what a fellow deserves who has two pairs of black shoes in this time of stress and storm. Finally he found somebody with the same size feet and negotiated a loan.

Rome High Students**Buying Defense Bonds**

ROME, Ga., Feb. 19.—A total of \$1,109.65 worth of U. S. defense savings stamps have been sold by students of Boys' High and Girls' High schools here since Christmas, school officials announce. Stamps and bonds are being sold through the Girls' Tri-Hi-Y Club and the Boys' Hi-Y Club.

Industrial and commercial firms throughout Rome and Floyd county are using a salary allotment plan to promote sale of stamps and bonds.

**33,846 Registered
In Fulton, DeKalb**

Fulton county registered 28,397 men between the ages of 20 and 44, who had not previously registered under terms of the selective service act on Friday, Saturday, Sunday and Monday, draft officials announced yesterday.

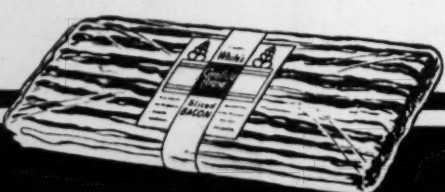

In DeKalb county 5,449 were registered. Questionnaires soon will be mailed to the new registrants, so that draft boards may begin classifying them.

William A. Howland, Atlanta representative of Time and Life magazines, told the Georgia Press Institute, meeting in Athens yesterday. Belmont Dennis, of the Covington News (left) and John Fleetwood, of the Cartersville Tribune News (center) inspect a scroll held by Howland.**Realism, Action Vital to Photos, Editors Told**

By CAROLYN MCKENZIE.

Constitution Staff Writer.

ATHENS, Ga., Feb. 19.—Action pictures, realism and consecutive pictures that tell a human interest story are the three major trends in pictorial journalism, William A. Howland, Atlanta representative of Life and Time magazines, said here today.

Addressing a round-table discussion during sessions of the Georgia Press Institute, Howland cited good examples of action and other pictures seen in the Georgia press, and said one of the greatest action shots ever made was that taken by the Atlanta Journal's photographer, Guy Hayes, at a flogging hearing before Governor Talmadge.

"This showed Assistant Solicitor Duke, of Fulton county, waving the lash which the floggers used while the Governor glared at him," Howland said. "The picture did not need any words."

He cited "almost any football picture taken by Kenneth Rogers, of The Atlanta Constitution," as a good action picture.

Howland spoke at a round table presided over by Otis Brumby,

publisher of the Cobb County Times and president of the Georgia Press Association.

Another speaker at today's session of the institute was Brian Bell, chief of the Washington Bureau of the Associated Press.

A guest of the Augusta Chronicle, Bell was introduced by William S. Morris, president and publisher of that paper. He described the Washington scene in war time, but his remarks were "off the record," and were not reported for that reason.

The editors were guests of the Columbus Ledger-Enquirer papers at a luncheon today. The luncheon was followed by a round-table discussion of modern trends in circulation promotion.

In the morning session, Captain D. J. Duval, of Maxwell Field, Ala., predicted that America will win the war with superior air power. But to do so, he said, "we must have the strongest air power in existence. The second strongest will not do."

"In the corn and cotton fields of the southeast," he said, "a vast training center has mushroomed. In a sense, it has sprung up

through magic. The magic ability of democracy to face the facts and do something about them quick—and through hard work."

Scores of editors and publishers attending the Press Institute read a resolution printed in today's issue of the Athens Banner-Herald, in which members of Demosthenian, University of Georgia literary society, urged newspapers to continue what was termed "their campaigns" to "correct the conditions of political interference" in the University system.

The resolution was adopted Wednesday night and said students had asked the Governor to "correct the condition" and "enable us to retain our accredited standing."

The resolution added that the Governor "had refused our every request and has thus proven that through him we cannot have academic freedom."

John Allen King, a member of the society, said today the resolution was adopted at the regular weekly meeting of the group and that the normal attendance of about 10 students unanimously approved the statement.

**REAL CHILI AND MEAT
IS SURE HARD TO BEAT**

Real meat and a flavor treat. That's what you get when you serve Gebhardt's Chili con Carne with Beans. Try it as a main meat dish. It's so delicious and economical.

Made in Gebhardt's spotless kitchens to bring you that matchless combination of real Mexican flavor and true American quality you'll really enjoy. Just heat and serve.

IT'S GOOD TO GET GENUINE GEBHARDT'S
GET Gebhardt's
CHILI CON CARNE
WITH BEANS**Georgia Editors Move To Pool
Their Efforts During Crisis**Special to THE CONSTITUTION.
ATHENS, Ga., Feb. 19.—The firmest tie ever to bind printers' ink-stamped brains clamped itself around the Georgia Press Association here today.

This is no somber meeting but the bull sessions are more than exchanges of convention jokes and typewriter talk. They are down-to-earth discussions of how Georgia editors can work together with national and war news coverage.

Editors know that all efforts must be pooled in war times; that they must give their knowledge-hungry readers the goods they cry for—clear-cut, comprehensive news of the nation and the war.

So the Georgia fourth estate rallied themselves into one snug box from which will emit the strongest unified public service these newspapers ever have rendered their communities.

GPA and the institute lunged from the 15-year-old youth into the full grown man as James Seymour, field representative, received the greatest number of association membership applications ever to be filed at one time and as he predicted the largest registration recorded for the institute.

Leaders of the organization linked arms to encourage a firm tie

of unified work among Georgia editors. Backing the idea were: Otis A. Brumby, publisher, Cobb County Times, and president of the Georgia Press Association; Milton Fleetwood, Cartersville Tribune-News; R. E. L. Majors, Claxton Enterprise, vice president GPA; Roy Emmett, Cedartown Standard; Albert S. Hardy, Gainesville News; H. H. Trotter, Atlanta Constitution.

News and bread are the only two things which matter in war times, according to Dr. Frank Luther Mott, director of the School of Journalism, University of Iowa.

"The bull market for news comes in war times. On the one side of the ledger we have the news boom, on the other censorship and expense."

Dr. Mott predicted a merger of many newspapers and magazines within the next few years. During the War Between the States, he said, two-thirds of the newspapers of Georgia died or merged.

"But there is a strong spirit of fight in every newspaper and magazine editor."

Every day Constitution Want Ads start many people on the highway to happiness.

Mrs. America Gets a Trim Waistline From Her Daily Defense Dozen

By Ida Jean Kain.

Venus was five feet four inches tall according to the records and whatever her weight might have been, her figure was perfectly proportioned. The average Mrs. America is the same height, but she is no carbon copy.

The big difference is in the weight distribution. Even though her curves were on the sumptuous order, the original beauty queen had a waistline that measured 11 inches less than the bust and that is just about twice as good as most women can claim for their figures.

There is no advantage either to looks or to health in having your waist measure a mere five inches or so less than the bust. The slim, supple waist is healthy.

Our daily defense dozen should by all means include a trio of exercises to firm your waist and trim it down. You can't be fit other wise. You will find this set very effective:

1. Stand sideways to a wall with feet slightly away from the wall, one arm overhead. Push this hand up the wall slowly, stretching every muscle fiber along that side as you push and pull arm through the midriff. Relax and repeat six times. Then reverse sides and reach up with the other hand.

2. For this one, stand in a doorway with side pressed against the door frame, hands grasping the frame slightly overhead. Keep

your knees straight and are your body out toward the other side of the door. The movement should be concentrated on that sideward arc and the hips should be tucked under, abdomen pulled up, so that you are in good alignment. All the pull should be on those muscles along the outer arc. Rest and repeat five times, then turn around and try it on the other side. You can put your entire weight into this exercise and it is one that really takes the inches off your waistline.

3. This is also performed with the aid of the door. Swing the door about half open, stand side ward to it, and reach up and grasp the top of the door at the corner. Stretch thoroughly through the midriff, then, very slowly, bring knee on other side up to the chest. Lower and repeat six times. Then rest and perform on other side. This stretch not only pulls your waistline slim but also tones your abdominal girdle.

It is really surprising how much a little exercise can improve your figure, especially when you are working on your waist. You can easily lose an inch in two weeks. Keep a record and tick off the inches week by week. If you don't put the changes down in black and white, you may wonder whether you're not just imagining you have lost.

A change in exercise keeps you from doing it mechanically. Send for "Waistlines and Belittles", a leaflet which will be mailed to you upon receipt of a stamped return envelope addressed to Ida Jean Kain, The Constitution, Atlanta, Ga.

MY DAY: More About The Pension Bill

By Eleanor Roosevelt.

WASHINGTON, Wednesday.—Yesterday, because of lack of space, I could not go more fully into the question of the bill for congressional pension. It seems to me fairly obvious that the principle of this bill is good. The timing may be bad; so, perhaps, it should wait until this war is over. There may be amendments which are necessary in order to prevent people from getting a pension except on an insurance basis.

It may be embarrassing to vote yourself a pension, but who else can do it? And you are voting for the future as well as the present. I think it is important to have the principle of insurance for old age established for every group of citizens, and doubly important for the public servant to be secure and, therefore, beyond temptation or threat.

I want to add this to clarify the whole situation; so much that the people are discussing today is obvious and clear.

We had a most interesting dinner here last night at which Dr. Jerome Davis and Dr. Dri Davis spoke for the Y. M. C. A. work among the prisoners of war the world over. Mr. Harper Sibley presided admirably. If I may judge from my own feeling, everyone must have gone away inspired by a realization of the work which is being done, even though it may not cover the whole range of need.

The number of prisoners behind barbed wire all over the world today is quite appalling. It did not surprise me to have both Dr. Jerome Davis and Dr. Dri Davis emphasize the fact there is such a thing called "barbed-wire sickness."

To have nothing to do mentally or physically, to know that those you love are anxious about you, to be anxious about them, and yet have no way of working toward your release, must be a horrible situation. Anything that we can do for our enemy prisoners seems to me to justify itself. We have a double incentive when our permission to help the Allied prisoners of war depends upon the work done with the enemy prisoners.

A morning of work at the Office of Civilian Defense and a most interesting talk with a young doctor in the District of Columbia who is thinking along the lines of preventive medicine. By that I mean that he believes that healthy people should have a health examination and check-up every so often, so that they need not be treated as medical cases.

By doing this we might easily prevent serious illness and find better habits of living will keep us in good health.

Style Note for a Young Miss

By Lillian Mae.

Pattern 4015.

This pair of tiny fashion plates both wear the same frock, made from Lillian Mae Pattern 4015. One wears a gay-daisy print version, with the flaring cap sleeves and the bolero-like seam of the bodice both outlined with dainty lace edging. Her fashion-twin wears the same dress in candy stripes, with puff sleeves and a white pique collar cut in the Peter Pan style. Both frocks have gathers below the center bodice panel; both frocks have little panes to match. Contrast may also be used for the side-front bodice sections, the back bodice and either type of sleeve. Make this her basic wardrobe pattern!

Pattern 4015 is available in children's sizes 2, 4, 6, 8, and 10. Size 6, flare sleeve dress, requires 2 yards 35-inch fabric and 3 1/2 yards lace trim; puff sleeve dress, 2 yards 35-inch fabric and 1 1/2 yard contrast.

Send FIFTEEN CENTS (plus one cent to cover cost of mailing) for this Lillian Mae pattern. Do not send stamps. Write plainly size, name, address and style number.

Your role in the 1942 picture is to be thrifty, yet look your smartest and prettiest. Let the colorful new Lillian Mae Pattern Book help you plan a sew-and-save program, with its easily made, promptly available patterns for every age. Trim tailored modes, gay prints, cottons, evening gowns, housewear. Charming young-world graduation, school and party clothes, too. Plus—several patterns for defense sewing. Order your copy now! Pattern book 10 cents.

Send your order to Lillian Mae Pattern Department, The Constitution, Atlanta, Ga.

Your Horoscope for Today

By ALICE DENTON JENNINGS, Noted Atlanta Astrologist.

What today means to you if you were born between:

March 21st and April 19th (ARIES)—The mental energy of yourself and those around you will be kept the entire day, but your judgment is not reliable. Therefore, this is not a favorable day for making decisions, agreements, contracts and publicity work.

April 20th and May 20th (TAURUS)—The entire morning and until 2:31 p. m. is a most favorable period for work that requires patience, seriousness, and where organizing ability is needed. Firm and lasting friendships or deals may be consummated at this time.

May 21st and June 20th (GEMINI)—You are not apt to find that life will go on an even tone today, for you will encounter surprises, unexpected happenings and change. Be prepared for not carrying out your plans as you at first intended.

June 21st and July 22nd (CANCER)—Before 9:42 a. m. you may find that you are filled with wild or romantic ideas, which should be strongly held in check. Such ideas may be in business matters, but regardless of the phase of life in which you will feel such emotions, if put into practice they will not remain on a stable basis.

July 23rd and August 22nd (LEO)—The culminating influences for today are such that that easily born carelessness, imprudence or superficial ideas, you may find that you are contacting people of this nature. With such feelings around you, be careful of a feeling of resentment, anxiety and nervousness.

August 23rd and September 22nd (VIRGO)—Previous to 12:07 p. m. you can accomplish your desires with unexpected ease. The entire day is favorable for general business, financial transactions, educational and literary matters.

September 23rd and October 22nd (LIBRA)—A number of influences predominate today, which will bring a steadiness into your life. Therefore, if you encountered dif-

ficult situations yesterday, they should be somewhat cleared up now.

October 23rd and November 21st (SCORPIO)—Instead of others working with you today, the tendency is likely to be that others will take the opposite viewpoint from your own. Discussions may easily arise. Unimportant work or routine matters will bring greater satisfaction. Be especially careful in writings, travel and property interests.

November 22nd and December 21st (SAGITTARIUS)—Those born in November and December have very likely been undergoing a time that brought them a mental strain. Very likely those people had heavier obligations, or met stronger opposition in whatever they were attempting. However, matters that require harmony, good will and that are of a refined nature may be easily carried out.

December 22nd and January 19th (CAPRICORN)—During the entire day you are apt to run into others with a belligerent attitude and you will have a tendency toward irritation and nervousness. With feelings prevalent, this is an inauspicious day for matters connected with chemical, electrical, appliances, risky undertakings, new plans and sudden changes.

January 20th and February 18th (AQUARIUS)—Before 2:36 p. m. you should keep your thoughts to yourself, for this will be a time when arguments flare up easily, and those to whom you are bound by the closest tie of affection or those to whom you feel the least of their feelings.

February 19th and March 20th (PISCES)—The entire day is more suitable for relaxing your efforts. However, you are likely to feel an impatience or try to do too much.

You may obtain as many astrological charts as you wish for your family and friends. Send in the birthdates, address, stamped, self-addressed envelope and 10 cents in coin to cover EACH birthdate.

A Basic Diet For Your Protection

By Dr. William Brady.

A diet containing those items which supply the vitamins and minerals most commonly deficient in our everyday diet may be fairly called Corrective Protective Diet, Regeneration Diet or Rejuvenation diet, without implying that it works any of the miracles suggested in the literature of nostrums and quackery or in the sensational articles by novelists and the like in kitty-corner magazines.

By corrective we mean the diet tends to correct functional weaknesses or troubles due to vitamin and mineral deficiencies. By protective we mean its protects against development of such symptoms or outspoken deficiency diseases. By regeneration we mean the diet tends to reverse degenerative changes have not already gone too far. By rejuvenation we mean preservation of the characteristics of youth, for instance, restoration of natural color to gray hair by increased intake of one of the entities of the vitamin B complex—para-aminobenzoic acid.

Here is the basic, fundamental or model health diet, on which to pattern your own diet to suit your individual requirements:

Breakfast.
Glass of orange juice 100 calories
Two eggs 160 calories
Fresh fruit 80 calories
Glass of milk 160 calories

Lunch.
One-third head of lettuce 16 calories
Tablespoonful of oil 93 calories
Two fresh vegetables 80 calories
Pat of butter 95 calories
Two glasses of milk 320 calories
Fresh fruit 80 calories

Dinner.
Meat 190 calories
One-third head of lettuce 16 calories
French dressing or mayonnaise 93 calories
Two fresh vegetables 80 calories
Pat of butter 95 calories
Glass of milk 160 calories
Fresh fruit 80 calories
Handful of nuts 140 calories
Cheese 90 calories

The diet as outlined yields about 2100 calories a day—and therefore it would be a reduction diet for the adult doing light work, which requires 2500 to 3000 calories daily; a maintenance diet for an adult doing no manual labor and taking no exercise.

Remember, it is suggested simply as a model on which to arrange your own diet according to your particular needs. In another talk we'll discuss some of the additions or modifications which may be desirable to adapt this rejuvenation diet to common requirements.

How To Plan A Visit To a Soldier

There's nothing you wouldn't do for your soldier—whether beau, son or good friend! But what to do and how to do it? Army life's different from civilian life!

"Cigarettes, candy and Hedy Lamarr" is the way one soldier told his pet wishes. And by "Hedy Lamarr" of course he meant a visit from the girl friend.

To make such a visit a delightful memory, the clever girl learns the ropes. Have his complete address (army camps are like towns) and be prepared to pay for some of the food and fun, for privates get only \$21 a month.

He'll be embarrassed, though, if you dole out a nickel at a time. Put your "fun money" in an envelope; say "Will this be enough?"

As for gifts, remember he'll hate to tell if you're sending the wrong thing. For instance, he may have to share your cake with the whole barracks, for everybody shares. That means only a crumb is left for him! But with a clue or two you can send a gift that's just right.

Send 15c (plus one cent to cover cost of mailing) for our booklet, "HANDBOOK FOR A SOLDIER'S FAMILY AND FRIENDS," to Home Institute, The Constitution, Atlanta, Ga.

MRS. HUGH W. BOWDEN.

Lovely Mrs. Bowden is the former Miss Martha Ann Morris, daughter of the late Mr. and Mrs. Robert Richard Morris, of Kingstree, S. C. Her marriage to Lieutenant Bowden took place recently at the post chapel at Fort McPherson.

Jean Muir Gives Up Social Crusade; Returns to Movies as Glamor Girl

By Louella O. Parsons.

HOLLYWOOD, Feb. 19.—(INS)—Jean Muir, who was so concerned with the problems of the masses and her dislike of movies that she walked out of Hollywood, has just put her name to a Warner contract. Most of us felt that Jean, who was young at the time, would realize that our town isn't the worst place in the world and that acting on the screen isn't as unworthy of an artist's talents as she seemed to deem it. Well, Jean is now married and has returned to Hollywood a glamor girl, instead of the crusading feminist.

In fact, it was Henry Blanke who saw her on the Warner lot and suggested that she would be very good as one of the Sanger sisters in "The Constant Nymph." So she joins Joan Fontaine and Charles Boyer and will play one of the mad Sangers whose antics were so amusing in Margaret Kennedy's best-selling novel. Warners is her alma mater.

At this writing, now-you-see-him-now-you-don't Victor Mature, after being missing for two days, showed up at the 20th Century-Fox studios. If Vic keeps on with these disappearing acts he'll be in the same class as Errol Flynn, former roaming rover from Warners. Vic returned home just in time to get himself fitted for a wardrobe for "Strictly Dynamite," a musical, with Betty Grable and John Payne.

Are you a little bit in awe of your cook? We American housewives have been accused of it—but, true or false, "Once Upon a Thursday," based on the servant problem, sounds very funny. M-G-M is making this original story by Isobel Lennart and Lee Gold with an all-feminine cast headed by Marsha Hunt, Marjorie Main, Spring Byington and Virginia Weidler. It is about a

swank Long Island household that is turned into a tempest when it is discovered that the upstairs maid has written an "expose" of high society hi-jinks. After that the whole social colony starts catering to the servants out of fear they are nursing viperous authors to their bosoms.

CHATTER IN HOLLYWOOD: Far be it from me to break news in the column to husbands about their wives—but I'm betting Script Writer George Bruce will be as surprised as punch to read that his little woman, Mitzi Macker, is testing at Republic for the female lead in his story, "Wings of the Dragon!" The reason George isn't in on this in-

teresting development is Miss Macker (or Mrs. Bruce) wanted to get somewhere on her own in her movie career before she broke the news to the head of the house. So she had George Hurrell make some glamor portraits of her—took them to head man, Herbert Yates, and pronto—earned herself a test for her husband's story.

Today's Charm Tip

Restrain that impulse to repeat the lurid rumor heard about a condition of affairs, about an individual, a leader perhaps or about anything that might serve the enemy's purpose.

POINTS FOR PARENTS

By Edythe Thomas Wallace.

Mother: "This room is yours only as long as you keep it in order without my reminding you. If you do not, you'll have to move to the little room at the back of the house."

Teach children that privileges always carry with them certain responsibilities.

Don't buy Laundry Soap

UNTIL YOU FIND OUT ABOUT THIS NEWER GRANULATED SOAP WITH

A DIFFERENCE YOU CAN ACTUALLY SEE!

JUST LOOK HOW MUCH WHITER IT IS... AND NONE OF THAT STRONG SOAP-POWDER ODOR!

IMAGINE! A SOAP WITH EXTRA-POWER FOR FAMILY WASH...YET SO MILD IT'S RAYON-SAFE!

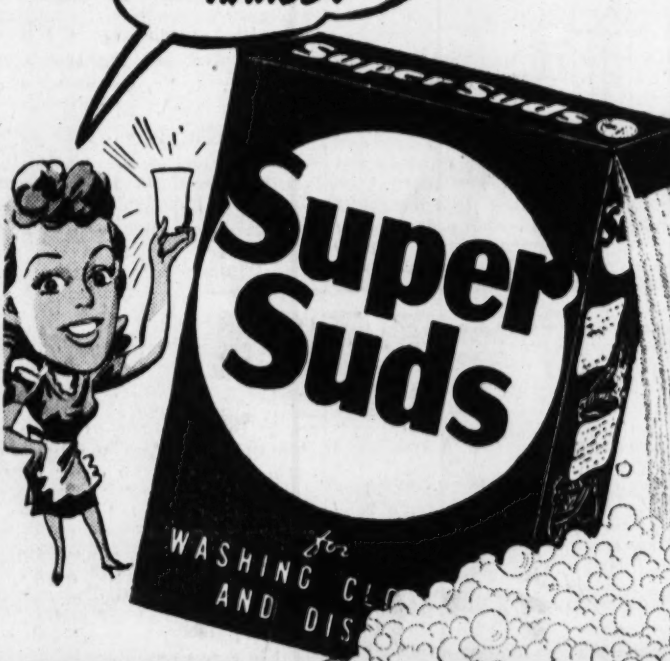

WHAT'S MORE IT'S SAFE FOR SILKS AND WOOLENS, TOO...SAFE EVEN FOR SILK AND NYLON STOCKINGS!

Amazing New 4-Purpose Super Suds

WASHES UP TO 25% WHITER WITHOUT HARSH CHEMICALS

...so supremely Gentle its RAYON-SAFE!

EXTRA SPEED IN DISHWASHING, TOO. CUTS GREASE FAST... YET REALLY KIND TO HANDS!

NOW, a thrillingly different washday soap—with a difference you can actually see! A granulated soap that's really snowy-white (not dingy yellow)—and no strong soap-powder odor!

BUT THAT'S ONLY THE BEGINNING of what you'll find when first you try this new soap innovation. For New 4-Purpose Super Suds is one soap that gives you extra washing power without harsh chemical action. Gets white clothes dazzling white—yet so gentle it's RAYON-Safe even for washable silks and woollens!

CONSIDER WHAT THIS MEANS! Now one soap—and one soap alone—for EVERYTHING IN YOUR WASH, from grimy work clothes to dainty underthings! A 4-purpose soap for everything from shirts, sheets and pillow cases to silk and nylon stockings!

BRIEFLY, here are the amazing things it does—things that women have never believed a single soap could ever do—

(1) WASHES WHITE CLOTHES up to 25% whiter than less efficient soaps—without harsh chemical action. Soaks out dirt in as little as 8

minutes, without hard rubbing or boiling... (2) WASHES DAINTY RAYONS safely in a way that Better Fabrics Testing Bureau officially recommends...

(3) LAUNDERS WASHABLE SILKS and woollens beautifully without need for costly "extra" soaps. Colors stay fresh and bright... (4) WASHES DISHES sparkling with extra speed—in a way that's really kind to hands!

SO NO MATTER what soap you've used in the past—no matter if you've used the old Super Suds for years—try this New 4-Purpose Super Suds without delay.

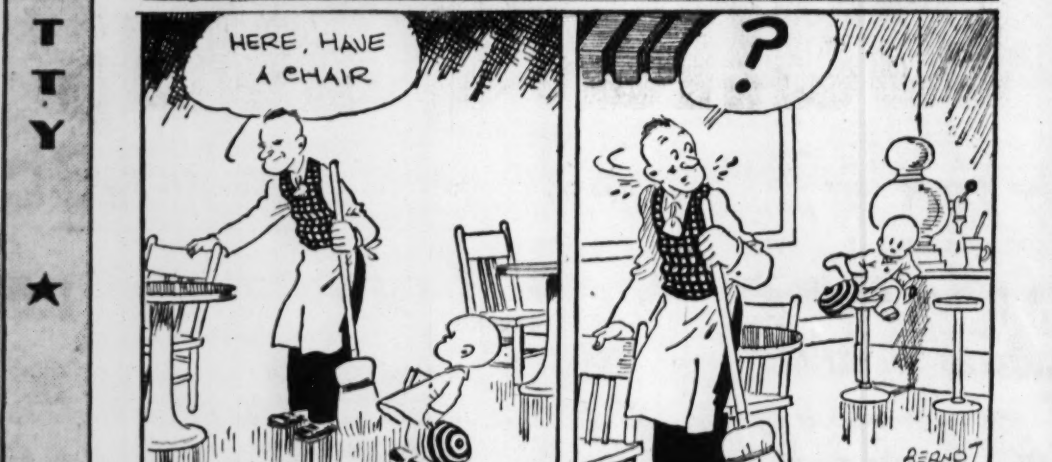

SEE FOR YOURSELF how it explodes the old idea that a soap must be harsh to get white clothes dazzling white! See how it puts so and to the need of buying expensive, so-called "fine fabric" soaps for dainty underthings and woollens.

ONCE YOU SWITCH to the New 4-Purpose Super Suds you'll never switch again... Your dealer has it in the big blue box right now. Get New Super Suds today!

... TO WASH WOOLENS, follow Rayon-washing instructions on Super Suds box, but test for color-fastness in soapy water instead of plain.

NO CHANGE IN THE BIG BLUE BOX—BUT WHAT A DIFFERENCE IN THE SOAP!

Red Cross Leader
Is Called to Army

Special to THE CONSTITUTION.
VIDALIA, Ga., Feb. 19.—Gaylon B. Harvey, Georgia representative for the American Red Cross organization, has received orders to report for duty in Washington with the United States Army. Mr. Harvey holds a commission as lieutenant in the Reserve Corps.

Orders were received while he was in the regular course of business as Red Cross representative. Since his assignment to the Georgia territory, he has organized Red Cross work on a war basis.

FOR BETTER LOOKING SHOES — USE

AROUND Atlanta

Members of the H. O. M. E. will hold a party from 8 o'clock to 10 o'clock tonight at the Holsum cafeteria, 185 Peachtree street. The public is invited.

Appeal for men's shoes, in sizes from eight-and-a-half to nine-and-a-half, was made yesterday by the Fulton county welfare board, which said the items are badly needed. Persons wishing to contribute shoes are urged to contact the board at once.

Twenty-first anniversary of the founding of the Atlanta Lions Club will be celebrated at a "coming of age" dinner party tonight at the Atlanta Woman's Club. A special program will include a historical sketch of the club, presented by Wade Wright; musical numbers by George Waters and the Lions Club Quartet, and a birthday ceremony arranged by the Woman's Auxiliary of the club. President E. L. Gunn will act as master of ceremonies.

Contribution of \$100 by the Hawthorne Garden Club was received at Red Cross headquarters yesterday. The club, of which Mrs. John T. Carter is president, raised the money at a party held Tuesday night at the Walden M. Slaton Post No. 140, American Legion, clubhouse on Powers Ferry road.

Atlanta Masonic Club will meet at 12:30 o'clock this afternoon at Rich's tearoom. Weaver M. Marr, Boy Scout executive, will be principal speaker.

Captain John Vincent Babcock, U. S. N., will speak on "Submarine Warfare" before Atlanta Post No. 1, American Legion, at its meeting at 12:30 o'clock this afternoon at the Legion House in Piedmont park.

Atlanta department store sales were seven per cent higher in the week ended February 14 than in the corresponding week last year, the Federal Reserve Board announced yesterday. Throughout the country they averaged 19 per cent higher, Richmond, Va., leading with a 33 per cent increase.

New altar for the Pythagoras Masonic Temple, No. 41, F. & A. M., Decatur, will be presented and dedicated at 7:30 o'clock tomorrow night. The presentation will be made by the Past Master's Club, Decatur chapter No. 148, Order of Eastern Star. Zach Arnold, Masonic grand master of Georgia, will deliver the dedicatory address.

Lee Roosevelt Camp No. 6, United Spanish War Veterans and auxiliary have cancelled the meeting scheduled for February 22 so that members may attend the defense rally to be held that afternoon at the city auditorium, Commander James T. Woodward announced yesterday.

At the City Hall

Mayor LeCraw yesterday offered the services of the newly created Atlanta Industrial Commission to members of the United States cabinet. The purpose of the group is to obtain defense industries for Atlanta, the metropolitan area and Georgia. He sent letters to Harold Ickes, secretary of the interior; Frank Knox, secretary of the Navy; Henry Stimson, secretary of war; and Claude R. Wickard, secretary of agriculture.

Labor foremen are in demand by the city, and the city personnel department yesterday opened application lists for those qualified to supervise crews. The pay ranges from \$108 to \$130 a month. Entry lists close at 1 p. m. March 7.

Two city department heads—Dr. Willis A. Sutton, school superintendent, and Dr. Moss Beeler, Grady hospital superintendent—will make more money than the mayor of Atlanta for the first six months of this year, that is, while the 10 per cent bonus for employees is effective. Salaries of both are \$7,500 a year, but they both got the bonus. LeCraw's salary is \$8,000 a year but no bonus was voted to the mayor or the 18 members of council.

Prospect that the row between theater managers and owners and operators of motion picture machines will be submitted to the municipal mediation board, headed by Preston S. Arkwright, was seen yesterday when contending parties notified Mayor LeCraw they want the dispute settled by arbitration. If the mediation group takes over the issue before this afternoon, an examination to qualify other operators may not be held, it was predicted.

at the COURTHOUSE

Fulton county farmers were urged yesterday by County Agent S. D. Truitt to repair farm machinery so that it won't have to be replaced. Steel for new machinery is needed for the war, he said.

Petition sent to the Fulton county grand jury yesterday by the Child Welfare Association urged mileage rate for relief be increased to 2 3/4, as requested by the Fulton county department of public welfare. Failure to provide matching funds of 5 per cent has caused the county to lose \$45,000 a month in state and federal funds, the petition said.

Judge Clarence Bell, of Fulton civil court, will speak at the annual Laymen's Day, February 22, at Hagood Methodist Memorial church. It was announced yesterday. The day will be observed throughout the United States.

James H. Barfield, of the Atlanta fire department, was not the person named in The Constitution as the person indicted by the Fulton county grand jury on the charge of larceny of an automobile.
